You may not think so, but that's what happens to everyone of us when the kidneys are affected. The kidneys are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and the health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory organs. No medicine will clean up the system, tone the blood, make you feel fit and fine as quickly as Dr. Hamilton's Pills. Useful and needed in every home. Street Baptist Church as Chaplain to the council offered prayer and on request addressed the council. He referred to the moral obligation which each owed to his district. Speaking of matters of world interest the chaplain made reference to the Peace Conference now sitting in Washington and to the pride which all could feel in the stand which the British delegates had taken in regard to submarine warfare. The year 1922 bade fair to go down in history as the Peace year. Rev. Mr. Warren also referred to Canadian affairs and to the change in government resulting from the General Election. New hands were on the helm and the coming year would test them.

Election of Warden

On the motion of Coun. Walker, Coun. Dougan was put in nomination for Warden. There was no opposition and the election was unanimous. Ex-Warden Brewer welcomed the Warden to the chair.

Warden Dougan thanked the council for the honor conferred upon him. He made a plea for transaction of the county's affairs in a businesslike manner. The rules of order should be observed and the new members should be given an example.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjings" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
