TO SHOW STOCK AND PRODUCE AT THE ROYAL FAIR

First Exhibition of Kind at Toronto in November—Cattle Potatoes and Apples From N. B.

The Royal Fair, for the first time will be held in Toronto from November 22nd to 29th, and will be open to exhibits from all over the world. The exhibition which is international in nature was to have been held in Toronto last year but the buildings were not completed and it was necessary to postpone the holding in this country. The exhibits will be drawn chiefly from Canada and the United States but all are eligible, and the Department of Agriculture of the province of New Brunswick is planning an exhibit of livestock, potatoes and fruit. The Dominion and Province are co-operating and each will bear one half of the expense in shipping livestock from New Brunswick to Toronto, in car-load lots under approval of the Provincial Live Stock Superintendent.

Good Livestock

The province will also assist in the transportation charges arising out of shipments of fruit and potatoes and good ones are expected. J. Bremner, Director of the Provincial Live Stock Branch stated today that he expected to have exhibits of Holsteins from the herd of R. L. Hicks, Dalhousie Junction and Aryshires from MacIntyre Brothers, of Sussex with possible a small number of Jerseys.

Potato Exhibits

The potato exhibit will be made up from the first and second prize certified fields and the first and second prize uncertified fields in each County. Thus each county will have four exhibits at the Fair. The difference between certified and uncertified potatoes is that one is certified by the Federal Department to be absolutely free from disease and the other is not. There will also be a ten-bushel exhibit of certified seed potatoes from the province and these will consist of the very best that can be obtained. Competition will be keen but it is expected by the Provincial officials that the New Brunswick products will be able to hold their own with anything that can be produced on the continent of North America at least.
