

BIG GAME SEASON AWAY TO GOOD START

MANY SPECIAL LICENSES IN TOBIQUE REGION

Thirty or Forty Now in Woods
—Others Expected—Sever-
al Parties Have Arrived
Here.

Charles Cremin the well known guide returned on Saturday from a trip to his camps on the Nepisiguit River. He had had a very busy season with fishing parties and has many engagements for the hunting season.

Mr. Cremin says that there are between thirty and forty sportsmen now in the woods on the Tobique, which is about the same number as hunted there during September of last year. He says that so far as he can tell the increased license fee of \$25 for September has made little or no difference. It may eliminate a few sports men of the cheaper class but others are perfectly willing to pay it. He says that the strike situation in the United States at the present is the most severe draw back. It prevents sportsmen from making their plans very far ahead, and some have been compelled to postpone their trips until later in the season.

Last week a party of five Americans arrived at Plaster Rock by the Transcontinental, and took out licenses on their arrival for which they paid \$75 each. Several other parties arrived at Fort Fairfield by train and motored to Plaster Rock.

Mr. Cremin has seven people now in the woods and he is returning up river this week to meet another party.

INDIAN BEER PUT TWO OF RED MEN IN COURT

LIVELY TIMES AT SPRINGHILL

Molasses, Potatoes and Yeast
Produce Liquor that "makes
a Feller Drunk All
Right."

Indian Agent B. J. Griffiths and Liquor Inspector Saunders were called to Springhill yesterday to quell a disturbance among some Indians who are camped there. It seems that the Red Men have rented a house at that place and have been carrying on a beer manufactory. A jug and a bottle containing rather doubtful appearing liquid were brought to the city along with the two Indians who were lodged in the Police Station over night.

In Court Today

Today they appeared before Police Magistrate Limerick and one of them George Sappier, was charged with manufacturing intoxicating liquor. It is alleged that the liquor was made on the premises, Inspector Saunders went on the stand and told of his trip to Springhill and of seizing the wet goods. Mr. Griffiths then called Joe Polches, the companion of Sappier, who stated among other things that the beer in question "makes a feller drunk all right" but declared that he was not drunk although he had been drinking. He stated that the liquor was made from molasses, potatoes, water and yeast cakes. Sappier cross-examined Polches, and asked that he be allowed to call two other witnesses. For the purpose of his having them present the Magistrate remanded the prisoners until tomorrow.
