POPULAR YOUNG COUPLE WEDDED AT THE CAPITAL

(Ottawa Citizen.)

A marriage of widespread interest took place on Wednesday afternoon in St. George's Anglican church, of Miss Gladys Wetmore Fitzgerald, only daughter of Mrs. and the late Judge F. Fitzgerald, of Port Arthur, Ont., and granddaughter of the late Hon. A. R. Wetmore, judge of the Supreme Court of New Brunswick, one time premier of the province to Paul L. Kuhring, Ottawa, son of Rev. Canon G. A. Kuhring, of Toronto.

Rev. Archdeacon J. M. Snowden, rector of St. George's officiated.

The bride who was given in marriage by A. G. Blair, K. C., was attended by Miss Elizabeth Blair, a cousin. Mr. Henry F. Morrissey of St. John, N. B., was the best man.

A coat dress of navy blue pique twill with black velvet hat trimmed with coque feathers were worn by the bride. She wore a string of pearls a gift from the groom and her corsage bouquet was a roses.

The bridesmaid was dressed in black Canton crepe with a black picture hat of velvet and she wore a bar pin, the gift of the groom. Ophelia rosebuds were worn.

Owing to illness among relatives on both sides the ceremony was of a quiet nature.

Mrs. Kuhring, mother of the groom Toronto, and Mrs. William Downie, Whitby, Ont., an aunt of the groom were present for the ceremony.

The couple have left for a wedding trip to Ste. Jovite, Que., after which they will return to Ottawa and take up residence at the Vimy Apartments.

(The bride is a niece of Mr. A. R. Wetmore of this city and is well known here. The bridegroom who is a native of St. John is also well known here.)

POOR RICH BOY TURNS BURGLAR

Chicago, Jan. 22—Thomas Lansing 17, son of a millionaire, turned burglar for the adventure that was in it, he told the police.

Lansing and his pal, Elmer Schneider, 20 were arrested by police for breaking into a north side drug store and taking \$50 from the cash register.

Lansing's father, R. U. Lansing, formerly president of the National Bank, here came from New York, and after intervening on behalf of his son, the youth was re-booked on a technical charge of disorderly conduct.

"I grew tired of being a gentleman and it is no fun being a millionaire's son," the youth told Judge Soyler when arraigned in court. "I didn't care about the money, but I liked the adventure."

GOOD SHOW AT THE CAPITOL

"Burning Sands" is the feature Picture Play at the Capitol for the first three days of this week.

The story which is an adaption by Olga Printza and Waldemar Young from the novel of the same name by Arthur Wiegall. There are sheiks to the right of you, sheiks to the left of you, good ones and bad, pursued and pursuing. There are plots and counterplots, intrigues and romances, with the main interest centered about a young Englishman who turns his back on society and hies himself into the middle of the great Sahara to carry out his theory of life that self-control is a man's first duty to himself. Milton Sills is the English philosopher and Wanda Hawley is the Commissioner's daughter with whom he falls in love. Robert Cain is the villainous secretary and the cast also includes Louise Dresser, Jacqueline Logan, Albert Roscoe, Cecil Holland and Winter Hall.

WOMENS SHOES MORE FUSSY

Chicago, Jan. 22—Women's shoes are to be more brilliant, colorful, beaded and embroidered than ever before. It was revealed at the opening of an exhibit here of the National Shoe Retailers' Association.

Two color effects, low heeled sandals, low shoes with many straps and beaded and embroidered fan tongues and dress slippers of beaded and embroidered satin will predominate, it was forecasted.

May Fight Monopoly With U. S. Competition

Ottawa, Jan. 21—No time will be lost in getting under way the royal commission's inquiry into the alleged monopoly in the fixing of freight rates and cargo insurance on the Upper Lakes. It is expected that an organization meeting will be held in this city some time this week, and that almost immediately afterwards the probe will be begun in Montreal the investigation will be in connection with the effect of the alleged monopoly on such commercial organizations as the Dominion Millers' Association which took an active part last fall in the representations made to Hon. James A. Robb, minister of trade and commerce and later to Hon. Charles Stewart acting minister of that department.

Winnipeg, however will be the principal centre for the taking of evidence by the royal commission composed of Dr. S. J. McLean, Levi Thompson and General L. T. Tremblay. It was on the Winnipeg Grain Exchange that most of the alleged monopolistic activities of the shipping company in question were most evident, and it was on that exchange that, it is alleged, Julius H. Barnes,

one of the leading grain dealers of the continent, found impossible to arrange for insurance on his cargoes outside of the agencies provided by the shipping company mentioned in Mr. Preston's report.

May Use Competition.

It is believed that it may do as much if not more than the wheat board still urged especially by Manitoba and Saskatchewan, to secure a better return to the farmer of the market price of his grain. The government is determined to do all in its power to curb monopolistic shipping facilities, as was indicated more than once by the warnings uttered to those companies last fall by Messrs. Robb and Stewart.

The legislation promised by the government this session will make it possible, either directly through an act of Parliament or indirectly through an order-in-council empowered by that act, to suspend the Canadian coastal laws and open the Canadian ports to American competition thereby providing a ready weapon against any attempt to enhance unduly the cost of carrying grain and insuring the cargoes.

TIGER NOT YET READY FOR GLAND SURGERY

Paris, Jan. 22—Since Dr. Voronoff began gland operations in Paris the price of chimpanzees has jumped from 400 to 4,000 francs each.

A mission which went to Africa on a purely commercial venture captured 100 monkeys but only twenty survived the trip to Havre and are now held for the surgeon.

Dr. Voronoff said he still was operating free though the client must provide the 4,000 francs for the monkey.

Apropos of his professional activities among prominent men Voronoff is quoted as having asked Georges Clemenceau if he could operate on him to which the Tiger replied "not yet."

GERMAN MARKS GO BEGGING

New York, Jan. 22—it takes just \$50 in United States money today to become a millionaire in German marks.

Theoretically, the American dollar could buy 20,000 marks in the foreign exchange market, but practically little or less than million share lots. At pre-war prices 20,000 German marks would have been worth \$4,750.

Saturday's quotation for the mark which technically was given as .005 cents, represents an extreme low record, and compares with .01395 cents on the first of last year; .08 cents last September and last year's high price of .6025 cents. The pre-war price of the mark was 28 cents each.
