30 BILLION GOLD MARKS IS THE LIMIT

Berlin, March 16—The basic principles upon which Germany now is ready to resume reparations payment were outlined authoritatively to the United Press to-day. They are:

(1) Appointment of a commission to establish Germany's ability to pay and to fix limits to the reparations.

(2) A series of international loans similar to those proposed by Dr. Carl Bergmann at Paris and from these the reparations will be paid.

(3) The amount to be paid cannot exceed approximately 30,000,000,000 gold marks.

The Cuno Government considers ridiculous the unofficial French proposal that Germany pay two and a half billion marks annually for the next thirty-five years.

SYSTEMATIC CATARRH

A bad case of Catarrh is not an easy thing to treat, and a remedy that makes good deserves great credit. Catarrh is certainly fixed up Chas. H. Webb, who writes from Woodstock: "For a number of years I was troubled with Systematic Catarrh. Nothing helped me very much. I used Catarrh Inhaler and got relief. To build up my system I used Ferrozone. This combination can't be beaten. They made me well." Your case may also be bad, but Catarrh will do for you what it did for Mr. Webb. Two months treatment \$1.00, small size 50c. treatment \$1.00, medium size 50 cents small size 25 cents.

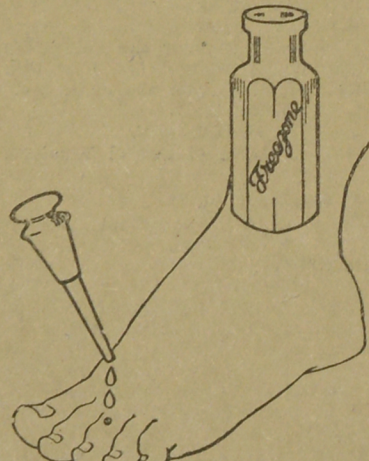

FINED UNDER AN OLD LAW

Paris, March 14—Shopkeepers in the Bordeaux region have just found out to their detriment that laws drawn up and passed in the days when kings reigned in France can still be enforced. The information was tendered them by a republican court which imposed heavy fines because shopkeepers, particularly two butchers, closed up their places without giving any notice or justified their reason for doing so. The only excuse the butchers could make was that they were dissatisfied with the decree fixing the price of meat and so had closed their shops as a protest.

The matter was taken to one court and another and was finally settled when the public prosecutor discovered a law, dated 1776 and signed by Louis XVI, which decreed that all merchants who closed their shops without giving a year's notice or had a reasonable excuse for doing so were liable to imprisonment and a fine of 1,000 francs.

The First Bill Passed In House Yesterday; Week End Adjournment

The Legislature yesterday had a rather quiet day and adjourned for the weekend after passing one bill and reporting progress in several others. The bill which was passed provides for an extension of time for completing the St. John and Quebec Railway from Centerville to Andover until December 31st 1925.

Hon. Mr. Veniot on a question of privilege stated that he had a conversation with Rev. W. A. Goodwin who had assured him that his speech at Hartland on prohibition had not been correctly reported in the press. The Rev. gentleman had assured him that he had cast no reflections on the Premier.

The annual report of the comptroller General was laid on the table and was reported to the committee on Public Accounts. It is expected that Hon. Dr. Hetherington, Provincial Secretary Treasurer will bring down the budget early next week.

Assembly Chamber, March 16, 1923. The House met at three o'clock. MR. VIOLETTE from the committee appointed to present the Address to His Honor the Lieutenant Governor announced that committee had performed its duty and he submitted to the following reply, which was read by Hon. Mr. Speaker:

Fredericton, N. B., March 15, 1923. Mr. Speaker and Gentlemen of the Legislative Assembly:

I thank you for your address and beg to assure you that I entertain the fullest confidence that in all your deliberations you will be guided by a most earnest desire to promote the happiness and prosperity of the people of this province.

WILLIAM F. TODD,
Lieutenant Governor

MR. SCOVIL presented the report of the committee on standing rules. HON. MR. VENIOT introduced a bill to authorize the town of Bathurst to issue debentures, also a bill to authorize the said town to make temporary loans each year to an amount not exceeding \$40,000.

MR. FLEWELLING introduced a bill to authorize the town of St. Stephen to issue debentures, also a bill to further amend the act relating to the St. Stephen Water System.

MR. SCOVIL introduced a bill to authorize the town of St. Stephen to fix the valuation for assessment purposes of the Queen Theatre, also a bill to amend an act authorizing the Town of Milltown to borrow money temporarily.

HON. MR. BYRNE introduced a bill respecting live stock and live stock, as to whether it came within some doubt having arisen regarding the Provincial Act relating to live

stock, as to whether it came within the scope of the Legislature or Dominion Parliament, it had been decided in order to remove that doubt that the act of the Federal Parliament be supplemented by the Provincial Legislation.

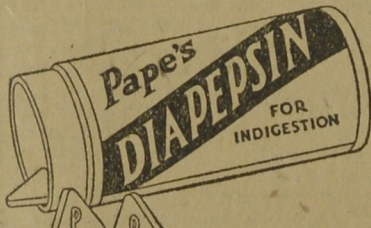

MR. DIOTE rose to a question of privilege and explained that he had made a slight error yesterday in a statement he had made with reference to road work in Restigouche County. He had said he did work on the roads during the season of 1921 and he did not think it was much of a crime. He said that the commissioner was short of teams and had asked him to help him out. At that time he did not think that he was a member of the Legislature, the court having decided that his seat was vacant, and he thought he might as well earn some money.

Notices of enquiry were given for Wednesday next as follows:—

by MR. YOUNG: As to road work in the County of Northumberland during the last fiscal year, and as to road and bridge work in St. John County, during May, 1922. Also as to work done on the South Bay Bridge

during the by-election and the cost of the same.

By MR. RICHARDS for Mr. Dickson: As to what roads came under the supervision of W. B. Flewelling in Kings County and as to what position is held by S. F. Flewelling. Also as to the quantity of Musquash current that has been applied for and the rate per kilowatt hour.

By MR. PECK: As to whether any licensed vendors had been appointed in the Parish of St. Martins, also as to how many vendors under the Prohibition Act in St. John were convicted in 1922 for violations of the Act, and if they still held their licenses.

HON. MR. VENIOT said he wished hon. member opposite to understand that it was not customary to submit enquiries on matters contained in the Public Works report until that report was brought down in the House.

MR. FLEWELLING gave notice that on Tuesday next he would move for the suspension of the rule to permit of the introduction of a bill relating to the Town of St. Stephen.

HON. MR. ROBINSON gave notice that on Tuesday next he would move for the suspension of the rule to permit of the introduction of bills to amend the New Brunswick Pharmaceutical Act, and relating to the Highfield Street Baptist Church, Moncton.

Prohibition Enforcement

HON. MR. VENIOT rose to a question of privilege and said that he would like to make a brief reference to a matter to which he had called attention yesterday. He had referred to a speech delivered at Hartland by Rev. H. A. Goodwin, as reported in the St. John Telegraph. He said at the time that he hoped the report was not correct. He had since met the Rev. gentleman who had fully explained what had taken place at the meeting. A statement by Rev. Mr. Goodwin had appeared in today's Telegraph, and when he gave out that statement he (Veniot) did not believe he was aware of what had appeared in the paper in reference to his meeting, or what had been said in his statement to the House. The Rev. gentleman in conversation explained that in his speech that he had in no way reflected on the attitude of the Premier and had not said that a member of the liquor commission was concerned in the incident he had related. In his interview with the Telegraph he said that a young man who claimed to represent the Liquor Commission had called on the vendor and told him to get busy as the government needed the revenue. He (Veniot) was glad to accept the Rev. gentleman's word and considered it his duty to make a statement on account of the incorrect report that had been published.

The First Bill

The House then went into committee with Mr. Hayes in the chair and took up consideration of a bill to amend the act relating to the Provincial Hospital.

HON. MR. BYRNE said that as it was his intention to submit some amendments he would ask that progress be reported.

A committee next went into consideration of a bill to extend the time for completing the St. John & Que-

bec Railway from Centerville to Andover until December 31st, 1925.

HON. MR. BYRNE, replying to Mr. Richards, said that the bill was merely a duplication of a previous act.

MR. WARNOCK said that he understood that the railway was to be extended to Grand Falls and he wanted to know why that was not set forth in the bill.

HON. MR. BYRNE said that when the original bill was before the Legislature in 1910 the opposition of that day had sought to have the road ex-
