NORMAL BEAT FREDERICTON HIGH FRIDAY

Score was 22 to 20, the Normal School Team Winning in Final Half Minute — Tied in the Standing.

The local matches scheduled in the New Brunswick Interscholastic Basketball League were finished Friday afternoon when Fredericton High lost to Provincial Normal in the closest match yet played here. The score was 22 to 20, Normal winning in the last half-minute. The result was rather unexpected but Normal put up a good game and in the second period particularly had the better of the match. The latter was played in the Normal gym.

The first period ended with Fredericton High leading 17 to 9. In the second period Fredericton added but three points to their score. Steeves Linton and Gupill were the outstanding players for the winning team. Several times during the game the score was tied. Finally Normal took a lead of a goal and a penalty throw making the score 20 to 17. Hickson with a penalty and Boyd on a throw from the floor tied up the score again in the last thirty seconds Steeves scored for Normal.

The summary is as follows:—

St. John High and Rothsay Collegiate play today in the last match of the league. The result will not influence the standing.

STATUE FOR HOCKEY TROPHY

Pittsburg, March 16—Frank Vittor, Pittsburg, sculptor was coaxed into going to a hockey game one night and what he saw caused him to marvel. He began "making" Herb Drury one of the greatest hockey players of all times, a member of the Pittsburg team. The statue has been presented to the United States Amateur Hockey Association by the sculptor and will be used as a permanent trophy for the association champion to be awarded each year. In other words, it is to become the "Davis Cup" of hockey. The trophy may be awarded the winner of the Boston-St. Paul series.

ECZEMA, HANDS WERE RAW, WOULD CRACK AND BLEED

Eczema or Salt Rheum as it is commonly called, is one of the most agonizing of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed.

The pre-eminent success which Burdock Blood Bitters has met with in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

Mrs. M. R. Willard, Dudsell Jct., Que., writes:—"For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed so that I could not do my housework. I tried everything I could think of without any results. At last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were all well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough."

NEW WORLD BODY FOR TENNIS BEING FORMED

English Likely to be the Official Language of the Game — Meeting Now Being Held at Paris.

Paris, March 16—A new world tennis organization is to be founded at conferences to adopt a new standard international code and reframe by laws of the old International Lawn Tennis Federation in such manner that the United States and other Nations may become practical working members. A majority of the points which have been at issue have been settled by correspondence and every objection heretofore made by the American organization has been removed so that the world championships will become much more flexible in their nature, going to the member countries with the best teams. The previous world championships are to be scrapped it is already agreed in principle with the new organization recognizing the various National championships now held in cluding those of the United States.

One of the important new regulations will be admission of the American demand that players coming to the United States may have their expenses paid.

There will be no dispute over the question of who shall make the rules in future it is asserted as it is planned to dissolve the old International Rules Board as soon as the Americans enter and transfer the powers of that board to the International Lawn Tennis Federation itself.

The French are prepared they stated today to accept the English proposal that the English language be forever used as the official text of the organization. Among the countries represented are France, Belgium, England, Switzerland, Denmark, Holland, South Africa, Canada, Australia, New Zealand, Argentina and Spain. No word has yet been received as to who the delegate of the United States will be.

BOSTON MARATHON COMING

Boston, Mass., March 16—Entry blanks for the 27th annual American Marathon run under the auspices of the Boston Athletic Association, April 19, yesterday made their appearance. Owing to the 1924 Olympics and the doleful showing America has made in Marathon running in the world classic more significance than ever attaches to the race this year.

The unusual weather conditions of the winter, heavy snows and the ice strewn roads have been holding up the training activities of the local distance field. The same thing is true in most parts of the country with the exception of the Middle West. Several Canadian stars always feature entrants in the local race have been doing their training on snowshoes. The idea might be copied around here for the lads must begin working right away if they intend to get anywhere. The usual instructions and information accompany the entry blank for the race. The 25-mile course opens near Stevens Corner on the Hopington Road about a mile beyond the Ashland depot and finishes in front of the B. A. A. clubhouse.

OFFERS MADE FOR BROOKLYN

New York, March 16—Bidders for the Brooklyn National League baseball club or at least the half interest owned by President Charles H. Ebbets promise to become as numerous as rookies in the Dodgers training camp at Clearwater, Fla., if the present influx of prospective buyers continues. A second proposition for the purchase of the club's franchise and property was made Ebbets by Maurice Straus, Brooklyn real estate operator. An offer of \$500,000 for the club, made on behalf of Edward F. Simms, wealthy Kentucky oil operator and turf man was revealed. Ebbets, however declared the price was unsatisfactory.

PERFECT BABY LOSES A FOOT

Cleveland March 16—"Jimmy Hardin, who at 3 was declared Denver's perfect baby, in a contest, woke up in Lakewood Hospital with his left foot amputated at the ankle.

Rumping home from school "Jimmy" raced with a passing railroad train. He reached up and grasped an iron step, and in a flash was whirled underneath. He struggled out, but his foot was caught and crushed. The boy lay still and did not even cry. He gritted his teeth and said, "please don't tell mother."

The First Bill Passed In House Yesterday; Week End Adjournment

Continued from Page Two tended to Grand Falls, but the legislation did not pass the House. The bill was agreed to.

The committee next took up consideration of a bill respecting liens and chattels and reported progress on the same. Consideration of a bill for the quieting of titles was next taken up.

Quieting of Titles

MR. RICHARDS said that as the bill was new legislation he would like some information as to why it was brought forward and if it was in operation in other provinces.

HON. MR. BYRNE said that similar legislation was in force in the Western Provinces and also in Newfoundland. With that precedent he thought it could very well be adopted in New Brunswick. It seemed to provide an easy and inexpensive method for the quieting of titles. Under the proposed legislation owners of land or those claiming to be owners could apply to a judge and have the title judicially determined. He considered the bill one of considerable importance to property holders. He could not say that it had been endorsed by the Board on Legislative Uniformity and it was not necessary that all legislation should be, but he realized that as far as possible legislation should be similar to that of other provinces. He felt that the bill should be allowed to pass as it would be the means of saving protracted litigation and expense.

MR. RICHARDS said that he had little knowledge respecting the bill and its practical application. They had a committee on Uniformity of Legislation which was an excellent body and appointed for the purpose of securing uniformity of legislation in the English speaking provinces. He thought that in the case of new legislation that the committee might be notified, for while they had similar acts in other provinces it might be questionable whether it was necessary in New Brunswick. He was not opposing the bill but wished to point out that methods adopted to avoid litigation were not always effective.

HON. MR. BYRNE said he was glad that the hon. member was not oppos-

ed to the bill. With a view of improving it he would be glad to have suggestions from hon. members opposite. He would be pleased to have progress reported and submit the bill to the Board on Uniformity of Legislation before it was finally passed.

MR. RICHARDS speaking to a subsection concerning the filing of documents, said that the phraseology was not entirely clear to him.

HON. MR. BYRNE said that he would agree entirely with his hon. friend in the matter of amending the phraseology. For his own part he thought the sub-section was clear.

MR. SCULLY said that he understood that in some states and provinces it was possible to get a clear title to property from the Record Office. In his own experience there was a case of a mortgage which had been running for forty years on property without his knowledge. It had been discovered by an Englishman who was intending to purchase, but who took the precaution to search the records.

HON. MR. BYRNE said that in this province the only body which could decide a title was the Courts. If a dispute occurred action must be brought. Possibly the system of conveyancing which was in effect in the western provinces might be adopted. The Act under consideration would cover just such cases as that referred to by the hon. member for St. John city (Scully).

MR. RICHARDS moved an amendment which would cover his objection. The Committee arose and reported progress.

HON. MR. VENIOT submitted the report of the New Brunswick Electric Power Commission. The report of the Hon. Minister of Public Works, the report of the Comptroller General.

HON. MR. VENIOT moved that the report of the Comptroller General be referred to the Committee on Public Accounts, also that 200 copies of the Journals be furnished for use of the hon. members of the House, and that the time for filing private bills be extended up to and including Tuesday, March 27th.

Adjourned at 5.00 p. m.

CORPORATION TO PROMOTE N.Y. BOXING

New York Giants Directorate Largely Represented — Already After Firpo to Meet Herman.

New York, March 16—A \$500,000 corporation has been formed to conduct boxing bouts at the Polo Grounds home of the New York Giants, and to be controlled largely by directors of the ball club it was announced by Tom O'Rourke boxing promoter. He will be matchmaker of the new organization. Papers of incorporation were ready to be filed at Albany. A \$25,000 purse has been offered to Luis Angel Firpo for a match between him and Jim Herman of Omaha, Neb. June 2.

The club to be known as the Polo Grounds Athletic Club has on the grounds now canceled by mutual consent. The Republic Club will seek the privilege of conducting bouts in the 22d Regiment Armory.

Mr. O'Rourke will resign as match maker at the Republic Club to perform the same function for the new organization.

Matches between Eugene Ciriui and Johnny Kilbane for the world's feather weight championship which he has arranged for June 2, and between Pancho Villa and Jimmy Wilde for the world's flyweight championship at a date to be decided upon will be staged at the Polo Grounds as originally planned, Mr. O'Rourke said. The new corporation said Mr. O'Rourke will be a subsidiary of the National Exhibition Company and he as matchmaker will occupy a position in the boxing phase similar to that of John J. McGraw as vice president and manager of the baseball club.

SPANIARDS LAST ENTRY FOR THE DAVIS CUP

Spain Last Year Reached Final Round Against Australia—Four in Draw for American Zone.

New York, March 16—Spain, which reached the final round of international tennis play last year against Australia today filed its 1923 Davis Cup challenge with the United States Lawn Tennis Association.

This eleventh hour entry brought to 17 the number of challenging Nations, three more than the previous high record made last year.

Thirteen Nations, including the latest entry, will participate in the European zone preliminary contests. They are Belgium, Czechoslovakia, Denmark, British Isles, Ireland, France, Spain, Rumania, India, Italy, Switzerland, Holland and Argentina.

The four Nations to be drawn in the American zone are Australia, Canada, Hawaii and Japan. The Philippine Islands is the only 1922 entry which has not filed a challenge for this year's contest.

HUSBAND DIDN'T DARE LEAVE HER ALONE HEART WAS SO BAD

Those feelings of faintness, those dizzy spells, the all-gone sinking sensations which come on from time to time indicate a weakened condition of the heart and a disordered state of the nerves.

Milburn's

Heart and Nerve Pills have no equal as a remedy to strengthen the heart, invigorate the nerves and build up the run-down system.

Mrs. C. Vanhorn, Alta., writes: "About a year ago I had heart trouble. My husband didn't dare leave me alone, and often had to stay up at night with me. I would just feel kind of faint and my heart would seem to stop beating. I would just faint away, and it would sometimes be an hour before they could bring me back to life. Someone told me about Milburn's Heart and Nerve Pills. I got three boxes; I took them and felt much better, so continued all Winter, and now I never feel any such faintness. I surely do appreciate the good they have done for me."
