GASSED OVERSEAS SHELL SHOCKED and RHEUMATISM

Mr. F. M. Blaquiére, Morinville, Alta., writes:—"After three years' service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good for any length of time. I got so bad, in the Fall of 1919, my hands were so shaky I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved."

TOLD HIS WIFE TO WORK OR QUIT EATING

Cincinnati, O., Jan. 5—"Work in my saloon or quit eating" was the ultimatum which Mrs. Eleanor Richmond says her husband Albert Richmond delivered to her. She worked in the saloon until he installed another woman in their home, Mrs. Richmond alleges in her suit for divorce.

She alleges that he "boasted of other women" telling her he "wished she would leave as he was in love with Anna." The wife alleges that she did leave home and is informed that "Anna" is now taking her former place in the home.

Acting in the wife's allegation that she is "penniless" and her husband is threatening to dispose of his business Judge C. W. Hoffman granted a temporary injunction restraining the husband from disposing of any of his property.

County Officials Were Reappointed at Former Salaries: No Increase

General Committee to Finally Adjust Claims for Sheep Killed by Dogs—Discussion on Prison Farms and Equalization of Taxation—Hospital Trustees Resign and are Reappointed.

The Municipal Council of York County had a lengthy session Friday afternoon in the course of which there were a number of important matters discussed. A motion to increase the salary of the County Secretary-Treasurer by \$200 was defeated. All county officials were reappointed at existing salaries, C. D. Richards, M. P. P. County Solicitor; J. S. Scott, County Secretary Treasurer; Robert Carter, County Auditor.

The dog tax problem was discussed at length again and a motion finally was passed to the effect that a central adjusting committee with each parish represented be appointed to have final disposition of claims for sheep killed by dogs. This action was taken because of complaint that certain parishes were allowing more than fair value for sheep so killed.

The matter of better fare than bread, water and molasses for jail-prisoners was referred to a special committee with power to act and to report in July.

Coun. Brewer and Coun. Inch representing the Council on the Trustees Board of Victoria Public Hospital resigned as the result of criticism from certain quarters. They were reappointed at once.

There also was discussion on the suggestion that prison farms should be established in New Brunswick upon the equalization of taxation but no action was taken. Consideration of a motion to withdraw from the Union of New Brunswick Municipalities was deferred.

CORNS DROP OFF IN HOT WATER

THIS QUITE WONDERFUL

Now easy to rid yourself of corns if you follow this method. Pain does not enter into the matter at all, for the action is painless and results absolutely sure. A hot foot bath gives the finishing touch to either corns or callouses. Here is the way. Spread a drop or two of Putnam's Painless Corn Extractor over the corn or callous, pain at once stops. An application or two more, then dip the foot a few minutes in hot water. Out comes the corns or callous. Putnam's Painless Corn Extractor is what you need, costs little and druggists sell it.

LENGTHY SESSION.

Great Variety of Subjects Before Council—County Officials All Reappointed.

When the Council resumed Friday afternoon Coun. Allen brought up the matter of equalized taxation moving that it be discussed.

Coun. Seymour seconded the motion saying that the dispute concerning the Patriotic Assessment was an instance of the necessity for equalized assessment.

The motion was carried. Coun. Hinchey expressed the opinion that valuers appointed for the purpose of equalizing throughout the province would favor their own counties.

Coun. Graham said that the discussion seemed to anticipate direct taxation.

Coun. Greenlaw asked if it had been tried elsewhere. He believed that a small committee could do their work.

Coun. Pond moved that the matter lay on the table until July. In the meantime information could be secured.

Coun. Saunders seconded the motion.

Coun. Allen said he was willing to support that motion. What he wanted was an expression of opinion.

Coun. Whipple said that the scheme would be a great benefit if workable.

Coun. Hinchey expressed the fear that partisan appointments would be made.

Coun. Brewer said that the matter one of importance. A proportionate levy or taxation was what was wanted.

The motion was carried.

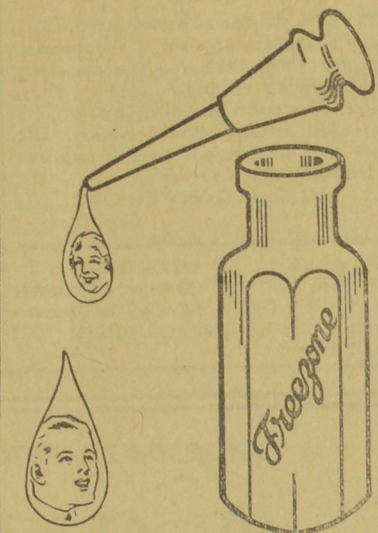

Item for Medical Attendance.

Coun. Pond asked for an explanation of an item of \$43 for medical attendance charged to Prince William.

It was explained by Coun. Seymour that an inmate of the Municipal Home from Prince William had left the Home without permission and the next heard of him was that he had been admitted to Victoria Hospital. As the man never had been removed from the Home he had to be considered an inmate and the charge was placed against Prince William.

905 CARTIER ST., MONTREAL.
"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.

At last, a friend advised me to take "Fruit-a-tives" and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."

Prison Farms.

Coun. Allen brought up the question of prison farms. The matter had been referred to indirectly by the chaplain Rev. G. C. Warren. It had been suggested that two such farms be established in New Brunswick for two groups of counties. There were delinquents of both sexes who should not be allowed at large as a matter of protection to the rest of the community but it would be better to have them located on farms where they could work than have them confined in jails in idleness.

Discussion followed. The opinion was expressed that the scheme was in advance of the times, also that the people would not stand for the expense.

No action was taken.

Public Accounts.

Coun. Inch presented a report of Public Account committee on supplementary expenditure. In regard to statistics that double prices were being paid for stationary he could explain that the janitor on orders purchased the stationary at current prices and distributed it.

Coun. Pond said that he had referred to that matter. Objection had been made to the practise and the understanding was that in future there should be an estimate made and tenders called for.

Coun. Inch replied that the committee had not adopted the suggestion.

Coun. Whipple said that he had resented not the objection to the purchase of stationary but to the language used in making the suggestions.

Better Jail-Fare.

The matter of better fare for jail prisoners came up and on the motion of Coun. Whipple seconded by Coun. Hinchey it was decided that the Warden and Finance committee investigate the matter and report in July what changes had been made.

Coun. Cowperthwaite claimed that improvement in the jail fare if carried too far might result in attracting down-and-outers for a winter's support.

Coun. Seymour pointed out that no action could be taken without consent of the city of Fredericton committee as the city paid half the cost. The majority of prisoners in the jail came from Fredericton. The jail was feeding the prisoners as well as any jail. He would not consent to better food unless the prisoners worked.

Leave of absence was granted Coun. Wetmore of North Lake for the balance of the session.

Overdraft Interest.

Coun. Seymour pointed out that interest on overdraft had amounted to \$368 in the year. One or two parishes had caused the interest charged. He moved that such interest be chargeable to parishes or towns responsible for the overdraft. The motion was carried.

County Officials.

On motion of Coun. Wetmore the council proceeded to appointment of county officials on the motion of Coun. Dougan seconded by Coun. Wetmore, J. S. Scott was re-appointed Secretary-Treasurer.

On the motion of Coun. Allen seconded by Coun. Nason, C. D. Richards M. P. P. was re-appointed solicitor.

On the motion of Coun. Brewer seconded by Coun. Greenlaw, Robt. Carter was re-appointed auditor.

On the motion of Coun. Wetmore seconded by Coun. Cowperthwaite (Continued on page six.)
