

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. OF INTEREST TO THE WOMEN

VOILE LA SUISSE

NEW MATERIAL FOR SUMMER CLOTHING

Chicago, Jan 6.—While the glamour has not yet worn off the new squirrel coat, while the velvet frock has lost none of its beauty, nor the silver and blue and rose and gold evening gowns their freshness the woman who thinks a season ahead, or makes her own gowns or designs her own wardrobe, is considering the warm weather as thrifly as the ant in the fable took thought for winter.

It is a happy woman whose crisp cool frocks are ready to slip into when the first warm days come. So now when the winter wardrobe is a thing completed, the thoughtful woman can turn her attention to summer fabrics. Many women can make light dainty summer frocks themselves and therefore multiply their number.

A new Fabric that will gladden their hearts in the late Winter and early spring months and, by its remarkable reasonableness of price, help the matter of multiplication of frocks is known as Voile la Suisse. It is a light Summary fabric that suggests the market in the morning, the veranda in the afternoon and dancing at night.

It is used for every kind of Summer dress. It comes in 10 colors and 12 patterns and has small splashed dots of white—plain polka dots and more intricate dotted patterns. The pure, clean white of the frostlike dots brings out the colors of the fabric in sharp contrast, giving a fresh dainty appearance that lends itself to the simplest gown building.

I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

ACCORDING TO HER PRINCIPLES

Flora—It's rumored that you are engaged to marry Mr. Allfront. Are you marrying him for his money?

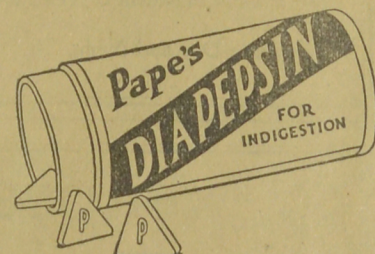

Fauna—There's nothing in the rumor, I shall never marry—especially a man I don't love—unless he's got a lot more money than Mr. Allfront.

Cynics, can't understand married people who live together long enough to celebrate their golden wedding.

COUNTY OFFICIALS WERE REAPPOINTED

Continued from page Six
see some of the critics take the office and show what they could do.

Coun. Graham said he would like to see the two trustees serve again. Criticism would not hurt them. His own should not be taken too seriously.

Coun. Hinchey expressed a like opinion.

The motion was carried.

The janitor was heard in connection with the matter of obtaining stationery.

Coun. Graham suggested that the Buildings committee try to effect economy in this particular.

Coun. Whipple said this was a pretty small matter. The stationary prices were fair retail prices. He knew that.

Union of Municipalities.

Coun. Gaynor one of the delegates to the meeting of the Union of the New Brunswick Municipalities at Edmundston, reported verbally. The convention had been of value and Edmundston entertained the delegates royally. He would suggest that delegates be informed previous to convention, the subjects which were to be discussed.

Coun. Greenlaw also a delegate expressed a similar opinion. Some able addresses had been heard.

Coun. Graham said he could see no advantage in the Union of Municipalities. It was a useless organization. It had accomplished nothing before the Legislature. He moved that for 1923 York County be not a member of the Union. Coun. Kitchen seconded the motion.

The motion was deferred on the suggestion of Coun. Gaynor until next morning.

Dog Tax Again.

Coun. Dougan re-introduced the Dog Tax matter and moved that the Legislation Committee wait upon the Provincial Government and have provision made for the appointment of a committee which would deal with claims for sheep killed by dogs.

County Solicitor Richards said that the council had the power to appoint a single committee for the county.

Coun. Dougan said that there was not equalizing in the matter of these awards for sheep. He wanted the practise stopped, of paying twice as much in one parish as another.

There was a long discussion on matter. Finally on the motion of Coun. Graham seconded by Coun. Dougan moved a committee composed of a councillor from each parish be appointed to act as a central adjustment committee on sheep claims.

Coun. Christie said that light value evidently was being placed on an oath for all claims for sheep had to be sworn to.

Coun. Brewer said it was not the oath but the judgement which was doubted.

The motion was carried.
