Fredericton High to Take Last Chance in League

Will Meet St. John High Here Saturday—Two Victories Would Give Yellow and Black the League Under Certain Conditions — Team is Slightly Changed.

Tomorrow Fredericton High will have its last chance to make a showing in the N. B. interscholastic series of 1923. Rothesay Collegiate has two victories to its credit. By small scores it is true but victories nevertheless. Fredericton High has still to win a game. St. John High is in the same position. Which ever of the School teams wins Saturday afternoon will have an opportunity to take the lead. If Fredericton High can win from both St. John High and Rothesay Collegiate on home grounds and St. John High can beat Rothesay next Wednesday, the local team will have the league by the narrow margin of a drawn game. Many "ifs" stand in the way however.

Some Changes in Team.

The Yellow and Black will show some changes when it goes against the Rothesay team here Saturday. The team should be stronger than in the other games. "Bud" Steen is in the game again and so is Hurley. The return of Steen after an injury will shift Hewett from the three-quarter line to fullback.

Coach Cass announces the team as follows:—fullback, Hewett; three-quarters, Steen, McCordick, McMullen, Goodspeed; halves, Hickson, captain, Babbitt, Rutter; forwards, Hurley, Boyd, Vaughan, Douglass, Vivian, Hanson, Mills; subs, Chestnut, Oldham, Simpson, Fowler.

Barber—Please sit back farther in the chair.

Customer—I'd rather stay where I am. The last time I lay back I fell asleep and when I woke up I owed the barber all of my week's wages.

NEW ZEALAND TO SEND

ANOTHER STAR RUGBY TEAM

ON OLD COUNTRY TOUR

Canada Set the Fashion More Than Twenty Years Ago But the Other Dominions Have Outstripped Her — Aussies, South Africans and New Zealanders are Good.

London, Eng., Oct. 18.—The United Kingdom will next year entertain another rugby football team from New Zealand, and Antipodean Dominion having come to an agreement with the Rugby Union, the body which controls the amateur fifteen-men game in the Old Country. Twenty-nine players will travel from New Zealand and the team will play in all twenty-five matches against teams of the English Isles. The tour will end not later than Dec. 31, 1924.

Tours of the United Kingdom by teams representing the Dominions began in 1901-2 when a Canadian fifteen made the trip and met with some measures of success. Canada thus began a form of Empire sport which has since been imitated by New Zealand, South Africa and Australia. The New Zealanders followed the Canadians in the season of 1905, their tour meeting with unprecedented success. In all their games the "All Blacks" were defeated only once, by Wales.

During the 1906 football year the Antipodeans were followed by a South African fifteen, the "Springboks," and they duplicated the efforts of the "All Blacks." A remarkable commentary on Imperial relationship was found at that time in the fact that the "Springbok" team contained several players who, only five years before, had been in arms against the British during the Boer War, while one of their most brilliant men was a nephew of General Joubert.

The Pro Game.

An Australian team came next but since the Australians were professionals, their games were confined to the Northern Union, who have since returned the visit. Shortly after the first Australian tour the Northern Union teams changed their form of play to that of the Australians, discarding the fifteen-men game and adopting the thirteen-men system of play.

BASEBALL AT HIGHEST POINT SAYS HEYDLER

New York, Oct. 18.—Baseball has emerged from the 1923 World's Series, which the New York American League team won yesterday, stronger in its hold on popular interest than ever before and unweakened by unfortunate incidents of the last few years, John A. Heydler, president of the National League, asserted in a statement tonight.

Frank Frisch, the New York National's second baseman, by his consistent hitting, daring base running and sensationally flawless fielding, "came out of the series one of the greatest, if not the greatest, present-day all-round player of the game," Mr. Heydler said, and John J. McGraw, he added, though manager of the defeated team, "came out of the series a bigger man than ever before in his career" and "his sportsmanship was splendid."

U.N.B. PLAYS AT MONCTON THIS AFTERNOON

The rugby teams of the University of New Brunswick and Moncton City meet in an exhibition game at Moncton this afternoon. Part of the college team made the trip by motor Thursday afternoon and the rest left this morning on an early train. The players will return to Fredericton tonight.

The U. N. B. line-up will be the same which defeated the Trojans of St. John 8-0 last Saturday. Jones, is still out of the game on account of injuries but his place will be taken by Odell.

The result of this game will give a chance for comparison between Mt. Allison and U. N. B. as Mt. A. has defeated the Moncton team twice this season. U. N. B. meets Mt. A. here November 2.

MUST BE AFRAID OF MOOSE DOWN IN THIS PROVINCE

Babe Ruth Takes Out Life Insurance Policy For Fifty Thousand Dollars for Wife and Child.

New York, Oct. 18.—Babe Ruth today took out a \$50,000 life insurance policy with his greatest American League rival for batting honors, Harry Heilmann of the Detroit Tigers, who is an insurance agent during the off season.

Heilmann witnessed the triumph of the Yankees in the last game of the World's Series with the Giants yesterday and talked business with the Babe today soon after the big slugger received his part of the winner's share in the series. The policy is made out in favor of Mrs. Ruth and Baby Dorothy.

Heilmann and Ruth are the keenest rivals on the diamond, the former winning out by a narrow margin this year in the race for hitting supremacy but also warm friends.

CINCINNATI TO HONOR HUG

Cincinnati, Oct. 18.—A dinner in honor of Miller Huggins, a native Cincinnati and a graduate of the local amateur baseball fields, now manager of the champion New York Yankees, will be given by the fans of Greater Cincinnati, possibly in November.

This action was determined on by business men at a conference at the Cincinnati Chamber of Commerce.

August Herrmann, president of the Cincinnati Nationals, will be asked to serve as chairman of the committee appointed to arrange details.

ANTIPODES SEND FAMOUS RUGBY PLAYER

London, Oct. 18.—Close on the heels of the announcement that the New Zealand Rugby Union had come to terms with the English body with regard to a tour of the United Kingdom next season, is the news that the Antipodeans will lose their famous centre three-quarter, Lou Brown, who has signed on for Wigan, the Northern Union professional rugby club.

There have lately been some transfers also from the ranks of South African amateur football players to the English Rugby League.

Maude—Do you think kissing is as dangerous as the doctors say?
Jane—Well it does put an end to a great many bachelors.

Mother—Willie, you are very extravagant to eat both butter and jelly on your bread at the same time.

Willie—No, Mother, I'm not. It's really economical because the same piece of bread does for both.

Reorganized Giant Pitching Staff First Essential For Club

MONTREAL THINKS IT HAS NEW RECORD

Bill Sharen Did Mile Here Much Better Than 2.12 3/4 Claimed for Peter Leaf.

The Montreal Star of Wednesday has the following:—

The Canadian trotting record for a half mile track was lowered at Delorimier Park yesterday when Peter Leaf, owned by W. F. Currie, of Toronto, stepped the two laps in 2.12 3/4, clipping 1 3/4 seconds off the former mark set in 1921 by Great Big Leaf full sister to Peter Leaf, at the Toronto Exhibition, when she negotiated the distance in 2.14 1/4.

Only a number of horsemen and officials of the Montreal Driving Club's harness racing meet witnessed the trial. Peter Leaf was driven by M. Ragsdale, while the judges and timers were: Felix St. Vincent, Montreal; C. H. Sandreli, North Bay; M. Gauthier, Holyoke, Mass., and C. Robillard, of Montreal. Harness racing will be held at Delorimier Park on the 21st.

The Montreal paper can stand corrected as Bill Sharen trotted on the Fredericton track faster than the figure quoted several years ago and other horses can show a fractional margin over it on other half-mile tracks.

DOG DIES PROTECTING SAFE FROM BURGLARS

New York, Oct. 20.—Christopher Columbus, the watchdog, was big and black and faithful to Joseph Locicero whose store at 65 Thompson street, he guarded. And so yesterday, when somebody came while Locicero was away, and began to cut through the door of the iron safe in the rear of the store, Christopher threw himself savagely on the robbers, barking for aid.

Aid came in time to save the \$1,000 in the safe, from which the robbers apparently were frightened by the dog's leaps and frantic barks. Aid came too late, however, to save the big dog, which was found dead, pinned to the floor with a long cheese knife through his heart.

Her Quinsy Yields to Vicks

The Direct Action of a Vaporizing Salve is Best

Mr. Joseph Haley of 199 West Milk Street, Brantford, Ont., says: "My wife has suffered with quinsy for years, but Vicks VapoRub must have prevented it for she got through the winter without a single attack. We sent part of a jar to a neighbor whose boy was very sick with a cold or grip. He also got relief. Vicks surely should be in every home."

They used to treat cold troubles externally with tallow, goose grease and camphor. Recently, internal dosing has been the habit and people naturally doubt the value of a salve.

For this reason, Canadian druggists introduced Vicks VapoRub, the vaporizing salve for all cold troubles, by giving away dozens of samples to responsible families and every jar sold was on 30-day trial.

The above report is just one of the great many received from enthusiastic Canadian families. With such endorsement and a positive money-back guarantee, every household ought to give Vicks a thorough trial as the home remedy for croup, colds, sore throat, bronchitis, catarrh, neuralgia, cuts, burns, bruises and sores.

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

Lefty Groves to Come from Baltimore Orioles—Others Possible—Trades in Prospect—Division of the Series Money in the Two Clubs.

New York, Oct. 18.—Reconstruction of the team of former world's champions which had nothing, but a heart to show in the world's series will receive the immediate attention of the Giant owners, it was learned today.

McGraw's pitching staff gave one of the worst exhibitions ever seen in a world's series and it is the reorganization of this department that will get the Giant chieftain busy as soon as he has a short vacation.

Lefty Groves, the strike-out artist of the Baltimore Orioles, will be the first addition to the staff, it was understood, and McGraw is going out also after several other experienced pitchers.

Watson, Scott and Ryan may not be with the Giants next year if McGraw can put over some satisfactory deals involving them. McGraw is said to be sore at Ryan for the spirit he showed during the series.

He was blamed for failing to make an effort to handle the drive which Bob Meusel shot through the infield for the single that won the series.

Jack Bentley the \$65,000 Baltimore pitcher, may also be held up as bait for any major league club that is in a trading mood. McGraw and Bentley had many disagreements during the season, and it is said that the big southpaw does not like the Giant team.

It would not be a surprise also to see Jimmy O'Connell, the \$75,000 California beauty, playing on another team next season. O'Connell feels that he does not want to play the outfield and that he could make good as a first baseman, but he had not any chance for an infield job with the Giants.

Series Money.

After a meeting in which they decided how they were to share in the rich prize the Yankees decided on twenty-six full shares at \$6,160 each, and they split a half share between Gehrig and Shields, rookies, and Mark Roth, travelling secretary, and Phil Schenck, groundskeeper.

The Giants whacked up their money in twenty-six full shares of \$4,112 each. They gave \$1,500 to Little Pinty Gearin, rookie pitcher, and \$250 to Walter Huntzinger, former University of Pennsylvania pitcher; \$250 each to Leete, a rookie pitcher, and Eddie Brannick, assistant secretary of the club; \$250 to Henry Fabian, the groundskeeper at the Polo Grounds and \$500 each to their two trainers and \$200 to the assistant trainer.

AN UNBORN HEIR TO A BIG FORTUNE

Chicago, Oct. 19.—Mr. and Mrs. Lester Norris are wistfully waiting. Each day brings nearer the visit of old Dr. Stork who is expected to arrive at the Norris household about Christmas time and deposit a chubby heir or maybe a pink heiress to the \$38,000,000 left to Mrs. Norris by Mrs. John W. Gates.

The unpretentious bungalow in which the Norrises live is being prepared to receive the youngster who will inherit the tremendous fortune which Mrs. Norris has not touched. It is expected that after the arrival of the infant, Mrs. Norris may for the first time draw upon the huge sum which is steadily increasing in size.

At present the couple live within the salary Mr. Norris receives as an **illustrator and art director**. The original bequest was \$38,000,000. Mrs. Norris has refused to touch the money and as a result it has been rapidly increasing. The interest on the vast fund is considerably more than a million dollars a year.
