Strong easterly winds. Rain tonight and on Saturday.

French Make Drastic Demands on Germans; Note Delivered Today

RESISTANCE MUST CEASE

Policy of Sabotage Must End Before Any Agreement Can be Reached — Cabinet Meets Tomorrow.

(Special to the Daily Mail)
Paris, June 8—France sent to Germany today a strongly worded note demanding that resistance to the inter-allied military control commissions cease immediately. Premier Poincaré will communicate with the other allies regarding the advisability of replying to the latest German reparations offer, but in the meantime has made it clear to Germany that the latter's policy of sabotage and resistance must end before any agreement can be reached.

The inter-allied commissions will resume at once surveillance of German military organizations. French and Belgian officers will participate. After the occupation of the Ruhr, Germany disclaimed responsibility for possible attacks upon the commissions. The French cabinet will meet tomorrow to discuss the reparations situation.

Wireless Possibilities

Paris, June 8—The possibility of a long-distance vision through space has been proposed by M. Branly, called "the father of wireless" in France. He transmitted by radio waves Thursday, a luminous point, followed thereafter by a luminous circle.

MISS A. G. ADAMS GRADUATED IN LAW AT BOSTON

Daughter of Mr. and Mrs. G. W. Adams of Brockton and Native of This City.

Brockton Times, June 1—Two Brockton young women, Miss A. Gertrude Adams and Miss Helen M. Burns will receive degrees tonight after a four year course at the Portia Law School, Boston. Both young women are popular among a wide circle of friends, who are congratulating them upon their success in the study of law and the ambition which has prompted their years of study.

Miss Adams and Miss Burns are planning to put their law knowledge to practical use and both have ambitions to practice it, eventually. At present Miss Burns is employed as secretary to Augustus P. Loring, Jr., of Boston and Miss Adams is employed in the local law office of Flagg & Hall, 183 Main Street.

Miss Burns, who is a daughter of Mr. and Mrs. William H. Burns, 18 Troy street, graduated from the local High School in the class of 1914. She is fond of athletics, enjoys out-of-door sports, is a horse-woman of ability and a dog fancier.

Miss Adams graduated from the Brockton High School in the class of 1915. Prior to assuming duties with Flagg & Hall, where her desire to study law had its inception, Miss Adams was employed by Perkins & Rollins and by the Atherton Furniture Co. She is a member of the Brockton Business Woman's club of the Y. W. C. A., and of the First Baptist church. Miss Adams is a daughter of Mr. and Mrs. George W. Adams, 30 Park street. (Miss Adams is a native of Fredericton and is well known here.)

ONE KILLED IN ACCIDENT

New York, June 7—One person was killed and three others injured when an Amsterdam Avenue surface car slid backwards to the foot of a hill at 425th street, jumped the tracks made slippery by rain, and crashed into a motion picture theatre. Some passengers were believed to be buried in the wreckage. Police reserves, rescue squads and ambulances were rushed to the scene.

SHIP LIQUOR BAN IS UP IN BRIT. COMMONS

Premier Baldwin Declares the Whole Question Can be Discussed With Foreign Office Note.

London, June 7—The question of the Volstead Act and the carrying of liquor on ships entering United States waters cropped up again in the House of Commons today when a questioner asked for further information from the Government as to its attitude.

Prime Minister Baldwin referred to the answers he had given questioners in the House on Tuesday. He feared it was not possible, he added, to discuss by question and answer the extent to which interference by one state with the merchant ships of another was in accordance with international law and with the practice and comity of nations.

"In this country, speaking generally," he said, "our interference with foreign ships is prompted only by considerations of health and safety of life." The whole question, he remarked, could be discussed in connection with the Foreign Office vote.

REJECTION OF HUN PROPOSAL IS FORECAST

Paris, June 8—The German reparations offer elaborated in the note delivered to the Entente Allies today remains entirely unacceptable to France, it was declared in Government circles tonight. It made no appreciable advance over the previous offers and France could not even discuss it with Germany for, as was decided at Brussels yesterday, the passive resistance in the Ruhr must be abandoned before any negotiations could begin, it was said.

The note was characterized as unsatisfactory for four main reasons:

First, because it makes no mention of abandoning the passive resistance, which is the first of the Franco-Belgian conditions.

Second, Germany offers no definite sum as the total reparations.

Third, in suggesting an impartial international commission to fix the reparations total, Germany ignores and seeks to violate the Versailles Treaty, which decreed the reparation commission for exactly that purpose. The French see no reason why the reparation commission should be supplanted.

Fourth, the suggestions for guarantees might be open to discussion if Germany proposed their administration by the Allies, but if the Germans administer the guarantees the French would expect no satisfactory result.

ISMET ISSUES STOUT REFUSALS

Lausanne, June 8—Ismet Pasha, head of the Turkish delegation in the Peace Conference here has refused to accept any of the Allied proposals that their concessions in Anatolia be safeguarded in the peace treaty now under negotiation.

Ismet professed to be without authority to deal with the question, and a private meeting between him and the leading Allied delegates in an effort to adjust this question proved absolutely fruitless.

SECOND VICTIM OF EXPLOSION

Chatham, Ont., June 7—Mrs. Ambrose Lauzon, aged twenty-two, died last night the second victim of a coal oil explosion which occurred earlier in the day. Her two and a half year old baby boy succumbed to burns late in the afternoon. It appears the woman was washing and attempted to bolster up a fire in the kitchen stove with coal oil. When the fire reached the small can she held in her hands, she raised it over her head. It exploded and she was showered with burning oil.

HUNT YOUNG GIRL OUTLAW FOR KILLING

GIRL PULLS DARING HOLD-UP

Insurance Man Shot Down At Door of His Garage—One of Chicago's Most Exciting Police Hunts.

Chicago, June 8—A dainty girl, who might easily pass for a popular debutante scarcely out of her teens, is being sought as a bandit and murderer in one of the most extended police hunts on record in Chicago.

She shot and killed Richard C. Tesmer, prominent and wealthy insurance man, after directing a male accomplice in a hold-up of Tesmer and his wife outside the garage at their home last night.

After firing the shot, the girl snapped commands to her companion, leaped into Tesmer's automobile and drove away as calmly as if she were embarking on a moonlight ride with her favorite beau.

Tesmer was returning home with his wife after a short visit with his sister. Just when he started to back his automobile into the garage, the girl and man stepped out from the shadows and commanded the couple at the points of pistols to put their hands up and get out of the car.

Girl Does Searching

Her companion stood silently by as the girl searched both captives.

The purses of Mr. and Mrs. Tesmer yielded only a small amount of money. The girl demanded jewelry, but scorned the watch which Tesmer promptly handed over.

As the male bandit struggled with Mrs. Tesmer in an attempt to force her wedding ring from her finger, Tesmer moved and without a word the girl bandit swung her pistol around and fired one shot. He fell, dying instantly.

Mrs. Tesmer hysterically fell over her husband's body as the bandit pair sped away in the automobile.

About \$10 was obtained by the robbers.

DELORME CASE MAY REOPEN THIS MONTH

Montreal, June 7—June 25 will probably see the opening of the case against Father Delorme, who will answer a charge of having murdered his half-brother, Raoul Delorme.

E. A. A. Ladouceur, clerk of the Crown, declared today that he and the Crown prosecutors were trying to arrange that cases on the court of King's bench roll, other than the Delorme case, shall be ended by June 25 so that the way may be clear for the cause celebre.

The general idea, says the Montreal Star, is that either Acting Chief Justice Martin or Sir Francis Lemieux is practically sure to hear the case.

Mr. Justice Martin is believed to have been in conversation with Sir Francis in Hull, but he will not return from there until tomorrow at the earliest and until he does nothing definite can be obtained.

AIRPLANES BRING COTTON FOR SHRINERS

New Bedford, Mass., June 8—Two airplanes bearing two bales of compressed cotton and a basket of peaches and roasting ears of corn for President Harding arrived here last night and discharged their cotton cargo, which was at once woven into Masonic aprons, and was to be delivered in Washington today for use at the Shriners' convention. It was said to be the first time cotton had been brought to the mills of New England from the cotton fields by airplane.

The planes were to leave for Washington this morning to deliver the peaches and corn to the President and the aprons to the Shriners.

TO HONOR PREMIER VENIOT.

Boston, June 7—Mayor Curley announced today that a tree would be planted on the Oliver Wendell Holmes Mall on the common in honor of Premier Veniot.

GOVERNMENT PREPARING FOR A SHOWDOWN

RY. MINISTER DECLINES TO TALK

Declares Board is Within its Rights — Publicity on Proposed Paris Headquarters Might Injure C. N. R.

Ottawa, June 7—The Government of Canada is prepared for a "showdown" in the matter of publicity that might prejudice the welfare of the Canadian National Railways. In the House of Commons tonight Hon. George P. Graham, Minister of Railways, challenged the bona fides of persistent Opposition inquirers and flatly refused to divulge detailed information regarding negotiations recently entered into for the purchase of a headquarters building in Paris, France.

Sir Henry Drayton, Conservative, during the discussion of a general expenditure item of \$73,000,000 in railway estimates, three times demanded full details of the reported purchase. Three times Mr. Graham declined, in the public interest, to reveal information given to him in confidence as Minister of Railways, and finally threw down the gauntlet in these unequivocal words:

"Let me impress upon my honorable friend (Sir Henry Drayton) the fact that the Canadian National is a company incorporated to do business, a company given full authority, by an act passed by his Government, to conduct the affairs of the system as determined by the president and the board of directors.

"The act was passed for the sole purpose of preventing, in fairness, all the details of transactions by that company from being made public in the Dominion of Canada. My honorable friend knows that his Government passed the act for that purpose yet he is asking me a series of questions tonight that he knows would embarrass a private company. Nevertheless he does not hesitate to ask me these questions, not for the benefit of the gentlemen here but because it will be made public all through Canada and in London, Paris and New York, with the result that the men with whom we are dealing—honorable men, who have business with the British Government in an honorable way—might have their interests affected. Indeed, it might affect the whole transaction."

DEATH SENTENCE WAS IMPOSED

Moscow, June 7—Vasili Komaroff, convicted of the murder of thirty-three persons, and his wife, as his accomplice, were sentenced to be shot today. Neither betrayed any emotion as the sentence was passed, but there was loud applause from the crowd in the court room and cries that the sentence should be carried into effect immediately.

FOREST FIRE SITUATION IN QUEBEC

Quebec, June 7—The forest fire situation was officially described as bad in the eastern section of the province and improving in other regions today by Gustave Piche, chief of the forestry service, who returned from an extended trip in the Temiscamingue region. While there has been a constant improvement in the conditions in the western, northwestern and northern sections of the province, to such an extent that nearly all small fires are extinguished or under control, the situation in the eastern section on the south shore is said to be still rather menacing.

TO PREVENT SALE OF LIQUOR

London, June 7—Prime Minister Stanley Baldwin announced in the House today that the Government was ready to grant facilities to Lady Astor's bill providing for prohibition of the sale of intoxicants to persons under eighteen years old. This ensures adoption of the measure at the present session.

Lieut. Governor Todd Presided at Closing of Normal School Today

REVOLUTIONISTS BOMBARDING LARGE CITY

Warships are Forced to Withdraw—Six Killed in Train Accident—Canadian Cattle on Sale.

(Special to the Daily Mail)
Madrid, June 8—Moorish revolutionists concentrating on the coast of North Africa are bombarding Penon De Velez. Government warships have been forced to withdraw. The new and serious turn in the rebellion is causing alarm here.

Six Fatalities

Brussels, June 8—Six persons were killed and twenty injured today when the Brussels express was derailed near Verrieres.

Cattle Went Quickly

London, June 8—Two hundred and fifty Canadian cattle were sold at Eirkenhead yesterday in an hour, the prices ranging from twenty pounds, five shillings to thirty-six pounds, fifteen shillings.

ADVOCATES AN EMPIRE CABINET

Wellington, N. Z., June 7—Premier W. F. Massey, speaking at Christ church, reiterated the opinion he had previously expressed that the Imperial war cabinet should have been continued as an empire cabinet. He said he hoped something would be done to establish a council which would be independent of the Home Government, although he disclaimed any idea of fault finding with the Home Government. Premier Massey outlined the business that might be dealt with by such a council, chief of which would be the promotion of the growth of the welfare of the younger countries of the Empire and the aim to make all the countries of the Empire a real family of nations.

BOOTLEGGERS ATTEMPT TO REGAIN TRUCK

Detroit, June 8—How a number of bootleggers tried to hold him up and recover a truckload of beer that had been seized in Ecorse, was told today by Richard Labelle, a deputy marshal. The federal agents were on their way to Detroit in an automobile, while Labelle was directed to drive the seized truck into the city.

Traffic separated the two automobiles and another touring car twice tried to halt Labelle, once by trying to force him to the curb. The deputy drew a revolver.

"I'll fill you full of holes if you get in my way again," he said.

His revolver in hand, he drove the rest of the way without incident.

BONES BROKEN BY CONTRACTION

Pottstown, Pt., June 8—As Maurice Bryan, aged 42, of this city arose today from a dentist's chair after having a molar tooth extracted, he called out "My leg is broken" and collapsed on the floor. Both bones of the right leg had snapped between the ankle and the knee. A doctor at the Homeopathic hospital here thinks the bones were broken by muscular contraction. The case is considered an odd one.

TO DISCUSS COAL SITUATION

Edmonton, June 7—A conference of coal operators would be held at Calgary next week to discuss what can be done in shipping coal east, Premier Grenfield said here today.

The Premier also said that there would be a conference at Ottawa on the natural resources question after the session of Parliament closed.

"I will positively make no statement on the what board," he said, in reply to a question on that subject.

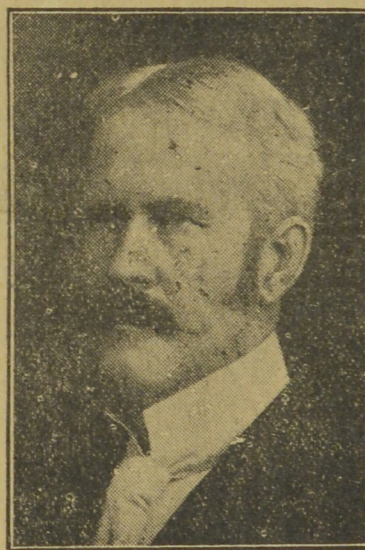

ATTENDANCE WAS LARGE

Elaborate Musical Numbers Were Greatly Appreciated by the Visitors — Presentation of Medals.

The public closing exercises of the Provincial Normal School were held this morning in the Assembly Hall of the school and attracted an attendance which overtaxed the seating capacity of the hall. His Honor the Lieut. Governor presided and seated on the platform with His Honor and Principal H. V. B. Bridges, LL. D., were W. S. Carter, Chief Supt. of Education and many others interested in education.

Elaborate Music

The musical portion of the exercises were particularly noticeable the instructor in music, W. J. Smith, A. R. C. O., having prepared some elaborate numbers in which the students acquitted themselves well. Throughout the exercises a prominent part was taken by students from St. John and vicinity. A quartet of violins took a prominent part in the proceedings. It was composed as follows:

H. V. B. BRIDGES, LL. D.
Principal of Normal School.

lows;—1st violins, Miss Marion A. Marven and J. Amos Allen; 2nd violins, Miss Jessie Crais and Miss Helen M. Foley.

Address By Principal

After the opening march and opening exercises a review of the year's work was given by Principal Bridges who referred to the facts that the year had seen the largest attendance in the history of the school, the largest number qualifying for entrance and the largest number taking the course leading the Class I. license. Dr. Bridges also commented upon the fact that in addition to the classwork the students had done much outside work in both first aid and physical training.

A chorus for male voices, students of Classes A1 and B1, followed after which Miss Jean Sewell of St. John, gave a lesson in literature to a class from Grade VI of the Model School. The lesson was followed by a reading by Miss Muriel Mahoney of West St. John, Miss Muriel Hawker of St. John and Miss Helen Gough of Hillsboro were then heard in a duet, "Haste Thee" by Watts. A lesson in reading to a class from Grade I of the Model School followed Miss Freda McFarlane of East St. John being the teacher.

Interesting Demonstration

The demonstration in physical training by the students followed and proved one of the most interesting features of the exercises. They were under the direction of Ralph March of Hampton and Miss Grace Parkinson of St. John. After a chorus by Class A2 Miss Alexina LeBlanc of Cape Bald was heard in a French reading. A solo and chorus "The Empire is Our Country" with John Linton of Fairville as soloist was a musical number greatly appreciated, Miss Muriel Amos of Moncton followed with a lesson in singing to a class from Grade II. The next number was
