YARN IS FASHION'S  
POPULAR TRIMMING.

Never in the history of fashion have yarns been used so extensively for decorations as this season.

Yarn trims now appear as the trimming of the most luxurious garments. Hats abound trimmed in yarn. Cloches trimmed on top as well as with yarn flowers, gowns, evening kowns as well as heavy material dresses, depend on yarn trim for their smartness.

Bands of the same material yarn embroidered in crossstitch designs and in couchstitch figures are one of the most attractive and popular novelties in trimmings this season. A most attractive black velvet hat trimmed with small roses made of white worsted yarn was seen in the French department of one of the most exclusive milliners. The roses are made by twisting the yarn around to form a circle about an inch wide. They are caught to the velvet with stitches of black. In the center of each rose is a large French knot. These roses formed the entire top of the hat and were arranged in a semi-circular ornament across the front. The effect of white wool on the black velvet is extremely smart and can be adapted to gowns and suits.

### A CHRISTMAS BLOOM.

Do you want a cluster of blooming narcissi at Christmas time? If so don't delay another day to get the bulbs in water. Dig out the little fancy bowl and the pebbles and start your plants instantly. You fail to do this you will have a blossomless holiday for it takes the paper white narcissus from five to six weeks to come into bloom and this is the earliest and quickest that you can get them.

But for variety yellow narcissus will be found very satisfactory. These flowers are longer coming into flower than the paper white but they are larger and sturdier. Plant these now and you will have a bunch of creamy blossoms on what may be the coldest day in January.

By planting the sets of bulbs a week or two apart you can keep blooms in the rooms throughout the winter and there is nothing that is more appreciated than green growing blossoming plants during this season.

### SAUSAGE MEAT.

Chop very fine two pounds of lean fresh pork and one pound of fat fresh pork. Then mix in thoroughly three teaspoonfuls of sifted sage, three teaspoonfuls of allspice and two teaspoonfuls of white pepper. Press into an oblong mold and cut in thin slices when needed. Fry until well browned.

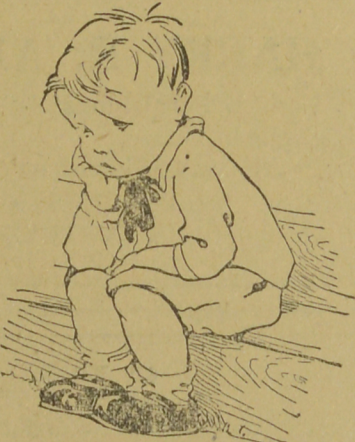

### PARLOUS TIMES.

Gaybuck—The crime wave adds greatly to the unrest.  
Gayboy—It's terrible. The best bootlegger I ever had has just been shot.

Shopping days are growing shorter—and fewer.

Doucet, Conservative Notre Dame were officially named as the contestants in the Federal by-election to be held in this county on Dec. 20 at the nomination day proceedings in the Court House. ## If Subject to Colds, Here is Real Good Advice.

Don't load your stomach with cough syrups. Send healing medication through the nostrils—send it into the passages that are subject to colds and catarrh. Easy to do this with CA—all through the bronchial tubes, nostrils and air passages—everywhere a trace of disease remains will Catarrh-ozone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis or throat trouble if Catarrh-ozone is used. Get it today, but beware of dangerous substitutes meant to deceive you for genuine Catarrh-ozone. All dealers or the Catarrh-ozone Co.

## STILLMAN CASE ONCE MORE IN THE COURTS

New York, Dec. 5—James A. Stillman made another effort today to overthrow Supreme Court decisions against him and upholding the legitimacy of Baby Guy Stillman. The court reserved decision after hearing four hours' argument.

His attorneys appeared before the appellate division of the Supreme Court in Brooklyn and argued that the decisions, rendered by a Supreme Court Justice on recommendation of a referee, were given after letters alleged to have been written by Mrs. Stillman to Fred Beauvais, Indian guide co-respondent, of Quebec, were thrown out of the record. Mrs. Stillman was a niece of the late-Bishop H. C. Potter.

Former Governor Nathan L. Miller chief counsel for the banker, centered his attack on the admissibility of these letters as evidence. He maintained that their authenticity had been proved in divers ways and that the referee had erred in ruling them out.

Isaac Mills, counsel for Mrs. Stillman, denied, however, that the letters had been written by the banker's wife, declaring they had been written by Beauvais. Mr. Miller, a short time before, had admitted that the banker's attorney's had paid the Indian guide \$15,000 for several of the letters.

## BIG MONEY ON ADVERTISING

Chicago, Dec. 7—Doublemint, one of the twin chewing gum products of the William Wrigley, Jr., Company, was a financial success because the company expended \$6,789,662 in advertising, according to a bill of exceptions filed by the company in Federal District Court against a Master in Chancery's recent finding of damages for \$3,718,063 in favor of the L. P. Larson Company and its wintermint product. President Wrigley announced to the stockholders today that the suit involves only an old and discarded color scheme no longer used on the Wrigley labels.

### LOST FAITH.

## Honestly, It's The Best Policy

What happens to your income if you are laid aside by an accident or by sickness?

Most men depend for their own and their family's support on their own personal fitness and against the day of their honorable retirement they plan to build up capital.

The stopping of earning power is a serious disturbance of the plan, and the prudent man manages to put aside in the form of an insurance premium, a small sum to unload the risk on a first class Insurance Office.

A man in a non-hazardous employment rated as "Select" or "Preferred" can provide at a yearly cost of \$16.00.

\$5,000 if he is killed or loses two limbs or both eyes.

\$2,500 if he loses one limb.

\$1,666 if he loses one eye.

and \$100.00 per month up to 50 months.

if he is in any other manner totally incapacitated, whether temporarily or permanently, by an accident.
