MAJORITY FOR THE WETS IN MANITOBA WAS 30,000; LEADERS GIVE VIEWS

Winnipeg, June 24—With several rural polls to report, the majority in favor of the Moderation League's bill for Government control of liquor stood early this evening at 33,537, the majority of the districts outside of Winnipeg having been increased to 7,549 by the returns received over the week-end. It is not expected that complete returns will be available for several days. Three constituencies, Lansdowne, St. George and Rupert's Land, have not yet reported and several outlying polls in other rural constituencies have not yet communicated their figures. The majority in favor of the Government control bill is not expected to be much more or less than 30,000 when final figures are announced.

Session Soon

The Manitoba Legislature will meet during the last week in July to announce the Moderation League bill. July 24 is the most probable date.

"The session cannot be called until after the official returns of the beer and wine referendum on July 11 are known," said Premier Bracken today. "It is probable that it will be held during the last week of July," he added.

Watchfulness Needed

Toronto, June 24—On guard everywhere is the lessor prohibitionists should learn from the Manitoba campaign, says Rev. Benjamin Spence, secretary of the Council of the Dominion Alliance.

"Over-confidence and the feeling that because we are right we can live without effort is fatal folly. Inert goodness cannot win against alert badness," he continued.

"It must be remembered, however, that principles are not affected by people's opinion of them. Prohibition is right. It is good. It works well here, there, everywhere and the beneficial results are proportionate to the strictness of the law and the thoroughness of enforcement."

A Moderation View

Toronto, June 24—Cyril D. Boyce secretary of the Moderation League of Ontario, in an interview today on the Manitoba plebiscite said he had been confident of the result, although the majority was larger than he expected.

"All moderationists give credit to prohibitionists for their help in abolishing the old saloon. The saloon was one extreme and the subsequent legislation the other—the next logical step is a temperance law," said Mr. Boyce.

"The pendulum is swinging to real temperance in Ontario just as it did in Manitoba. I know that many prominent men, who have always voted for prohibition, have changed their opinion and are now supporters of the Moderation League. Prohibition in Manitoba failed and was repealed. Prohibition in Ontario has failed most miserably and will be repealed."

There is a good deal of preliminary work to be done before liquor can be placed on sale in Manitoba, through Government shops, and it is thought that two or three months will elapse before Friday's vote goes into practical effect. In the meantime the Manitoba Temperance Act will continue as the law of the province. The Legislature has to meet, the Government has to appoint a commission, which in turn has to draft its regulations, organize its staff, secure supplies and premises.

The Government officially took no part in the campaign, although Premier Bracken in his personal capacity

gave his support to the prohibitionists, but the Government is pledged to carry out the will of the people as expressed so emphatically.

Is Disappointed

Winnipeg, June 24—"The results as indicated by reports so far received are extremely disappointing, but in no way affect our confidence in the value and validity of the principle of prohibition," declared W. R. Wood, head of the prohibition forces, when commenting on the returns.

"Where it has been adequately enforced," he said, "it has been inestimable in value to the community, and in Manitoba, in spite of handicaps, it has created conditions at least eighty per cent. better than they were before 1916.

"The 'trade' has its temporary return. The temperance people, if I know them at all, will have learned the lesson that only sleepless and eternal vigilance can save us from the invasion of the liquor power."

LITTLE STORIES OF THE TOWN

The Old Grave-yard.

Considerable unfavorable comment is made by citizens and strangers over the fact that the grass in the Old Graveyard is not cut, and allowed to grow to hay. That part of Brunswick street that was filled in last year, and was nicely seeded, looks a sight this year. The grass is growing high along the curb and the place looks neglected. At very little expense the grass could be kept cut, and the place made into a beauty spot. The City Council should give this matter immediate attention.

To The Protestant People of New Brunswick

Your Orphans' Home asks that at once you please send in your most generous possible subscription for maintenance to H. C. Rankine, Treasurer, 197 Germain Street, Saint John, N. B. The subscriptions for maintenance received from St. John County are annually considerably more than three-fifths of the total amount so subscribed. The number of inmates at present shows exactly three-fifths from Saint John County and two-fifths from the rest of the Province. From practically every County your Home has inmates. Sixty in all from outside St. John County. Ninety from St. John County and many of these could be directly traced to some other County.

Your Home needs generous subscriptions for maintenance very badly at once and is therefore making this appeal; for the reason above given; largely outside of Saint John County.

Yours very truly,

D. C. CLARK,

President.

H. USHER MILLER,

Secretary.
