LEFT ESTATE TO THE S. A.

New York, July 12—An estate of
more than \$500,000 was left to the
Salvation Army by Samuel Clark
Williams, a Brooklyn recluse, it was
revealed in his will, filed for probate
yesterday.

The income of the estate is to be
used in rescue work among old and
indigent persons, "to encourage the
noble men and women who have de-
voted their lives to this branch of the
service." Williams left no blood re-
latives.

Visiting the West

After having officiated at the op-
ening of the Banff Windermere road
Hon. Dr. J. H. King, federal minister
of public works, arrived in Vancouver
on last Tuesday morning to discuss
with the authorities here the forth-
coming visit of President Harding of
the United States. Accompanying Dr.
King were Senator G. G. King, his
father (Chipman, Queens Co., N. B.),
and Mrs. King and several of his re-
lations. Senator King, who is 87, en-
tered politics in 1878 and was ap-
pointed to the Senate in 1896, being
one of the senior members of that
August body.

Here and There

Shipments over the T. and N. O.
Railway during the month of May
amounted to 329.15 tons of silver
ore.

The movements of the mackerel
schools will, when observed, be
broadcasted from radio apparatus
erected for the purpose by the Cana-
dian Marine Department.

Mrs. Dan Otto, of Stratford, Ont.,
set 33 eggs and hatched 34 ducklings
from them. One egg was apparently
of the double yolk variety and both
yolks were hatched.

A new direct passage service be-
tween Canada and northern Ireland
has been inaugurated by the Cana-
dian Pacific Steamships, Ltd. Three
steamers have been assigned to the
route.

James Edwards, of Port Robinson,
declares he has a chicken out of this
year's hatch which out-freaks most
chicken freaks. This one has four
legs, four wings, two backs, two
necks but only one head. It has
been preserved in alcohol.

One hundred and fifty families
are to be brought into British
Columbia and settled under private
enterprise in the valleys east and
south-east of Fort George, W. A.
Lewthwaite announced, following his
return from England recently.

A Swedish scientist claims to
have perfected a process for the
manufacture of "artificial wood
from 50 per cent. sawdust and the
balance chalk and chemicals. The
product is as hard as oak, and can
be planed, sawed, bored, nailed,
painted, stained or polished. It will
not deteriorate in water.

A start on the actual work of
electrifying sections of the Cana-
dian Pacific Railway's main line
through the Rockies may be made
next year. D. C. Coleman, vice-
president of western lines, says that
traffic demands and financial con-
ditions would determine when a
start would be made.

The decision of the Government of
the province of Quebec to grant a
bonus of \$4 per acre for land cleared
will result in an approximate
outlay of \$250,000. Clearance in
the past few years has amounted to
approximately 40,000 annually, but
the total this year is expected to be
60,000 or more.

Speaking to the Canadian Club in
London, Eng., recently, E. W. Beatty,
President of the Canadian Pacific
Railway, contrasted the "irritating
tortoise-like slowness" of Canada's
population policy with Australia's
progressiveness. "We Canadians
would be wise to keep our gates
open for brains as well as brawn,"
he said.

One hundred and fifty delegates
of the Canadian Weekly Newspaper
Association will tour the British
Isles next summer, and hold their
annual convention in London, accord-
ing to decisions reached at the final
meeting of the convention here. The
party will leave about the first of
June, and will attend the British
Empire Exhibition. The tour will
last about six weeks.

Up to the end of 1922 dividends
paid by the gold and silver mines
of northern Ontario amounted to
over \$123,135,000. Cobalt camp was
discovered late in 1903 and hardly
began producing until 1905. Divi-
dends paid out of Cobalt mines
amount to \$93,863,820, which repre-
sents practically 50 per cent. of the
gross value of production. Porcu-
pine mines have paid \$28,472,983.

George E. Buchanan, of Detroit,
head of the "On to Alaska with
Buchanan" movement, will have 52
boys and 24 adults or members of
the boys' families when he person-
ally conducts his party from Van-
couver July 13 via Canadian Pac-
ific "Princess" steamer. Buchanan
thinks, with President Harding, that
a trip to Alaska is a liberal educa-
tion to any boy who takes it. He
puts up one-third of the expense, the
boy earns one-third and the boy's
parents put up the remaining third.
