W. I. CONVENTION HEARD REPORTS OF GREAT INTEREST

Supplying of Milk in Fredericton Schools Particularly Mentioned — Conference This Afternoon on Health.

The New Brunswick Women's Institutes assembled here in twelfth annual convention received the reports of conveners of standing committees. The committees on Education, Home Economics and Immigration did not function during the year and no reports were received but interesting reports were presented on Legislation and Health.

Mrs. Fleming of Petitcodiac reported on Legislation. Matters which had been touched upon during the year were Prohibition Motion Pictures Resolutions, Fire Prevention, Forest Conservation and Dower Rights. Particular reference was made to the fact that a provincial commission had been named to deal with Mothers Pensions. The Westmorland County Fire Law was referred to particularly.

Miss Meiklejohn reported for the committee on Health emphasizing the prevention of disease in contrast with the curing of disease. This afternoon Miss Meiklejohn held a conference at which she answered questions in connection with her department.

Mrs. Harry Crocker of Moncton read a paper on "The Meaning of Federation." She dealt with the problem of having closer relationship among the various Provincial Branches and showed the strength which would result.

Some twenty reports from Branch Institutes were received. Various topics dealt with were road signs for tourists, travelling clinics, removal of adenoids and tonsils, surgical outfits purchased, expenditure of $370 by Fredericton Institute for milk for pupils in the public schools, shade trees, chemical fire engines, screens in school windows.

The report from St. John also referred to the fact that Lady Byng had consented to become honorary member of the institute.

Wednesday Afternoon.

The convention devoted the greater part of the Wednesday afternoon session to the hearing of the reports from branch institutes. The reports were numerous and went into the year's activities in detail.

Poultry Raising.

The first address of the afternoon was by Leslie Wood, Provincial Poultry Supt., who took as his subject "Poultry" and pointed out the various ways in which poultry-raising could be worked in with home economics.

The report was discussed.

Short Courses.

Miss Louise Wetmore of Clifton delivered an address upon "Women's Institute Short Courses" making particular reference to the courses given last winter at the New Brunswick Agricultural School in the Dominion Experimental Station in this city and emphasizing the value.

Discussion on this report also took place.

The reports from the branch institutes then were received.

W. H. Allen Heard.

Wednesday night the convention heard W. H. Allen of Penniac, President of the N. B. Guides' Association, give his lecture upon the special motion pictures of big game and other nature topics in this province.

PERSONAL MENTION

Mr. W. C. Newcombe and his neice, Miss Hester Bray of Moncton, who have been in the city for several days returned home by auto this afternoon.

Mr. D. Magee of D. Magee's Sons, Limited, St. John, is among the visitors to the city today.

Miss Eleanor VanBuskirk returned home last evening from Wolfville, where she has been attending Edgehill Ladies College.

Postal Employees On Strike in Moncton Toronto and Montreal

Postmasters Have Orders to Replace Them if not At Work Today—Cabinet Guarantees New Wage Will Not Be Less Than Present Salary Plus 1924-25 Bonus Until Entire Pay Question Is Reviewed—Ottawa Opinion Thinks Walkout Will Not be General—Halifax Employees Divided—Montreal Workers Boo Postmaster.

Toronto, June 19—Postal employes would not consider the Dominion Government's new offer to readjust the pay schedule, it was announced late last night by Frank Shea executive member of the Postal Mail Clerks and Albert Hull president of the Leter Carriers who had been deputed to act as mouthpieces for the strikers. They said that there would be a general postal strike throughout Canada today.

Ottawa, June 18—Unless postal employes appear at work at 10 o'clock tomorrow morning postmasters all over Canada have orders to replace them.

Back on Jobs.

Montreal, June 18—The Montreal and district workers are back at work again. Tonight Postmaster Victor Gaudet issued the following statement:

"Everything appears settled for the moment. We have had news that 24 hours respite has been given. The men left at 5 o'clock but they went back during the evening with the understonding that they will remain until 5 o'clock tomorrow afternoon.

"Thus everything is proceeding as usual. The mail clerks are at work and the letter carriers will be on their rounds tomorrow morning.

"For the moment there is no change tt all in the Montreal postal situation. We await the events of tomorrow."

Hold Off for 24 Hours.

Ottawa, June 18—The strike of postal workers called for 5 o'clock this afternoon has been deferred until 5 o'clock tomorrow. After a whole day of conferences between a sub-committee of the cabinet and representatives of the Postal Workers Delegation decided to refer a new proposal made by the Government to the workers themselves before the strike order went into effect. This proposal was embodied in a letter written after a full meeting of cabinet council early this afternoon by Hon. Charles Stewart, Acting Postmaster General, to G Archer, secretary of the Canadian Federation of Postal Employes. The letter contained two new proposals.

Government's ProPosals.

(1) Where any postal employe under the new wage schedule will receive less than his present salary plus the 1924-25 bonus, the bonus will be continued until the salary revision for the entire service has been consummated.

(2) When the revision is complete, opportunity will be given to postal employes or to employes in any other Government Department to present their objections to the new schedule to a sub committee of the Government "and to discuss such matters of differences as fully as may be necessary to ensure a thorough understanding."

Conferences Held.

Conferences between representatives of the Dominion Federation of Postal Employes and Acting Post-master-General Charles Stewart, Hon. J. H. King, Minister of Public Works and Hon. A. B. Copp, Secretary of State opened this morning in the office of the Minister of Labor shortly after 10 o'clock. They continued until nearly 1 o'clock when they were adjourned to allow the members of the cabinet to discuss the matter in full cabinet council.

For more than an hour consideration was given by the Government to the situation and finally the matter was left with a sub committee.

The result of the deliberations of the sub-committee was the drafting of the letter in which the two new proposals were made. This, it was stated constituted the final offer of the Government.

At about 3 o'clock in the afternoon representatives of the Domonion Federation of Postal Employes again met Hon. Charles Stewart and Hon. James Murdock and were given the Government's proposals. They were then left alone in the office of the Minister of Labor to discuss the matter and decide what course to pursue. Their deliberations lasted for a long time and it was not until a quarter to five just 15 minutes before the strike order would go into effect, that they emerged.

Deferred For Day.

The Acting Postmaster-General informed the press that further consideration was being given to the Government's proposals and the strike had been called off for 24 hours.

J. A. Archer secretary of the Federation, stated that the proposition was "being put up to the men." He was not recommending either that they accept or reject it but was leaving them free to choose the course which they would pursue. By means of telegraph and long distance telephone the various local unions throughout the country are being advised of the Government's offer and the members of the delegation the majority of whom will remain in the city until the matter is decided are holding themselves in readiness for further conferences with the Government.

ExamPles Given.

The proposal of the Government in regard to the continuation of the monus when the salary recommended by the Civil Service Commission is less than the salary being received by the employe, plus the 1924-25 bonus when the salary recommenr the smaller salaried employes.

The following may be regarded as typical. In the case of the postal helper whose salary plus the 1924-25 bonus at present runs from $1,095 to $1,458 a year the salary recommended by the Commission is, minimum $1,020, maximum $1,260. In this case the bonus will be continued.

The present salary of the letter carriers runs from $1,095 to $1,458 a year when the bonus is taken into consideration. The salary recommended by the Civil Service Commission is $1,080 to $1,440. The bonus would also apply in this case.

The postal chauffeur is now paid a minimum salary, plus bonus, amounting to $1,215 and a maximum of $1,458. Under the Civil Service Commission schedule he received a minimum of $1,140 and a maximum of $1,440.

The railway mail celrks salary plus 1924-25 bonus, runs from $1,155 to $1,654. Under the Civil Service schedule the minimum would be $1,080 and the maximum $1,740. The bonus would be continued in the case of some clerks of this class.

To Be Replaced.

Ottawa, June 18—At all points where postal employes have already gone on strike postmasters have been notified that the men are to be given till 10 o'clock tomorrow to return to work. If they do not return by that hour they are to be replaced Telegraphic instructions to this effect were issued tonight. Questioned tonight on the situation which has arisen in Montreal, Toronto and Moncton by reason of postal employes there having already struck work Hon. Charles Stewart, Acting Postmaster-General said that the mails must be moved. If the men were not back by 10 o'clock tomorrow morning postmasters had been instructed to take steps necessary to see that the mails are moved.

"What is the present position in regard to negotiations?" Mr. Stewart was asked. "We are still waiting for a reply to our proposals" Mr. Stewart replied.

TAXI CASES KEPT POLICE COURT BUSY

Convictions Made and Penalties Imposed in Several Cases—Some Allowed to Stand.

There were a number of taxi drivers and owners in the police court Wednesday afternoon on various charges. In some cases the accused were allowed to go but in others penalties were imposed.

There were two cases of cars being parked for a longer time than necessary. In one a fine of five dollars was imposed and the other was dismissed the driver of the car being at his dinner during the time the car stood.

A taxi driver was convicted of going out of the bounds provided for hackmen at the C. N. R. station, to solicit passengers. The case was allowed to stand.

A charge of driving a taxi illegally not being owner or a licensed driver was heard and adjournment of the case made.

The owner of a taxi pleaded guilty to permitting the vehicle to be driven by a man not a licensed driver. The case was adjourned.

The same owner was charged with not reporting the dismissal of a licensed driver from his employ and with failing to turn in the driver's badge.

Ten Days in Jail.

James Murphy who was convicted of being drunk went to jail for ten days in default of paying a fine.

City Hall ImProvement.

Additional light for the main corridor of the City Hall is being provided by the installation of glass in the fanlight over the main door which heretofore was closed with wooden panelling.

Took Over Calf-moose

The Department of Lands and Mines this afternoon took over the care of the calf-moose which followed William Shepherd of Barker's Point home a week ago Sunday and which has been cared for by him since. A motor-truck with a crate in it was sent for the baby moose and it will be given new quarters till large enough for other disposition to be made

SPECIAL ATTRACTION AT THE CAPITOL THEATRE

"Girl shy" is the photoplay at the Capitol for the last half of the week featuring Harold Lloyd.

Anything to be said about Harold Lloyd's "Girl Shy" should be said with chuckles. It is foolish to attempt to put laughter into words. We enthusiastically and amid hearty guffaws recommended it as a thing of unflagging delight and invention; of laughter almost uninterrupted. It has moreover, four or five incidents of comic richness equal to the best of Chaplania.

Harold the serious, the always expectant, the inevitable surprised, wanders in "Girl Shy" through as delicious a series of sidesplitting adventures as we can remember having seen on the screen or elsewhere. It is the best Harold Lloyd movie we have ever seen—a statement perhaps somewhat vitiated by the fact that we always find the last better than those that have gone before.

As a fun-maker, we are inclined to believe, Lloyd in the present film stands level with Chaplin at his best. Only in the expression of the flicker of tragedy that lies, perhaps, at the bottom of much that is comic, need he yield.

Rub the Spine for Back-Ache—
Simple Treatment to Take Out the Pain

The pain and misery of an aching back is quickly rubbed away by trusty old Nerviline. This famous liniment is about five times stronger and more penetrating than anything else you have ever used. It sinks in, goes down deep, and certainly does take the kinks and torture out of your troubled back.

Nerviline is a powerful counter-irritant. It is warming and soothing. Wherever there is Congestion, Neuralgia, Rheumatism, Sore Chest or Throat, you can depend on Nerviline for speedy relief. Get a 35-cent bottle today.
