

DEPARTMENTAL
EXAMINATIONS
ON JULY 1st

About Fifteen Hundred
Expected to Write—
Teachers' Licenses Ex-
amination Tuesday—
Four Hundred Here.

The Departmental Examinations conducted by the New Brunswick Department of Education will begin this year upon Tuesday, July 1st. The fact that the day is Dominion Day and a public holiday makes no difference as the law sets the first day of July as the opening day. University Matriculation, High School Leaving and Normal School Entrance examinations are to be held in the series. A total of about 1,500 is expected and applications to date number 1,441.

About one thousand applications for Normal School Entrance are expected and 970 applications are in now coming from all parts of the province. Candidates last year numbered 1,059. Applications for Matriculation number 352 and for High School Leaving 78. Last year 308 wrote the Matriculation papers and 67 the Leaving.

License Examination.

The examinations for Teachers' Licenses will begin tomorrow at Fredericton, St. John and Chatham. Fredericton is the largest of the three examining stations because of the location of the Normal School here. Upwards of four hundred candidates will write the papers at the three stations. There will be about four hundred writing here largely composed of some 359 Normal Students and those of the University of New Brunswick who will write the Grammar School papers. Last year 430 wrote.

The numbers writing in both examinations are expected to equal or exceed those of last year.

Reports Highway Fine.

The road between Fredericton and Newcastle was never in better shape according to a commercial man in conversation with the Telegraph-Journal in St. John last evening. The distance, which is roughly 106 miles, he said, he traveled in a little better than three hours. No less than three years ago, he said, he would have been lucky had he been able to make the trip in six hours, and that was only if he did not go in the ditch.

BICYCLE
THEFT CASE
IN SUNBURY

Young Boy on Speedy
Trial in Minto Case
on Tuesday — York
County Court Same
Day.

Judge Slipp will hold Speedy Trials Court tomorrow at Burton in the case of The King vs Trueman Briggs, a Minto boy charged before Magistrate Lawson with stealing a bicycle belonging to Harry Andrieson of a Minto miner who is the complainant. The prisoner who wheeled to Chipman where he sold the bike, was arrested by Constable Louis Morrell and lodged in Burton jail, after being sent up for trial by Police Magistrate Lawson. He does not deny the charge, but he testified at the preliminary hearing that he endeavored to buy back the wheel to return to the owner.

From the reports to hand there are mitigating circumstances in the case as the accused who is little more than a boy has been acting strangely of late, and much sympathetic interest has thereby been enlisted in his behalf.

York County Court.

Judge Slipp also will preside over the adjourned sitting of the York County Court here on Tuesday. That court will sit in the morning the Judge going to Burton in the afternoon. The application of Nicholas Aliotis of this city for naturalization is to be heard, the applicant being a citizen of Greece, and Harold Broad of this city is to appear on a charge of breaking and entering into the grocery store of Joseph Wilby, Westmorland street.

Sunbury County Court.

A regular sitting of the Sunbury County Court is to take place on Friday. The case of Clowes vs Minto Coal Co. is for trial on that date.

Married Victoria Day.

Announcement is made of the wedding at the Methodist Parsonage, Marysville, on May 24th of Miss Amber Collings, daughter of Mr. and Mrs. Fred Collings of Marysville, and Charles Brown, son of Mr. and Mrs. Bert Brown, also of Marysville. The ceremony was performed by Rev. J. J. Pinkerton. The young couple will reside in Marysville.

SPOON-FEEDING
BABY MOOSE AT
BARKER'S POINT

Little Animal Followed
William Shepherd
Home out of Carlow
Woods Saturday—Be-
ing Cared For.

Barker's Point since Saturday night has had a great attraction in the form of a baby moose which is being spoon-fed until it becomes strong enough to take nourishment in some other way. The little animal appeared in the woods in the direction of Carlow on the Richibucto Road and attached itself to William Shepherd who was cruising about. The moose showed no fear and followed like a dog finally reaching Mr. Shepherd's house. There it was put in the poultry yard and appeared content with its new surroundings.

Instructed to Care For it.

Mr. Shepherd got in communication with Chief Game Warden L. A. Gagnon and explained the situation to him. The Chief Game Warden gave instructions to care for the animal and said that the Department would meet the expense. According to the Game Act a game animal cannot be kept in captivity unless under special permission.

Moose Rather Weak.

The little moose is rather weak and evidently lost his mother by some accident. It cannot eat and is being spoon fed at present. In spite of its weakness the moose shows resentment at the approach of the dog belonging to the house and drives him away. The poultry it regards with indifference.

The animal was a great centre of attraction many persons visiting Mr. Shepherd's place to see the animal.

Had Good Sport.

A party composed of W. A. McLellan, Bernard McKenna and Ingraham Lloyd have returned from a week's fishing trip to Ben Griffiths camp on the Pokioke. They had excellent sport and landed three dozen nice trout, some of which tipped the scales at two pounds.

N. B. Birds Lead.

A pen of Barred Rocks owned by Mr. R. A. Snowball of Chatham are leading the heavy breeds in the Dominion Egg Laying Contest at Ottawa. This pen has produced 1,233 to date.
