BRITISH GOLF TEAM WILL GO AFTER WALKER CUP DURING SEPTEMBER

United States Has Been Successful in Defending Trophy for Two Years—Invading Britishers Will be Strong Aggregation.

New York March 2—Great Britain has challenged America for a 1924 contest for the Walker Cup, emblem of international amateur golf supremacy, and will send its best players to this country for the matches which probably will be played early in September.

Formal acceptance of this country's invitation was contained in a cablegram received by Cornelius S. Lea, secretary of the United States Golf Association, from Henry Gullin, secretary of the Royal and Ancient Golf Club, the governing British links body.

Because of expected difficulty in financing an American invasion this year, Britain's challenge has been in doubt, but apparently this has been overcome so that there will be no break in the series, begun in 1922.

The international tests this year probably will be played on a course in the New York or Philadelphia districts prior to the National amateur championship, at the Merion Cricket Club, beginning Sept. 20. The British players will compete in the title tournament.

No official word as to the personnel of the British team has been received but it probably will be led by Roger Wethered, present amateur champion, and may include Cyril Tolley, ex-champion; Robert Harris, ex-team captain; E. W. E. Holderness, another ex-titleholder; and C.

An invading British team was vanquished eight matches to four at Southampton, N. Y., in 1922, while last year, at St. Andrews the Yankee team came from behind to score a sensational victory by the margin of six matches to five, with one squared.

FIRPO MARKS WILLS OUT

Buenos Aires, March 2—Luis Firpo says that henceforth he will ignore Harry Wills, the negro heavyweight fighter as regards a fight with him. He declared that his next great battle will be with Jack Dempsey, although nothing definite in this direction has been arranged. Firpo adds that Wm. McCarney his representative in New York, has called off the negotiations with the Raymond syndicate for a fight with Wills with his consent, as he could not meet the conditions the syndicate desired to impose.

CHANCE WILL JOIN TEAM SOON

Chicago, March 2—Johnny Evers, coach of the Chicago White Sox received a letter from Frank Chance, manager of the club, advising that he is feeling much better and will report to the training camp March 10.

Evers will be in charge of the club in the meantime. The first squad of White Sox players will depart for the Winter Haven, Fla., camp tomorrow.

CANADIENS QUALIFY TO MEET OTTAWA

Beat St. Pats 4 to 1 Saturday—Hamilton won from Ottawa.

Toronto, March 2—Canadiens practically qualified to meet Ottawa in the National Hockey League play-off by defeating St. Patricks here last night by 4 to 1.

Hamilton, Ont., March 2—Position means nothing to Hamilton hockey fans, for despite the fact that the outcome of Saturday's game here between the Hams and Ottawa had absolutely no bearing on the league standing, close to 4,000 people turned out and they were treated to a game made up of good and bad hockey in which the Hams emerged victorious by a score of 5 to 2.

MONCTON LOST AT ST. JOHN

St. John, March 3—Many of the local sporting fraternity lost another good opportunity to see the St. John hockey team in action on Saturday night when they defeated the fast Moncton sextette by the score of 2 to 1. The game, despite rather sticky ice, was fast in spots.

THE HAIRPIN AS A MEDICINE

"Where are my hairpins?" exclaimed our chauffeur searching frantically in all the pockets of her car. We were blankly astonished for we knew her hair to be bobbed with the latest brevity. We said as much.

She drew out the elusive packet from under the front seat and threw us a pitying glance.

"Don't you know it's snowing?" she demanded. Don't you know that as a careful driver I have chains on the car? Don't you know a link may break and begin to knock-knock-knock in the most maddening way? And a wire hairpin is the best medicine for the trouble," she concluded, with the positive tone of one addressing mere male intelligence.

"With a hairpin and a buttonhook and a nail file, I can do, oh, lots of things with a car. Those garage men don't know everything."

Meekly, we accepted her word, not asking for further details and mentally pictured that little car in a recalcitrant mood submitting helplessly at sight of a shoe buttoner and a manicure file in a feminine hand.

Magistrate—"What sort of a man did you see commit the assault?"

Witness—"He was a small, insignificant looking creature, your honor, just about your size."

Gagetown Driving Club Good Racing in Two Classes on Saturday

Jeffrey Captured Free-for-All in Straight Heats, with Money Man Second—Jennie Palmer and Prince Arion Each Took Two Heats in the 2.30 Class.

(Special to the Daily Mail)
Gagetown, March 3—The Gagetown Driving Club conducted another very successful afternoon's racing Saturday. Two classes were run off furnishing seven straight heats. The Free-for-All was decided in straight heats by the 2.30 after four heats was an even split. Darkness coming on, it was decided to race no more, the two leading horses breaking even.

The racing took place on the half mile straight away ploughed out on the Gagetown Creek with road-ploughs. The track was fast and some great heats were raced. The attendance was good with many distant places represented among the spectators. Fredericton had quite a representation.

Friday night a dance, supper and bridge were held as a benefit for the club and a substantial amount was realized.

Money Man, second in the Free-for-All is a recent importation from the Dewitt string in Woodstock. The

Her Children Had Whooping Cough

This is one of the most dangerous diseases of children. It starts with fever and cough. The cough is at first short and sharp, but gradually increases in severity and occurs in sudden spasms, vomiting follows, and sometimes there is nose bleed; the child turns livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent till relief is brought on by the "whoop."

Dr. Wood's Norway Pine Syrup will clear the bronchial tubes of the collected mucous and phlegm and in this way ease the racking cough, and in a short time make it disappear.

Mrs. L. Ambrose, Sarnia, Ont., writes: "My little ones were both sick with whooping cough. I read what Dr. Wood's Norway Pine Syrup was good, and I only used two bottles and they were better. I had chronic bronchitis for three years and tried everything until, finally, I got "Dr. Wood's". I would not be without this remedy."
