Street Light Extension to Experimental Station Carried

City Council Took Division on Question—C. N. R.
Given Right to Cross Streets with Sidings—
Concessions From Railway to City—Bonus to
Principal Assessor.

The City Council in regular monthly session Tuesday night decided on division to extend the street lighting to the Experimental Station. The proposal of Ald. Davidson that Wilmot Park be lighted remains in abeyance for this year. The Council also put in effect the bylaw relating to selling market privileges in Phoenix Square under license.

The Council also endorsed the scheme for the celebration of the Diamond Jubilee of Confederation.

Auditor's Report.

The report of the City Auditor on expenditures for the month of April was passed as follows;—

Water	\$ 2,316.38
Sewerage	135.05
Roads and Streets	2,128.35
Public Works	62.67
Street Light	93.37
Fire	425.31
Admin. of Justice	779.22
Municipal Home	.83
Board of Health	306.12
Contingent	640.13
Market and Scales	7.00
City Hall	39.32
Insurance	706.91
Local Improvement	400.00
Salaries and Pensions	1,475.80
School Trustees	9,000.00
Debt Interest	1,640.00
Sewer Construction	3,799.03
Total	\$23,994.62

Bonus For Assessor.

On motion a bonus of \$200 was voted the Principal Assessor, Peter Farrell, for extra work done during the year.

On the motion of Ald. Thompson, the sum of \$50 per month was voted Mrs. George E. Clynick and the five members of her family under the age of fifteen years until the end of 1927.

Fire Department.

On the motion of Ald. Currier the Nominal Roll of the Fire Department was adopted as follows;—

No. 1 Hose Company.

(Nominal Roll.)

C. Williams, Capt.; J. Sussey, 2nd Capt.; A. Parsons, J. Roberts, James Toner, Fred Toner, Francis Carten, Ernest Fraser, Walter Stapledon, Thomas Doherty.

No. 2 Hose Company.

W. P. Grannen, Capt.; K. H. Walker, 2nd Capt.; Robert Coombes, H. O'Neill, E. King, M. Williams, H. Lyon, G. Darlington, W. Cale.

Hook and Ladder Co.

W. Kerr, Capt.; Robert Poor, Arthur Jewett, John Toner, Clem. Toner, Fraser Dunbar, Donald Tompkins.

C. N. R. Crossings.

Ald. Currier seconded by Ald. Mitchell moved that the Canadian National Railways be given permission to install sidings across Westmorland street and Hanwell Road under direction of City Engineer.

Ald. Currier explained that the C. N. R. authorities had stated that a rearrangement of tracks was intended shortly and that no objection would be made to extension of Aberdeen street.

Ald. Mitchell stated that the C. N. R. also had expressed a desire to aid the city in straightening the "back drain" so called.

Ald. Currier read a report from City Engineer MacKay relative to extending Aberdeen Street across the C. N. R. tracks by taking part of the Mersereau and Law properties and making a curvature in the street. On his motion the matter was referred to the Roads and Streets Committee to report at the next meeting.

Street Light Extension.

Ald. Currier also brought up the matter of extending the street lighting system to the Experimental Station. Ald. Davidson, the chairman of the Light Committee had expressed a wish to light Wilmot Park prior to extending the lights to the Experimental Station. He would move that the extension be made to the Experimental Station.

Ald. Mitchell seconded the motion,

stating that he favored it although the chairman, Ald. Davidson, had not favored it. Arrangement might be made for a couple of lights at the park.

Ald. Davidson said he had not changed his mind. Conditions at night in Wilmot Park were disgraceful and the people living there wanted lights. Extension to the Experimental Station could wait a year.

He would move in amendment that the Council go on record as favoring the extension in 1928.

Ald. Thompson seconded the amendment.

Ald. Hay spoke in favor of the amendment.

Ald. Richards asked Ald. Davidson if an estimate for lighting Wilmot Park had been made.

Ald. Davidson said that the intention was to install three rows of three lamps each across the park with a cut off to turn the lights off in winter time. The cost would be about \$600.

Ald. Richards said that meant an expenditure of \$600 to do what the police were supposed to do. He could not support the amendment.

Ald. Mitchell said the conditions of which Ald. Davidson complained in Wilmot Park existed in many other sections and would continue. It would be impossible to light the whole area of the city in order to prevent cars parking along roads.

Ald. Davidson replied that no other town would permit such conditions to exist in a park in the centre of the place. He would press his amendment.

The amendment was declared lost on the following vote;—

Yea—Thompson, Hay, Davidson.
Nay—Goodspeed, Currier, Richards, Smith, Mitchell.

The original motion was declared carried.

Confederation Jubilee.

His Worship Mayor Clark presented a verbal report on the meeting of the Provincial Committee on the Confederation Jubilee celebration. He suggested that the entire council be placed in membership of the local committee. Fredericton as the Provincial Capital would have a special celebration.

Ald. Mitchell moved that the Council express its willingness to act in the matter, meeting at the call of the Mayor.

Ald. Richards seconded the motion which carried.

His Worship announced that the entire membership of the Council would be considered as belonging to the local committee.

DUKE OF YORK GREETED AT ADELAIDE

Adelaide, Australia, May 2—The Duke and Duchess of York today met 2,000 ex-service men, who sang "Tipperary" and other familiar war tunes with redoubled zest when they saw the royal visitors joining heartily in song. The veterans cheered their spokesman when he said that though they were not now on active service, they were ready to serve the King and the Empire again, any time they were called.

The Duke made a short speech of thanks, addressing them as "fellow-diggers." Afterwards the Duke proceeded to the military hospital.

DAYBREAK.

My yacht skims over the moonlit sea
Passed where the bell-bloys toil.
A thousands mermaids blow the breeze.

That carries my yacht to its goal.
They have studded the sky with a myriad stars

Pearls from the depths of the sea;
While the moon keeps watch over every orb

The mother-of-pearls to me
I sight my goal in the eastern sky
The dawn of another day;
The shimmering gray, the morning air.

That chase the night away.
So back I skim with the morning air
That chase the night away.

So back I skim with the morning star

As I race the rising sun.
Its rays a billion golden threads
Are beaten into one.

A path of molten gold they form
Along the course I skim
To whitecaps breaking on the shore
Chanting the morning in.
