The Mayor of Baltimore the Victim of a Bomb Outrage

**Explosion Occurred at His Home This Morning—
A Time Bomb Placed Beneath the Porch—
Explosion Caused Considerable Damage But
Nobody Was Injured—Church at Philadel-
phia Rent by Bomb Explosion.**

(Special to the Daily Mail by the British United Press)

Baltimore, Md., Aug. 6.—The home of Mayor William F. Broening here was bombed at six a. m. today. The rear porch was demolished and caught fire and all windows for a block around were broken, but the mayor's wife and two children in the house were uninjured. The mayor was absent from the city.

Police believe a time bomb was set under the Broening porch at 2 a. m. At that hour William Broening the mayor's son, sleeping in a rear bedroom was awakened by noises in the back yard.

A neighbor's dog growled, raced across the Broening yard and began scratching and gnawing at the porch lattice work. Young Broening called police who investigated to no avail.

AMERICANS ARE COMING TO FISH SALMON

**Rolland Wheeler is Pre-
paring to Exploit the
Upper Pools on the St.
John River — Better
Than the Miramichi.**

Mr. Rolland H. Wheeler who lives next door to the Hart's Island salmon pool and has just completed a fine bungalow on the bank of the river for the accommodation of visiting anglers has a number of American parties booked for August and September. He is arranging to take some of his parties by train to Woodstock or even to the Mouth of the Tobique if they care to go that far, and canoe them down to Springhill. Mr. Wheeler has visited the up river district and he has not the slightest doubt that a fishing party whipping the various pools between the Mouth of the Tobique and Hart's Island will have just as good if not better sport than is available on the Southwest Miramichi and can make the trip in greater comfort and safety. It is a trip that will appeal to lady anglers also as apart from the Meductic Falls there is no water that will inspire a nervous feeling.

An Expert Angler.

Mr. Wheeler acquired a knowledge of fly casting at the Hart's Island Pool and The Mail has no hesitation in saying that he is one of the most expert salmon anglers in the province. He caught the largest salmon taken from the pool in the year 1925, a twenty-two pounder—and landed it with practically no assistance. Because a guide has a reputation of being a successful moose hunter it does not follow that he is a salmon angler, although many well meaning people seem to have got that impression. Mr. Wheeler has specialized in salmon angling for over ten years and knows the game from A to Z. He is also an expert canoeist and it would be pretty hard to find a stretch of rough water in New Brunswick which he would be afraid to tackle in a canoe. Mr. Wheeler is a gentleman as well as a skillful angler and canoeist and the parties who engage his services on the St. John river are assured of a square deal and a good time.

Fredericton has had more visiting anglers this season than ever before and men of the type of Mr. Wheeler are deserving of every credit for their efforts to exploit the noble St. John River as an angling proposition and incidentally bring business into Fredericton.

WOMEN'S DRESS IS APPROVED

THE PRESIDENT OF THE U. S. IS UNDER GUARD

**Trouble Threatened if
Sacco and Vanzetti
are Executed.**

PRECAUTIONS BEING TAKEN

**Scotland Yard Watch-
ing Embassies and Le-
gations in London.**

(Special to the Daily Mail by British United Press)

Rapid City, S. D., Aug. 6.—The president of the United States today was surrounded by a guard as heavy as that which protected the chief executive during the war, following reports of radical violence protesting against the electrocution of Sacco and Vanzetti.

Taking Precautions.

London, Aug. 6.—Scotland Yard today prepared for trouble in the vicinity of embassies and legations in connection with possible violent protests against the death sentence imposed in Massachusetts on Nicola Sacco and Bartolomeo Vanzetti.

The special branch of the Yard which is responsible for the protection of embassies and Legations were reinforced.

HAS NEW IDEA FOR SETTLING WAGE DISPUTES

(By HERBERT BAILEY
(United Press Staff Correspondent.)

London, Aug. 6.—A new idea for settling wage disputes in industry has been evolved by the reply of the Shipbuilding employers to a demand from their workers for an increase of ten shillings a week.

In its present state this industry cannot afford to pay higher wages, but the employers are willing to co-operate with the workers union in fixing an index by which wages will rise or fall automatically in accordance with their ability to pay.

The Union in question is now considering the proposal and if it is adopted it is likely that other similarly depressed industries will follow suit.

JAP HEADLINE WRITER WAS AWARDED PALM

(Special cable to The Daily Mail by the British United Press)

Pekin, Aug. 6.—Pekin's foreign correspondents always on the alert for the manner in which their newspapers handle stories sent from here, have voted special honorable mention to the desk man on the Japan advertiser Tokio, who had lined a story thus: "Chang's police chief rails and rants, as Pekin's beauties do their pants".

USES A FORK AS TOOTHPICK; ASKS DIVORCE

Glendale, Cal., Aug. 6.—William P. MacMullen, real estate dealer, persistently picked his teeth with his fork after each meal and, even though his wife, Helen E. MacMullen, pleaded with him to mend his manners, he refused to do so, according to her complaint for divorce.

The complaint declares there is \$250,000 worth of community property and prays for a settlement. Furthermore, Mrs. MacMullen declared in the divorce action, her husband became angry and once compared her to Ruth Snyder, recently convicted to murder and sentenced to death in New York. The MacMullens have been married 18 years.

A \$30,000 Diamond Robbery was Staged At Montreal Today

**St. Catherine Street Jewellery Store the Scene of
One of the Most Spectacular Holdups of Re-
cent Years—Three Men and a Woman Tied
Up the Clerks, Secured the Loot and Depart-
ed.**

(Special to the Daily Mail by the British United Press)

Montreal, Aug. 6.—A tray of diamonds valued at \$30,000 was stolen from a west end jewellery establishment on St. Catherine street, at nine o'clock this morning in one of the most spectacular and daring holdups to occur in this city in recent years. Hundreds of people were passing the store at the time of the robbery, but the bandits, one of whom was a woman, escaped with their booty before an alarm could be raised. The victimized establishment is the Capitol Jewellers Limited, situated at 429 St. Catherine Street West, in the centre of the theatrical district, and is owned by D. Shapiro, who was on his way to work when the holdup took place.

A Woman Took Part

At nine o'clock this morning two men and a woman entered the premises, ostensibly to purchase a diamond ring. As the store had just been opened for the day, all the diamonds and other valuable jewellery were still in the safe and to procure the desired ring one of the two clerks went to the rear of the store. He had no sooner opened the safe than another man, who had been standing outside, sauntered in and engaged the other employee in conversation.

Clerks Were Tied Up

The next instant the two clerks found themselves covered by three revolvers in the hands of the three male bandits, who forced them to sit down on chairs to which they were securely bound with electric tape. Not daring to shout for help, although hundreds of people could be seen passing the door, the clerks were soon rendered helpless by the intruders, who effectively silenced and blinded them by winding strips of the tape about their mouths and eyes. The bandits then seized a tray holding diamonds to the value of \$30,000 and walked leisurely out.

Philadelphia, Aug. 6.—A bomb exploded in the basement of the Emmanuel Presbyterian Church shortly after midnight today with damage to the building but no deaths.

The stained glass windows were shattered, doors torn from their hinges and the interior blackened.

The windows in a passing street car were broken by the explosion and flying glass injured several passengers who were taken to the presbyterian hospital.

ODD DRESS SUITS ARE A PUZZLE IN LONDON

London, Aug. 6.—American visitors who have been attending London social functions have expressed much surprise at seeing some men's dinner suits which seems to them to have come from a musical comedy show.

What would you say to a light blue jacket, or a white jacket, with light blue borders and lapels? Yet these are quite orthodox here, because they stand for scholastic or university honors.

The Leander Club members, who wear special evening dress, are rowing stars of the universities. Their evening dress consists of a dinner jacket of dark blue braided trousers, a single-breasted dark blue waistcoat with brass buttons, a dark blue tie, black patent shoes and socks of the celebrated Leander pink.

Most people like to give advice and some "give until it hurts."

UNINVITED GUESTS

London, Aug. 6.—Self-invited guests are becoming a menace to London's social world with the growing custom this season of two hostesses giving joint private dances. At one dance recently 250 persons arrived who had not been invited.

A New Arrival.

A daughter was born to Mr. and Mrs. C. Akerley last evening at the Victoria Hospital. Mrs. Akerley was formerly Miss Marjorie Hanson of this city.
