ELIMINATION HEATS AT
OPENING OF FREDERICTON
HORSE RACING TODAY

Sixteen Starters in 2.14 Class Makes it Necessary to Split Field—Four Races, Including the 2.08 Race on Holiday Card, Thursday—Ten Starting in Trotting Event.

The Fredericton Driving & Sporting Club's midsummer harness races commence this afternoon with a card of three attractive events.

The National Trotting Association's new rule providing for elimination heats will go into operation today for the first time in the East. The 1927 rule provides that when there are fourteen or more horses starting they shall be divided by lot and the racing association shall add ten per cent of the purse to be raced for in each elimination heat; then the first four finishing in each elimination heat shall enter the race off in the regular plan—in this case the three heat plan. The event which requires elimination heats is the 2.14 Trot and Pace in which sixteen of the twenty-five entries remained to start after the final withdrawals. That meant elimination heats and there were eight starters in each elimination and eight of the sixteen start in the regular three heat plan race which follows. Peter Taggart owned by the Jackson Motor Company, of Oxford, Mass., was favorite to win in the over-night betting, despite his defeat at St. Stephen last week; Twinkling Chick, last week's winner is not starting tomorrow, but Betty Direct, winner of the 2.16 class last week and winner of a heat in 2.08 on the Bay State Circuit for her owner driver E. P. Piper of Belfast Me., is well fancied, too.

The 2.20 Trot will have a big field, ten being left in that event. Birdsonia the New Hampshire winner of the past two weeks is favored to repeat for Red Hanafin.

Jackson Grattan arrived yesterday from Houlton, Me., and made his first start of the season in the 2.11 Pace; Caruso the Calais, Me., pacer which won last week at St. Stephen and Hedgewood K., the Woodstock entry, are the most highly favored in the field of eight, the other starters being Early Todd, Johnny Brown, Peterkin, Saccharose and Ruby P. Four events for Thursday the 2.08 Pace, the 2.16 Trot, the 2.19 Pace and the 2.30 Pace.

Probable Starters Tomorrow.

Following are the probable starters in the four events on the Fredericton Driving & Sporting Club's programme for tomorrow:

2.19 Pace.
(Purse \$400)

Amy K. ch.m., by Hedgewood Boy John Dillon, New Haven, Conn.

Peter Keys b.g., by Peter Potemkin. Higgins Bros., Dennysville, Me.

BARKER'S POINT
WILL NOT HAVE
A NEW SCHOOL

(Continued From Page Eight.)

or building a new one. The report stated that \$5,000 would be necessary for a new building or \$1,000 would be required to repair the old one. The committee favored a new concrete building, but the proposal was not approved.

The ways and means of raising money was discussed to some length, many of those present taking part, including some of the ladies who are property owners.

Many Speakers.

The list of speakers included Henry Harris, Russell Rickard, Henry Staples, Henry Carman, William Rickard, Guy Dunbar, Robert Scott, Allan Carman.

A motion to adjourn the meeting so that more information could be procured from the Board of Education was voted down, and an amendment declaring the present building to be satisfactory was adopted.

As a result of the action of the meeting two of the three school trustees have resigned and the Board of Education will now have to take action.

PROVINCIAL
GOVERNMENT
MEETS TOMORROW

(Continued from page eight.)

lected stock of liquors has been secured and it is understood will be retailed at prices somewhat lower than those which now prevail. Ale and stout, so it is said, will also be sold at a reduction in price.

WILL BUILD
FISH HATCHERY
AT WHITE MARSH

Florenceville, July 26—Harry Lynch Engineer in the Fisheries Department Ottawa, arrived here yesterday and will arrange for a crew of men to work on the fish hatchery at once. Mr. Lynch will supervise the building of the dam. The contract for the buildings, etc., has been awarded to Manzer Caldwell, of Bristol.

The hatchery will be situated about one mile from here at a stream called White Marsh, the land being bought from James Tapley, Mrs. Alice Wiggins and Mrs. Dan Merrithew. The site is practically located on the main river road to Wicklow. It is hoped that it will be completed by October.

PRINCE HAVING
GOOD TIME ON
THE VOYAGE

On Board S. S. Empress of Australia, July 26—Rainsqualls blowing swiftly and unexpectedly over the Atlantic coupled with a strong northerly breeze and swelling seas failed to depress the enthusiasm of the Royal passengers, the Prince of Wales and Prince George and their distinguished fellow passengers, Rt. Hon. Stanley Baldwin, prime minister of Great Britain and Mrs. Baldwin, journeying across the Atlantic aboard the Canadian Pacific liner Empress of Australia on a visit to Canada.

The occasion will form the precedent for the visit of a prime minister of Great Britain to a British dominion during his term of office.

IMPORTANCE OF
SANATORIUM

Sanatoria and Hospitals for Tuberculosis serve as a special and proper place for securing in every way possible the recovery of health of those attacked by Tuberculosis or if this be no longer attainable to give them the best humane care.

Besides the Curing of patients a great deal is done towards the banishment of Tuberculosis by teaching. Patients are taught how to protect themselves, their families and the public. Medical students and nurses are instructed as regards the Early Symptoms and Treatment of a Disease that will likely kill one in every 10 or 12 citizens in their Community.

These Institutions protect a community by caring for active cases that may spread Tuberculosis.

A proper and sufficient number of Beds for Tuberculosis Patients is the outstanding factor throughout the world in the Control of the White Plague.

When fashion found it couldn't do away with the short skirt, it evidently determined on a compromise and split the difference. The difference is what's left.

LOCAL SOFT BALL
TEAM DEFEATED
BARKERS POINT

A picked Soft Ball team from Fredericton played the Barker's Point team at Barker's Point last evening, before a very large and interested crowd. The score was Fredericton 16, Barker's Point 13. This is the second defeat for the home team this season. The battery for Fredericton was Burns and Curtis; Barker's Point, Rickard and Rice.

Score by Innings:
Fredericton 035 015 002—16
Barker's Point 103 024 030—13

Umpires—Duffy and Savage.
The game was full of thrills. Several double plays being pulled off by both teams while errors and two-base hits were numerous.

SPECIAL ATTRACTION
AT GAIETY THEATRE

"Man Power" is the photo play at the Gaiety for Wednesday and Thursday featuring Richard Dix.

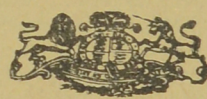

Byron Morgan who writes so many of the late Wallace Reid's racing fictions pounded the typewriter on "Man Power." Mr. Morgan can't, it seems tell a story unless there's an automobile in its plot. But this time the vehicle is a tractor that won't run. Does Richard Dix make it run? Does a cat lap cream?

Between the time when Richard finds the tractor and makes it run there are typical Dix goings on—natural, comic, romantic. His way with a maid is engaging. The maid is pretty aMry Brian a bit oversweet but a sweet kid, at that.

For the finals Mr. Dix battles hillsides slimy with mud. Rain pours out of heaven threatening a dam and thus a whole community. Scenically this episode is rousing convincing and the Dix brawn just what "Man Power" needs to be believed.

The Water Falling.

The water in the river which has been very high for the time of year fell a few inches. It is too high yet, however for salmon fishing at the Hart's Island Pool.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 9th September, for the conveyance of His Majesty's Mails, on a proposed Contract for a period not exceeding four years 6 times per week on the route: Mungerville Rural Route No. 1 from the 1st January, 1928.
