with same temperature today
and Friday.

VOL. XXXIII., NO. 218

FREDERICTON, N. B. THURSDAY, SEPTEMBER 22, 1927.

TWO CENTS PER COPY

Over Ten Thousand Paid Admissions at Big Fair

Yesterday was by Long Odds the Biggest Day of the Week—Fine Weather Prevailed and the Show Was Seen at Its Best—The Crowd Was Well Delighted With the Fair — Record Breaking Attendance Expected Today.

With upwards of ten thousand paid admissions in addition to three thousand and at the races, yesterday was the banner day so far of Fredericton's big 1927 exhibition. People from all points of the compass and of all ages thronged the buildings and grounds during the afternoon and evening and thoroughly enjoyed themselves. Glorious weather prevailed and all of the manifold attractions at the fair were seen at their best. The full program was carried out both afternoon and evening, and was greatly enjoyed by all. President Clark and his energetic board of directors are in constant attendance on the grounds and see to it that all departments are kept in good running order. The directors meet each evening at ten o'clock for the reception of reports and the planning of their work for the following day. Splendid organization work on their part is largely responsible for the success of the exhibition.

GOOD PROSPECTS TODAY

Weather conditions today are ideal and the city is thronged with visitors. All of the hotels are crowded to capacity and hundreds of guests were sent out last night to be cared for in private homes. Many citizens have cheerfully opened their doors to visitors and no difficulty is anticipated in finding accommodation for all who come along. Not a few motorists from near by points in Maine return home at night and motor back to the city the following day, thus relieving the pressure on the hotels. One city hotel last night found sleeping quarters outside for no less than one hundred guests. The races yesterday drew an attendance of three thousand people and with the free-for-all star attraction that number is likely to be exceeded today.

On the Fair Grounds.

Crowds of citizens and outsiders swarmed the Fredericton Exhibition grounds yesterday afternoon and evening. The weather was perfect. So far in spite of a rather poor day Monday due to rain, the attendance up to the present time far exceeds that of Monday, Tuesday and Wednesday of last year.

In the midway stalls and side-shows of every description were well patronized. Hot dog stands did a thriving trade, as also did the wheels of fortune, and that side-splitting contrivance, the Whip.

Judging of Stock.

While all this excitement was going on in a far less noisy, less crowded and it must be owned less popular corner of the grounds fine Guernsey and Jersey dairy cattle were being judged during the greater part of the afternoon as well as throughout the morning. The number of cattle entries this year is unique, cattle making up the greater part of the live stock exhibit. Holstein, Ayrshire, Shorthorn, Guernsey and Jersey are the breeds exhibited.

Exhibitors of cattle this year are doing it on a larger scale with the breed which they have specialized in. Those exhibiting Holsteins are: Harding Brothers, Welsford, N. B., fifteen head; Flemming of Truro, N. S., eighteen head; Cobequid Farm, owned by Dickie Brothers, eighteen head; McCarthy Bros., Sussex, N. B., twenty-five head. Exhibitors of Ayrshires are Fairview Farm, Charlottetown, P. E. I., eighteen head; McIntyre Brothers, Sussex, N. B., twenty-nine head; Ingsbrook Farm, Ings and Sons, Charlottetown, P. E. I., fifteen head. Showing the Jersey breed are Stead Bros., eighteen head. Lester of North Wilshire, P. E. I., sixteen head and lesser exhibitors. Exhibitors of Guernseys are Beach Hill Farm, Princeport, thirty head; Lewis Roper, Charlottetown, sixteen head. Shorthorns were divided into two classes, beef and dual purpose. The dual purpose, that is Shorthorns bred for both milk and meat, were eighteen in number, all from Brookside Farm, Rothsay, N. B., owned by F. R. Taylor.

The exhibitors of the beef Shorthorns were Harold Etter, Aulac, N. B., thirteen head and Thomas Etter, Aulac, N. B., thirty-one head, Charlie Trenholm, Fort Lawrence, N. S., twenty-six head.

Attractions Enjoyed.

Exhibition goers are certainly enjoying those Outside Attractions this year. Trapeze performers, graceful girl dancers, skilful bicyclists and striking costumes are some attractions which have combined to make this feature of the Fredericton Exhibition successful.

Not the least of this entertainment is the famed Cervone's Band, whose ser-

vices the Fredericton Exhibition secured at considerable expense.

Lieutenant Cervone and his band are from Pittsburgh, Pa., and have arrived here as an added attraction for the week of the Exhibition. Besides conducting the band, Lieut. Cervone plays several solos and takes a part in the quartet selections.

The large crowd which attended the races yesterday, showed its appreciation by generous rounds of hand-clapping as each number was rendered.

ROYAL WINDSOR IS MAKING GOOD PROGRESS

(Special to the Daily Mail by the British United Press)
Garden City, Sept. 22—Direct word of the progress of the Stinson monoplane Royal Windsor, dropped from the air by the fliers themselves was received today by the Rogers Air Line. One message was from Stratford Ont., and the other from Bay City, Michigan. The Royal Windsor passed over Bay City at 10.30 last night.

C. A. (Duke) Schiller, pilot and his mechanic Eddie Bohn were provided with weighted manilla envelopes before the start. The envelopes directed the flier to take them to the nearest telegraph office and file the contents to Garden City. The Stratford message said: "Still going, all's o.k. just eating. Weather clear now, had some rain." (Duke and Eddie).

ENGLAND TRIES ITS NEW PLAYS ON THE DOG

London, Sept. 22—Just as in the United States, Atlantic City or New Haven is usually chosen to test new plays before their New York production so Liverpool or Glasgow is generally the city where a new show is "tried on the dog" before it reaches London.

Liverpool previously to the first night at His Majesty's Theatre here net Wednesday is giving Gertrude Lawrence in "Oh Kay" a wonderful welcome at the Empire Theatre. It is unusual for an English girl to create a role in New York and then bring the piece triumphantly across the Atlantic.

Again on the Job

Mr. Donald Innes, the veteran agriculturist of the Tobique, now in his eighty-seventh year is again in charge of the root and vegetable display at the Fredericton exhibition and is being welcomed by many old friends.

TODAY'S PROGRAM.

9.00 a. m.—Gates open.
9.30 a. m.—Judging continues.
2.00 p. m.—Attractions in front of the Grand Stand.
RACING—
2.15 Trot or Pace. Purse \$1,000.
Free-For-All. Purse \$1,000.
2.19 Trot. Purse \$400.
7.00 p. m.—Outdoor Attractions in front of Grand Stand.
9.00 p. m.—Dancing in Amusement Hall.
10.30 p. m.—Gates Close.

THE STINSON MONOPLANES MAY WIN OUT

(Special to the Daily Mail by the British United Press)
Spokane, Wash., Sept. 22—Winners of the first trans-continental airplane race were proclaimed today as anxious watchers awaited word of the two Stinson monoplanes travelling over perilous lakes, mountains and prairies from New York in a non-stop flight.

Eddie Etinson of Detroit in a plane of his own design was one of the entrants in the non-stop race.

The other, also flying a Stinson plane, was Duke Schiller, who was prevented from making a flight to England in his "Royal Windsor."

TOMMY ATKINS WILL DON THE RED COAT AGAIN

London, Sept. 22—The British Army according to reports within the course of the next couple of years again will be re-coated. The War Office is said to contemplate the step to restore the colorful pre-war uniforms which, in addition to adding to the gaiety of nations will have a beneficial effect on the clothing and kindred trades.

Some London newspapers, however, doubt the utility of the step and one points out the danger of re-coated Tommy Atkinses being mistaken for Bolshevik emissaries.

BRITON USES OWN MOTOR CAR AS GAS CHAMBER

London, Sept. 22—His own automobile as a gas chamber was the novel means of committing suicide used by Charles Harrington, salesman it was revealed at the inquest at Ashburton Devon.

Closing the doors, drawing the curtains and stopping up the crevices of the car, he sawed through the floor and connected the exhaust pipe with a piece of rubber tubing. The engine ran until the gas was exhausted and Harrington was asphyxiated. The suicide occurred on a road side of the famous Widdicombe Fair.

C. P. R. Officials Here

Mr. J. M. Woodman, divisional Superintendent of the C. P. R. arrived from St. John yesterday in his private car to attend the exhibition. He was accompanied by Mr. G. Bruce Burpee, the district passenger agent and several other officials. In conversation with a representative of the Mail Mr. Woodman said he was delighted with the exhibition, and expressed the opinion that the board of directors had every reason to be proud of their work. Mr. Burpee also expressed himself as greatly pleased with the exhibition and pronounced it one of the best shows ever held in the Maritime Provinces.

CLAIMS RADIO TRAVELS FASTER THAN LIGHT

Scientists Have Raised New Controversy Over Question.

BANQUET AT HOTEL ASTOR A Radio Dot Was Sent 1800 Miles in No Time.

(Special to the Daily Mail by the British United Press)
New York, Sept. 22—Scientists were confronted today with a new controversy over the question of which travels faster, light or radio. Heretofore it was believed that nothing travelled faster than light but at the fourth annual radio industries banquet at the Hotel Astor last night, announcement was made of a finding of Dr. David W. Sarnoff which if true would upset the Einstein Theory. Dr. Sarnoff, according to Paul B. Klugh, who presided sent a radio dot around an 18,000 miles triangle from Port Jefferson, N. Y. to Poland, then to Argentina and back to Port Jefferson. The time was exactly nothing. Eighty-seven radio stations linked up for the banquet constituting the greatest hookup in radio's history.

WEATHER LOOKS GOOD FOR THE BIG FIGHT

(Special to the Daily Mail by the British United Press)
Chicago, Ill., Sept. 22—Cool and cloudy was the government weather bureau forecast today for the Tunney-Dempsey heavyweight championship battle tonight. Forecasters did not anticipate rain.

CONSTANCE IS AFTER DIVORCE

(Special cable to The Daily Mail by the British United Press)
Edinburgh, Scotland, Sept. 22—Constance Tarnadge, moving picture actress today filed suit for divorce against Captain Alastair Macintosh.

NEW YORK MEN HEAD LEGION

(Special cable to The Daily Mail by the British United Press)
Paris, Sept. 22—Commander Edward E. Spafford U. S. N. of New York, today was elected commander of the American Legion without opposition.

GREEKS HONOR BEETHOVEN.

Berlin, Sept. 22—In commemoration of the centenary of Beethoven's death, the Greek Legation in Berlin acting on behalf of the Greek government had the house in Bonn in which the great composer was born on December 19, 1770, adorned with a marble slab and a branch from the famous olive tree of the Pallas Athene on the Acropolis.

Should Be Stopped.

Notwithstanding the vigilance of the exhibition management some slick guys out for the dollars have secured concessions on the midway at the exhibition. There is no particular objection to the ordinary games of chance where sums ranging from ten cents to a quarter are involved in the turn of a wheel of fortune, but crooked games which require dollars to be put up as a wager should be suppressed. One fellow who operates a wheel of fortune on the upper side of the building is apparently willing to give away \$15 in exchange for \$2. He has some slick young fellows acting as decoys and they invariably win out. They assist in rounding up the suckers and the latter never fail to lose. Several losses running as high as \$50 are reported to have been made by those trying to beat out this game.

Newspapers Protest Against Arrests in West End of London

Magistrates Told That They Should Not Accept the Uncorroborated Evidence of Policemen—Daughter of Canadian Official a Recent Victim—Appeal Court Has Wiped Out Some Convictions.

(By Herbert Bailey, British United Press Staff Correspondent)

London, Sept. 22—The loudest outcry is being made by the newspapers against police arrests in the West End of London and convictions by magistrates who accept the uncorroborated evidence of the policemen.

It is recalled that Miss Pacaud, daughter of Lucien Pacaud of the Canadian High Commissioner's Office in London, was arrested some time ago owing to her being mistaken for somebody else and now the appeal courts have wiped out two convictions by a magistrate, one against Major Graham Bell Murray, who was charged with being drunk and molesting women, and the other against Francis Champain, a double Oxford blue and well known cricketer, who was charged with being a rogue, a vagabond and importuning in the Strand. In both cases the men were convicted on police evidence alone.

Sir Henry Curtis Bennett who appeared for Champain declares that "there appears to be nothing more dangerous than for an unsuspecting person to go for a walk in London."

BOOZE LADEN SCHOONER HAS BEEN CAPTURED

Dalhousie, Sept. 21—The seizure of the two-masted schooner Free State with a cargo of choice liquor valued at more than \$60,000 was made in the St. Lawrence River by the government patrol steamer Margaret a few nights ago and the schooner is now in port where she and her cargo are being held pending instructions from Ottawa. The Captain and crew of the vessel were permitted to go. The liquor cargo, comprising 288 packages was removed from the ship and stored in the government warehouse here.

The names of the owners of the schooner or of the cargo could not be learned here.

The schooner with her "wet" cargo was seized in the St. Lawrence about opposite St. Anne de Monts, on September 17, it is learned. It was sailing up the river at the time although her papers showed her to be bound for Nassau from St. Pierre. Her cargo consisted of 153 cases of choice assorted liquors and 135 10 gallon drums of alcohol.

WOMAN, 33, GRANDMOTHER

Plainville, Ct., Sept. 22—Probably the youngest grandmother in Connecticut is Mrs. Frank Hallowell of this town. She is 33. Her 14-year-old daughter, Mrs. Ernest Jewett of New Britain has just become a mother. Mrs. Hallowell was married at 17.

FOREST FIRE LOSSES HEAVY

Ottawa, Sept. 21—Forest fires in Canada, the great majority of which were caused by carelessness, have burned annually, during the last six years, \$1,600,000 acres to young growth of various ages, representing the annual increment on 25 million to 30 million acres.

Suggester anthem for ocean flyers: Beautiful Isle of Somewhere.

MRS. GALLOP WILL BE TRIED NEXT TERM

Quebec, Sept. 21—Emily Sprague Gallop, widow of Abraham Gallop, a native of Kingsclear, N. B., who died on the morning of Aug. 6, 1925, will stand her third trial for the murder of her husband at the next term of the criminal assizes here. Sir Francois Lemieux, Chief Justice of the Superior Court will preside. The date of the opening of the assizes has not yet been announced.

Mrs. Gallop has already been tried twice, each time at Roberval, Que. On the first occasion she was found guilty and sentenced to hang; a new trial was ordered, however, and on the second trial the jury disagreed.

GREAT ACTORS DIE PENNILESS

London, Sept. 22—Reginald Denny motion picture actor and an Englishman gives evidence in the debate over the question of the English sense of humor.

"I came from an old family of actors" said Denny recently at a luncheon given in his honor in London where he was visiting.

"My father once said to me: All great actors die penniless. I shall die penniless. You, my boy will die a rich man. I have seen you act."

Taken Suddenly Ill.

Mr. George Howell, employed in a local book store was taken suddenly ill yesterday. He was rushed to his home and a doctor was called and it was found that he had dry pleurisy. He is resting comfortably today, however.

A Good Record

Mr. Joseph Thornburn of Stanley is among the visitors to the Fredericton exhibition. The genial Joseph claims that as a boy he attended the first exhibition held in Fredericton in 1852, and he has never missed one since that time. This is regarded as a pretty good record.

"Grown-up girls are taking up dolls," says a Parisian couturier. And grown-up boys, Mister, and grown-up boys.
