Says that Protection Would Aggravate the Present Ills in G. B.

Speech by President Graham of the British Board of Trade Has Brought Joy to Orthodox Free Traders—Protectionists and Empire Tariff Reformers are Dismayed.

LONDON, Sept. 15—If there were any fear

(By HERBERT BAILEY, British United Press Staff Correspondent.)

that by the sheer attraction of the Imperial Conference, the government is drifting in economic matters away from the League of Nations toward exclusive imperialism, the speech of Hon. William Graham, President of the British Board of Trade at Geneva on Saturday should go far to dispel it.

Thus declares an editorial in the Manchester Guardian today revealing the joy with which orthodox free traders welcome Mr. Graham's declaration that protectionism would only aggravate present ills—a joy only equalled by the consternation and dismay of the protectionists and empire tariff reformers.

THE COLUMBIA WEATHER BOUND ON THE ISLAND

(Special to THE DAILY MAIL by the British United Press.)

Charlottetown, P. E. I., Sept. 15—The monoplane Columbia enroute to Newfoundland and on a projected flight to England, was weather bound here today. The fliers, Captain Errol Boyd and Lt. Henri Connor, hoped to get off during the day if the weather cleared.

NEW PRESIDENT OF ARGENTINA ASKS SUPPORT

(Special to THE DAILY MAIL by the British United Press.)

Buenos Aires Sept. 15—Gen. Uriburu provisional president of the Argentine republic guaranteed a clean administration and announced the policies of his new government in an address to the people of North America last night.

General Uriburu claimed the support of the entire country for the provisional government and promised to turn the administration back to the people as soon as it had been cleansed of graft and corruption.

No Unemployment

From the huge crowds, present in the city today, and with prospects for a big week for the Fredericton Exhibition, hard times do not seem to be lurking around the corner. At least, the crowds of people standing about the fair grounds, spending, would not seem to indicate any shortage of cash. The big fuss and noise about unemployment and hard times, may be a bit overdone at least in New Brunswick. Or maybe the evidence of splurge here, is only a compliment to the management of the local fair, for the good shows they turn out yearly.

To Attend Convention

Hon. D. A. Stewart, Minister of Public Works, A. W. Barbour, Deputy Minister and Byron Kinghorn, Chief Highland Engineer left for Quebec this morning to attend the Canadian Good Roads Convention, which open at the Chateau Frontenac tomorrow. Hon. Mr. Stewart will preside at the opening session.

TARIFF CHANGES TO BE MADE THIS WEEK

Ottawa, Sept. 14—Canadian key industries and minor branches of trade and manufacture will be afforded more protection in tariff changes to be announced in Parliament this week, according to well-informed circles here. The boot and shoe, cotton, automobile and woollen industries are likely to be included in the long list of duty changes which will number around 200. Many of the other textile tariff items will be affected in the upward revision.

Announcement of the expected changes will be made on Monday or Tuesday in all likelihood. When the official statement is made, and it is understood it has not to be finally drafted, it will come from Premier R. B. Bennett as Minister of Finance.

The original plan for a horizontal increase in the tariff, with a long list of exceptions, stipulated, is understood to have been laid aside after consideration. Each industry affected will be dealt with on the merits of the particular case.

In certain instances, an increase of five per cent., in many 10 per cent and in certain ones 15 per cent, increases in tariff may be announced. All the changes will be made, it is learned, as a result of a careful survey into the individual industries. With the assistance of certain Government officials, the whole situation has been under careful survey.

TRANS OCEANIC FLIERS LAND IN P. E. ISLAND

Charlottetown, P. E. I., Sept. 14—Weather-bound, midway between Montreal and Harbor Grace, their jumping off place on a proposed flight to England, Captain Errol Boyd and Lieut. Harry Connor kept the Monoplane on the ground here today.

In view of the weather conditions tonight it was considered extremely unlikely that they would take off for Harbor Grace tomorrow to complete the first leg of their trans-Atlantic flight. Late tonight a heavy drizzle of rain was falling, with a brisk easterly wind prevailing. It is believed that the plane will be held here until Tuesday.

OROMOCTO LAD FACES CHARGE OF MANSLAUGHTER

Sunbury Circuit Court, Mr. Jus. Crocket Presiding, Will Try Donald Kimball, 14-year-old Boy Accused in Shooting of George F. Goan on July 13th.

The feature case on the docket of the Sunbury Circuit Court which opens at Burton tomorrow morning Mr. Justice Crocket presiding, is that of King vs. Donald Kimball, 14-year-old Oromocto lad, who is charged with manslaughter in connection with the death of George F. Goan, 22, who was shot and killed on Sunday night, July 13th. From official sources here today, it is stated that this is the only criminal case on the September term of the Circuit court.

George F. Goan came to his death on July 13, Sunday evening, as he was sitting in his car in front of the Kimball home, Oromocto, talking to the sister of the accused youth. Donald Kimball, who was handling a shot gun, came to the side of the car, in which Goan was sitting, and pushed the gun through the side window. The gun discharged, killing Goan instantly.

Talked to Sister

Mary Kimball, sister of the accused, was standing talking to young Goan at the time, and his lifeless body slumped over the seat into the girl's arms.

Kimball, together with several other young boys, had been camping out for the night, and it is understood Kimball said he would take the gun into the camp for the night. No motive had been found for the shooting.

At the inquest held following the fatal shooting, a verdict of "accidental death through careless use of firearms" was brought in. Provincial Police investigated the case and saw fit to lay a charge of manslaughter against the youth.

No of. Witnesses

The witnesses who will be called at tomorrow's hearing are as follows: Frank McElroy, who sold shells to young Kimball; Burley McAfee, companion of the accused; Mary and Doris Kimball, sisters of accused, who were present when the shooting occurred; Harold Kimball, a brother; Inspector John Bird and Sr. Constable Garnet Vail, of the New Brunswick Provincial Police and Dr. A. F. VanWart who performed the post mortem. Much interest has been aroused in the case.

TRIANGULAR COURSE YACHT RACE TODAY

Aboard U. S. S. Kane, International Cup Race Course, Sept. 15—Heading into a light southwest breeze, Shamrock and Enterprise started the second of their series of races for the famous America's Cup over a triangular course off Brenton's Reef today. Having won easily in the first race, the defender was a strong favorite, but conditions for today's race were different from those of Saturday and there still was some hope for Sir Thomas Lipton's green hulled challenger.

We have been sprinkled several times since the drought was broken, but up to last week-end had not been immersed.

FRENCH FLIERS TO MAKE GOOD- WILL FLIGHT

Will Tour U. S. in Return for Lindbergh's Paris Trip.

QUESTION MARK OVERHAULED

Coste and Bellonte are All Ready For the Big Start.

(Special to THE DAILY MAIL by the British United Press.)

New York Sept. 15—Captain Dieudonne Coste and Maurice Belleonte were scheduled to begin an air tour of the United States today a gesture of good will in return for Col. Charles A. Lindbergh's flight to Paris. Question Mark, the sesqui plane in which they made many records prior to their Atlantic flight was groomed and ready for the start scheduled at 11 A. M. E. D. T. The plane's propeller has been repaired and the engine overhauled by Henri Vernon, Coste's mechanic, who arrived yesterday from France.

COL. GUTHRIE MEETS MAYOR OF OLD BOSTON

Montreal, Sept. 15—Boston of old England and Boston of New England will shake hands this week at the Massachusetts and Boston Tercentenary. Arriving at Quebec on the Cunarder, Asconia, Sunday from Old Boston, the Mayor of the city, Reuben Salter, the Deputy Mayor E. H. Bailey, James Tait, former mayor, and J. H. Mountain, City Councillor will be met by a delegation from Boston of the new world. The party which includes, also Mrs. Bailey and Mrs. Tait, will travel from Quebec to Boston by the Canadian National Railways, connecting at Montreal with the New Englander of that System. Col. Percy A. Guthrie, attorney, and Leo F. Green, President of Boston Typographical Union welcomed the visitors on behalf of Boston, Mass., at Quebec. The Tercentenary Celebrations are attracting a great deal of attention.

ROBINS BACK IN FIRST PLACE IN BIG RACE

New York, N. Y. Sept. 14—The Brooklyn Robins won their tenth straight victory and the Cincinnati Reds suffered their tenth straight defeat at Brooklyn this afternoon when three of an Howley's pitchers bowed to the weight of Brooklyn bats. The final score was 8 to 3. The Reds got all of their runs in the first inning, when they hammered Hollis Thurston out of the box, but Jim Elliot pitched shut-out ball for the last eight and two third inning to hang up a brilliant record.

The Boston Braves pushed St. Louis Cardinals from first place today by splitting a double header with them at Boston while the Brooklyn Robins were winning. St. Louis won the first game 9 to 2 and Boston the second 7 to 4 in a game limited to eight innings by the Sunday baseball law.

Rain a Dampener

An insistent rainfall which commenced early this afternoon, put a damper on the Open air attractions, scheduled for in front of the Grandstand in the Trotting Park this afternoon. The full performance will be given tonight, weather permitting, and twice daily thereafter.

Socialists and Communists Won Out in Germany

Early Dissolution of the Reichstag and a Form of Legal Dictatorship is Now Possible—Coalition Government Without a Majority in the Reichstag is Impossible.

(Special to THE DAILY MAIL by the British United Press.)

BERLIN, Sept. 15—Early dissolution of the newly elected Reichstag followed by a form of "legal dictatorship" appeared possible in Germany today after the sensational victory in the general elections of the Fascists (National Socialists) and communists extreme elements in a complex political situation. It appeared practically impossible to form a coalition government with a parliamentary majority in the new Reichstag. It was generally believed that the government would be willing to resort to a legal dictatorship to avoid any measures that might be regarded as a legal evasion if possible the abolition of parliamentarism.

J. D. PALMER IS VICE CHAIRMAN OF COMMISSION

Two new appointments to the New Brunswick Electric Power Commission have been made because of the serious illness of E. A. Reilly, K. C., of Moncton, it was announced here Saturday by Premier J. B. M. Baxter, at the completion of a meeting of the Government. J. D. Palmer of Fredericton, has been appointed vice-chairman of the Commission, and the Premier himself has been made one of its members. It was also announced that Police Magistrate C. Avard White, of Shediac, has been dismissed for failing to account for public monies, and that John Foster has been appointed in his place.

The next meeting of the Government will be held in St. John on September 19. At that time, it is said, some action is likely to be taken with regard to changes in the Cabinet. Hon. Lewis Smith of Coverdale, Minister of Agriculture, who was defeated in the recent provincial election, attended the meeting here and it is believed that a seat may be found for him to enable him to remain in the cabinet.

HURRICANE DUE TO "DOLDRUMS"

Washington, Sept. 15—The "causes" of hurricanes were explained today in a radio address by Charles L. Mitchell, principal meteorologist of the United States weather bureau.

Mitchell said the hurricanes of the West Indies, the typhoons of the far east, the cyclones of the Bay of Bengal and the Hurricanes of Australia are practically identical in manner of development, intensity and their habit of moving from east to west.

He explained that between South America and Africa over the Atlantic ocean north of the equator, there is a belt called the "doldrums." It moves northward and southward with the sun, he said. Nothing is likely to happen during the season of the year that this belt is near the equator, Mitchell said. But during the summer and early autumn when the eastern end of this belt is as much as 15 degrees away from the equator, the deflective force of the earth's rotation is quite sufficient to initiate a cyclonic circulation," the meteorologist said.

SPUD MARKET HAS TAKEN ON MORE LIFE

Woodstock, N. B., Sept. 14—There was considerable more activity in potato circles in Woodstock and Carleton county on Friday and Saturday, with the wire inquiries and the demand brisk and the market the firmest this year. Loading was especially heavy and railway authorities were taxed to take care of the offerings.

Ten cars were loaded in the Woodstock area Friday night and Saturday morning, bringing the total for this week up to twenty-five, almost double that of last week, while additional loadings were booked for the week-end. Total exports from Carleton and Victoria counties to date are estimated at 200 carloads.

U. S. TWIN GIRLS WILL TRY TO SWIM CHANNEL

(Special to THE DAILY MAIL by the British United Press.)

Dover Eng., Sept. 15—The Zitenfeld twins American girl swimmers entered the English Channel at South Foreland at six-fifty A. M. today in an attempt to swim the channel to France and win the Dover gold cup for the first crossing from England to France.

Big Bus Here

A huge bus, one of the largest ever to pass through the capital, visited the city yesterday and the occupants were registered at the Windsor Hotel. The bus is from the state of Massachusetts and the party is on an educational and recreational tour of the Maritimes. The bus left yesterday at noon for Woodstock, when a message was received that the mother of one of the occupants had passed away.

Visiting Rotarians

A party of twenty five Rotarians from Houlton, Maine, headed by Past District Governor, Bernard Archibald, will honor Fredericton with a visit tomorrow. They will be met at the City Hall by a party of local rotarians and taken to the Experimental Station, where dinner will be served. The party will afterwards visit the exhibition. A delegation of St. John Rotarians, headed by District Governor Smith will join the party here.
