THE SUM OF FOUR MILLION TO BE SPENT BY THE FEDERAL GOVERNMENT IN DIRECT RELIEF

Ottawa, Sept. 26—Now that the Dominion Cabinet has definitely decided to what undertakings the \$20,000,000 voted at the special session of Parliament for unemployment relief is to be applied, the next question for decision appears to be the apportionment of the fund among the provinces.

Announcement was made today that \$4,000,000 is to be employed in direct relief and that the Government is prepared to share the cost of public works undertaken by municipalities throughout the Dominion.

Premier John Bracken, of Manitoba, is expected to reach Ottawa tomorrow to describe the program of public works contemplated in his province and the amount needed for direct relief. Deputations are also on the way to the capital from Alberta, Ontario and New Brunswick to speak for those provinces.

No definite scheme of division as between provinces has been laid down, it is understood, and the amount expended in each section of the country will probably depend on the local situation.

The maximum set aside for direct relief is \$4,000,000.

May Be Used At Once

While early expectations were that it would only be expended at a last resort in localities where suitable work could not be found for the unemployed, later indications are that the situation is pressing in many places and that a portion of the fund, at least, will be made available almost at once. This portion of the \$20,000,000 is to pay one-third of the expenditures of municipalities for direct relief and one-half of the cost in unorganized districts.

From the balance of the fund, provision is made for the Minister of Labor to enter into agreement with the provinces to pay one-fourth of the cost of public works undertaken by municipalities for the alleviation of unemployment. The balance is to be borne, one-fourth by the province and one-half by the municipality.

Where municipalities find themselves unable to bear one-half the cost, provision is made to vary the terms of the agreement so that a greater proportion shall be born by the province of the Dominion.

Payment of fair wages and provisions for an eight hour day, stipulations that political affiliation would not interfere with the giving of jobs and a clause for preference to residents in the localities in which the works are being constructed are also contained in the regulations. The Provincial governments are to furnish certificates to the Dominion authorities in respect to the expenditures.

Elimination of Railway grade crossings and hastening of railway construction works to provide work have also been under consideration. Senator G. D. Robertson, Minister of Labor, today explained that municipalities may appeal to the Board of Railway Commissioners seeking elimination of grade crossings. If approved by the Board, 40 per cent will be paid out of the Dominion grade crossing fund, and the balance will be apportioned between the Municipality and the Railway Company.

Officials of the Canadian Pacific Railway and the Canadian National Railways were yesterday in conference with Hon. J. R. Manion, Minister of Railways, in connection with railway construction which might be brought on within the next few months. The expectation is that within the next few days they will communicate to the Minister their schedule of building for the winter. It is considered highly probable that several schemes of construction that ordinarily would be left in abeyance for a period will be brought on at an early date.

COME, PRETTY KITTY— BUT IS THAT NICE?

A young school teacher in Devon is today feeling the lack of society of former friends, as the result of an unfortunate occurrence last night—entirely not his fault. The young man was returning from school to his home last evening on his bicycle when a black and white object appeared in the road ahead, and demanded attention. The young man ignored the thing until it reared up in front of him suddenly. The boy realizing the true identity of the little creature, cast caution to the winds and jumped pell mell from his wheel and endeavored to get out of its reach. Sadly, though, he was too late, and when he at last did scramble away, he carried lasting and obnoxious perfume of Daddy Skunk.

Forwarned is forwarned,—a trite little saying—was never more truly heeded than last night, and when the crest-fallen youth appeared at his home, his family was at a very safe distance. And not until he made a complete change etc., etc., was he permitted the sanctity of the home. His friends will probably gradually come back to him in the course of time. At least it is to be hoped for the boy is really quite likable.

CRYING BABIES ARE SICKLY BABIES

The well child does not cry—it is only the sickly baby who cries. The well child is laughing and happy. Baby's cry of distress is his way of telling the mother or nurse that he is ill. Therefore, if your baby cries do not delay in looking for the trouble. Baby's Own Tablets are a safe and efficient remedy for childhood ailments. They are a mild but thorough laxative which through their action on the stomach and bowels banish constipation and indigestion; break up colds and simple fevers and promote healthful sleep. They will make baby happy and keep him happy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

It is a rare Fall that doesn't develop a Caribbean hurricane.

PROF. RUSSELL WAS ACQUITTED ON THEFT CHARGE

(Continued From Page Eight.)

parcel was in the safe at the Grand Hotel for him.

The jury retired at 11.15 and returned at 11.35 A. M., delivering its verdict through the foreman, Herbert Gunter.

To Be Sent Back

The diamond ring will be sent back to the real owner, J. D. Russell of Gagetown in the near future, as was agreed this morning in court.

The case is a peculiar one and has several points of unusual interest. In 1925 J. D. Russell a foreman for the N. B. Telephone Company, Ltd., left the ring in question valued at \$150, with Barry Kitchen, proprietor of the Grand Hotel in this city. Mr. Kitchen held it for safe keeping, and kept it in his safe.

Innocent Enough

The ring had later been forwarded to one. W. A. Russell, who claimed the ring on the strength of word that he was the owner of a parcel in the Grand Hotel for him. It was later found that the ring really belonged to J. D. Russell, and when he came to claim it, Mr. Kitchen sent to Prof. W. A. Russell for it.

Some delay ensued and on the strength of this Mr. Kitchen laid information against W. A. Russell. Witnesses heard in the case in the two days of its progress are as follows: Mrs. Mary Kitchen, Barry Kitchen, Charles Barbour, Glenwood Kitchen, Mrs. Ida Gilman of St. Andrews, George S. Armstrong, Constable David Evans, Byron Ross of St. Andrews, and the accused, Prof. W. A. Russell.

More Cases on Docket

Four civil actions are scheduled for the Court of King's Bench for York, following the hearing of the Isabel Carr murder case, which starts on Monday. Two of these are with jury, and the other two non jury. The cases involve land disputes, and contract breaches. It is probable that the cases will be set over to a later date, as the court will require postponement after three long drawn out cases, two of which are for murder.

BEARS STILL IN CONTROL OF THE STOCK MARKET

The stock market is still being hampered by the bears, and has apparently not yet reached bottom. C. P. R. sold this morning at 175½, Consolidated Gas at 101¼, Radio at 28½, U. S. Steel at 158¼, Brazilian at 33½, Nickel at 21½ and Bridge at 63½.
