1-2 cup chocolate syrup
Dissolve the ingredients in the top of a double boiler. Beat with an egg beater until frothy. Cool. Pour over chopped ice and top with whipped cream.

MALTED COFFEE

2 ounces coffee syrup
1 egg
2 teaspoons malted milk
Milk to finish one portion

Serve when well shaken in chilled glasses that have been lined with whipped cream.

CURRENTADE

Cook a pint of currants in the upper compartment of the double boiler until soft, then drain through a jelly bag. Mix this juice with a cup of cold tea, the juice of two oranges and one lemon. ORANGE SYLLABUB

1 1/2 orange juice
2 cups milk
1-2 cup cream
1-2 simple syrup
Cracked ice
Pour the orange juice, syrup and ice into a shaker and mix well. Add milk and shake two minutes, then fold into this the whipped cream. Serve in thin colored glasses.

CHOCOLATE GINGER CREAM

Mix two tablespoons of chocolate syrup and one of cream. Stir and fill the glass with ginger ale and ice.

ICED COFFEE

Pour freshly made hot coffee over ice, extra strength since the ice will dilute it somewhat. Never use left-over cold coffee for an iced drink, since it is never satisfactory.

MEN BUY SWEETS FOR SWEETIES

Chicago, July 28—Men buy two-thirds of the candy purchased in the United States each year, but how much of this they consume themselves is another matter.

That was the opinion expressed by F. A. Bunte, candy manufacturer, when he addressed a convention of confectioners. He added that indications based on last year's sales would point to the fact that John will shave in the neighborhood of \$650,000,000 across the counters to satisfy Mabel's sweet tooth this year.

"It is the men who buy the most expensive varieties of sweets," Bunte said, "although the women ultimately receive them."

As the man progresses with his affairs of the heart, it seems his purchases of sweets decline in proportion. For example, Bunte estimates that the young man in love will buy more than \$250,000,000 worth of candy this year; while husbands of all types will expend about \$199,600,000 for the same purpose. Employers, seeking to placate their ruffled secretaries will spend around \$110,900,000; and sons will confine their buying to \$98,200,000 worth of candy. The rest, the manufacturer believes, will come out of the family budget.

Stepping to one side never get you any nearer to the front.

The season's first climb of Mt. Temple, 11,600-foot peak in the Rockies, was made last week by Dr. Thorington of Philadelphia well-known writer and Alpinist, and W. Kerr, of Vancouver. Edward Feuz, doyen of Swiss guides in the Rockies, was in charge of the climb which started out from Chateau Lake Louise at three in the morning and reached the summit at ten.

With the opening of the New Pines Hotel at Digby and of the Algonquin Hotel at St. Andrews-by-the-Sea at the end of June, the tourist season in the Maritime Provinces is now in full swing. Reservations at both hotels are very heavy, forecasting a prosperous season.

Difficulties met by Canadian and United States motorists when taking their cars to Europe have been overcome by facilities afforded by the Canadian Pacific Railway, under which the owner can ship his car as baggage between Canada and European points in either direction. The company arranges for the necessary customs and registration documents for every country to be visited, driving licenses, license plates, and membership in the Royal Automobile Club. The car is unloaded within an hour of the ship's arrival and is furnished with oil and a small supply of gasoline and made ready for the road. There is no red-tape and no bond or other financial guarantee required.

Believed to be the largest salmon ever taken by fly on the Medway River, Cape Breton, Archie Joudry, Bangscoote Club guide, took a fish recently that weighed 32 lbs. was 42 inches long and with a girth of 21 inches. The fish has been photographed for reproduction in the Saturday Evening Post.

The railway grade crossing problem is not a problem of the railway's making but essentially a "social problem" and responsibility for its solution rests upon society as a whole, in the opinion of W. P. Borland, Chief of the Bureau of Safety, United States Interstate Commerce Commission.
