The New Government Of Argentina Has Public Confidence

Has the Ability to Maintain Order and Foster
National Prosperity—The Administration
Has Come Through Its First Test of Strength
Successfully—Counter Revolution Unlikely.

(Special to THE DAILY MAIL by the British United Press.)

BUENOS AIRES, Sept. 10—Growing confidence in the new Argentine Government's ability to maintain order and foster national prosperity was apparent on all sides today.

The quick and decisive action with which General Jose E. Uriburu met the situation arising from Monday night's street fighting seems to have allayed many fears. It was felt everywhere that the government had come through its first test of strength successfully.

With a score of influential followers of former President Hipolito Irigoyen under arrest and government troops maintaining tranquility the capital regarded the possibility of a strong counter-revolutionary movement as extremely remote and today's newspapers predicted an early return to normalcy.

BIG INCREASE IN RECEIPTS FROM GAS TAX

The Estimated Receipts
of \$1,485,000 from
Motor Vehicles Likely
to be Reached—Already
Ahead of Last
Year.

New Brunswick Department of Public Works cash receipts through the Motor Vehicle Branch have reached new high figures, the first ten months of the present fiscal year having produced \$1,322,249 whereas the gross receipts for the last fiscal year were \$1,321,000.

The estimate of receipts for the Motor Vehicle Branch for the present fiscal year was \$1,485,000, and Hon. D. A. Stewart, Minister of Public Works, believes it is not unlikely that this total will be reached, despite the fact that they are so much in excess of the 1929 record, which provided new peak figures.

Increased tourist motor travel in New Brunswick is reflected in the increase of 38 per cent in receipts from gasoline tax up to August 31st this year as compared with 1929, the figures showing \$482,141.27 for 1930 as compared with \$347,326.66 up to August 31st last year. The normal yearly increase of 12 per cent in receipts from motor vehicle license fees has been sustained this year, which in view of adverse business conditions existing generally is regarded as reflecting a gratifying situation in New Brunswick.

The estimate for receipts from Motor Vehicle Licenses for 1930 was \$880,000, whereas up to August 31 the actual receipts have been \$840,108.26 as compared with receipts of \$745,341.69 up to the end of August.

Home Again
J. Herbert Smith and Harold Kirkpatrick of this city, students at the University of New Brunswick, recently returned from Edmundston where they have been employed for the summer with the Fraser Company.

Justice Baxter who is here attending the Supreme Court is a guest at the Queen.

A TWO WAY TELEPHONE ON P. E. I. CAR FERRY

(Special To The Daily Mail)

Montreal, Que., Sept. 10—The first two-way radio telephone system to be placed in operation by a railroad in order to establish contact between a car ferry and the main land, will go into operation shortly on the Canadian National Railways. According to announcement by E. A. Weir, director of radio for the system, the land end will be at Borden, P. E. I., and will permit the chief train despatcher at Charlottetown to maintain direct and constant communication with the captain of the Canadian National car ferry, while it is plying back and forth between Borden and Cape Tormentine, N. B. Two special marconi 100 watt radio telephone transmitters with associated receivers will be operated on the ship by remote control from a desk in the captain's day room and on the mainland from the agent's office at the Borden Railway station. Both ends of the system will operate much in the same way as an ordinary line telephone system, the operation being so simple that non-technical people could use the equipment without special training.

WHAT GAY DOGS WILL WEAR IN N. Y.

New York, Sept. 10—Among fall fashions for gay dogs on view in smart shops are laced leather boots, collegiate yellow slickers, patent leather harnesses and brushed wool sweaters.

A ROUMANIAN IS PRESIDENT

(Special to THE DAILY MAIL by the British United Press.)

Geneva, Sept. 10—The League of Nations eleventh assembly convened today and elected Nicolas Titulesco of Roumania President.

LAVERGNE IS DEPUTY SPEAKER OF THE HOUSE

Ottawa, Sept. 9—Armand Lavergne, K. C., (Con., Montmagny) was elected Chairman of Committees of the Whole in the House of Commons tonight, on a motion of Premier Bennett, seconded by Hon. Hugh Guthrie, Minister of Justice. The post of Chairman of Com-

ARMAND LAVERGNE

mittees involves in addition, the duties of Deputy Speaker. Mr. Lavergne's selection is in accordance with the tradition that when an English-speaking member is Speaker the Deputy Speaker should be French-speaking.

SCIENTIST IDENTIFIES CORYPHODON

Billings, Mont., Sept. 10—Dr. J. C. F. Siegfried, Bear Creek paleontologist, exhibited a tusk here which he said was that of a coryphodon, prehistoric animal similar to a rhinoceros. The tusk was found by the Princeton scientific expedition in the Red Lodge coal-field.

The tusk, Dr. Siegfried said, may be a primate type coryphodon, and may lead to important discoveries of primitive type animals. Coryphodons roamed Europe and America 30,000,000 years ago, the scientist said.

WILL VISIT PRESIDENT

(Special to The Daily Mail)

Montreal Sept. 10—On his way to Washington to call upon President Hoover, Sir Daniel M. Stevenson, prominent coal exporter and philanthropist of Glasgow, Scotland, left Montreal last night on the Canadian National "Washington," Sir Daniel, who was at one time Lord Provost of Glasgow has been visiting Ottawa and other points in the Dominion.

ARCTIC TO TROPICS BY CANOE

Ketchikan, Alaska, Sept. 9—The "Arctic to Tropics" canoe party of three Canadian brothers, V. H. Alvin, Evans Fisher and Carl Bruder, reached here after a 7,000-mile trip in their 20-foot craft from Waterways, Alta, begun in the spring of 1929. Their destination is the Panama Canal.

PLENTY OF MONEY AVAILABLE IN GREAT BRITAIN

Is Now Being Invested
in India, Australia
and Europe

WILL HELP CANADIANS Sound Propositions Will Appeal to British Capitalists

Winnipeg, Man. Sept. 10—"A tremendous amount of British capital is being invested in Australia and India and on the continent and it is up to Canadians to see that a good share of it is directed towards Canada," said T. A. Hooker industrial agent for the Canadian National Railways in London, England, who, along with W. T. Shute, special representative, industrial department at Montreal, was in Winnipeg Monday on a tour of Western Canada studying opportunities for British industries. Mr. Hooker has been appointed to take charge of the industrial department recently opened by the Canadian National Railways at London, with a view of making contacts with industrialists in Great Britain. "There is plenty of money available in Great Britain for investment," said Mr. Hooker, "and if Canadian Manufacturers present sound plans, they will receive the support of British capital." Mr. Hooker's tour of Western Canada will take him through to the Pacific coast with numerous stops enroute.

SCOTCHMEN IMPORTING SOVIET WHEAT

London, Sept. 10—The first example of Russia's wheat export campaign is the arrival of 7,000 quarters (a quarter equals eight bushels) of Russian wheat at Leith in Scotland for the Scottish Co-operative Wholesale Society.

This is said to be the first Russian consignment to Scotland since the war and it was made in spite of the reported shortage in Russia.

FLYING FIELD FOR PRINCES

London, Sept. 9—The Prince of Wales and his brother, Prince George are travelling so much by airplane these days that it is reported that their father and mother, the king and queen, are considering the construction of an airport and the erection of a hangar at Sandringham, their winter residence in Norfolk, so the two princes will have a place to land and park their planes when visiting there. In fact the consideration of the king and queen have gone to such a point now, it is reported, that plans have been submitted to them and only the king's approval of the blue prints is awaited.

Faces Charge Today

Louis Simon, 22, Saint John, will face a charge of manslaughter this afternoon in the local police court. The charge is being laid by the N. B. Provincial Police. Simon is charged with being criminally negligent in connection with the death of Samuel Lewis, 50-year-old Saint John man, who was thrown from the truck driven by Simon on the St. Stephen-McAdam highway on Sunday last.

Lewis died in a Saint John hospital within a short time following the accident. Simon was arrested yesterday morning at McAdam and brought here last night. Arrangements have been tentatively made for a remand to Friday, and the prisoner will likely be bailed.

Mass Production Adds to Number Of Unemployed

Statement of British Association for Advancement of Science Dramatically Underlined
by Announcement That Big Shipbuilding
Plant Will Close at End of Year.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, Sept. 10—Nothing could have more dramatically underlined the recent statement made at the British Association for the Advancement of Science meeting, that the rationalization of industry, in other words the reorganization of industry along mass production lines, means increasing the number of unemployed than the announcement that the Dalmuir Shipbuilding Yard of the William Beardmore Company, Ltd., will be closed by the end of the year.

This action is the result of the formation of an organization to be known as the National Shipbuilders Security, Ltd., in an effort to eliminate the redundant shipbuilding capacity and lessen the costs by concentration on production or in effect, rationalize the shipbuilding industry.

REPUBLICANS WON VICTORY IN MAINE

Portland, Me., Sept. 9—Maine stood fast in the Republican column today after its "off-year" biennial election, in which Representative Wallace H. White, Jr., of Lewiston, who has served the second Maine congressional district for 11 years, was advanced to the seat in the United States Senate now held by Senator Arthur R. Gould, of Presque Isle.

Governor William Tudor Gardiner was named for a second term, and three Republican incumbents in Congress and Donald B. Partridge of Norway, who contested for White's seat, were elected.

White rolled up a majority of 30,000 over Frank H. Haskell, Portland, his democratic opponent, carrying each of the 16 counties.

LADY JOAN WILL TEACH AT ICEDROME

London, Sept. 10—A clerk will be privileged to call upon a peer's daughter for instruction when the Hammer-smith Icedrome opens in September.

Lady Joan Gertrude Amherst, eldest daughter of the fourth Earl Amherst, has signed a contract to act as instructress. She will work eight and one half hours a day and will receive the same pay as other instructors.

Lady Joan is a National Skating Association medalist.

To Lake George

Hugh "Red" McLean, Bathurst, treasurer of the Lake George Mining Co., A. D. Taylor, M.L.A., Minto and Dr. F. Esser, German geologist left this morning for Lake George, where they inspect the mines there. Dr. Esser has just recently crossed the ocean from Europe and is here in connection with antimony deposits.

William Keenan, of Ottawa has arrived here to join Mrs. Keenan and their little son, who have been visiting her mother, Mrs. Harry W. Walker for some time. Mrs. Walker plans to return to Ottawa with them for an extended visit.

CLOSE CONTEST FOR AROOSTOOK COUNTY SEAT

Houlton, Me., Sept. 10—Whether Joseph W. Hammond, of Van Buren, Republican, will return to the Maine Legislature or John J. Gagnon, Democrat, of Frenchville, will have the seat in the Aroostook county delegation is uncertain as the result of yesterday's election.

In the vote of Grand Isle there were six ballots which the election officers counted for Gagnon, giving him a plurality of three and the election on the face of the returns. There are disputed and an official count will be necessary. All other Republican candidates were elected in the county.

SOUTH AFRICAN GIRL SWIMS THE CHANNEL

(Special to THE DAILY MAIL by the British United Press.)

South Foreland, Eng., Sept. 10—Miss Bessie "Peggy" Duncan, 19-year-old South African, landed at South Foreland at 12.45 p. m. today after swimming the English Channel from Cape Grisez, France. She left the French coast at 8.20 p. m. yesterday.

GRAF ZEPPELIN MADE FLIGHT TO MOSCOW

(Special to THE DAILY MAIL by the British United Press.)

Moscow, Sept. 10—The Graf Zeppelin, commanded by Dr. Hugo Eckener arrived here from Germany at 9.45 a. m. today and circled over the city.

The airship carried twenty passengers and planned to return to Friedrichshafen after a visit here. The zeppelin landed safely at noon.
