HON. MR. BENNETT ADDRESSES GREAT OPEN AIR MEETING AT ISLAND PARK, WOODSTOCK

Woodstock, N. B. July 1—On the beginning of Canada's sixty-fourth milestone—as he himself aptly termed it—Hon. R. B. Bennett delivered his Dominion Day speech here late today. Criticism of the Government's claim for reducing taxation, recent report of the Quebec Minister of Agriculture (Mr. Perron), indicating the depleted state of the agricultural industry, and the visualization of a

and finally, six per cent. Then they started to reduce it. Obviously the Government was wrong when it increased this tax as high as six per cent. Now it claims credit for reducing taxation. It is the same with other taxes. In 1929, it collected more than in any year, except one, in our history."

Has Languished

Touching upon agriculture, Mr. Bennett referred to a report issued by the Minister of Agriculture for Quebec (Mr. Perron). In this review issued by a Liberal Minister in 1929, he proceeded, it was stated that agriculture was the basic industry of Quebec and that success would only come to agriculture with the co-operation of city dwellers of all classes. The report went on to adversely comment on the importation of food supplies as detrimental to the success of the agricultural industry.

"It suffices to say, men and women," he asserted, "that Canadian agriculture has languished and all because you cannot command your market at home."

It gave him great regret, Mr. Bennett continued, to have seen the deserted farm lands of New Brunswick, Quebec and other provinces. "Well," he stated, "I am going to say right here that I shall regard it as my great responsibility, if elected on July 28, to see that the collective weight and power of the Dominion of Canada is placed behind agriculture. I would be lacking in qualifications entitling me to head a government if I failed to do so. It is the basis of the country's wealth. And to think that it has been so neglected. What does this Government exist for anyway?"

From the tourist traffic, the sum of \$208,000,000 had been collected by this country last year, he said. With the construction of a great national highway, this revenue would be greatly augmented. But, that was not the only thing, Mr. Bennett proceeded. Connecting, as it would, the east with the west, old-time Maritimers now residing in western Canada could return to their homes by the sea, passing entirely through Canadian territory. The people of the east, too, would visit the west, the Conservative leader went on, and the highway would provide a source of cheaper transportation for farm products.

NEW YORK STOCKS TUMBLE AFTER A PROMISING RALLY

After a promising rally the New York Market hit a snag and petered out badly but not until the leaders had been pushed up 8 to 15 points over last week's lows. After the holiday the Montreal Market was inactive and has not hit a proper stride as yet.

FRENCH ROADS MAY FOLLOW EXAMPLE OF C. N. R.

Montreal, June 30—Several French railways and in particular the Chemin De Fer Du Nord, have planned to follow the example of the C. N. system and install radios on their trains. Paul Lenglin, secretary of operation of the Chemin De Fer Nord is in Montreal charged with the mission of studying railroad development in America, has had a long interview with E. A. Weir, director of the C. N. R. radio service and he will make a trip on one of the radio equipped cars between Montreal and Quebec to study actual reception while the train is in motion.

Headline: "Love Is a Terrible thing." What a spooky idea. Next we may be told that love is a succession of wasted dreams.

"It Helped All My Troubles"

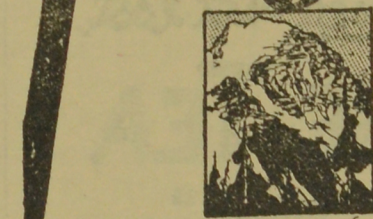

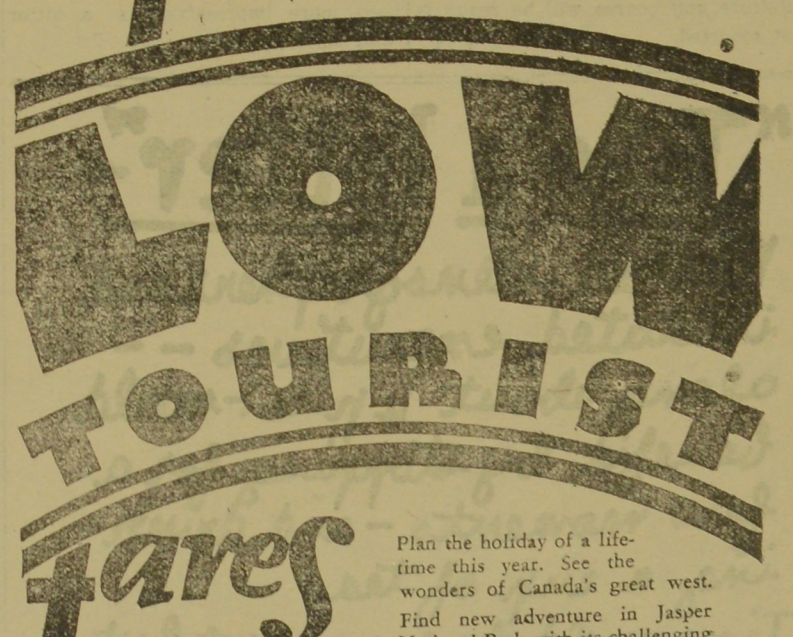

"I was all run-down and out of spirits before my third baby was born, so I decided to try Lydia E. Pinkham's Vegetable Compound as I had heard so much about it. It helped me with all my troubles and gave me an appetite where before I didn't eat at all and had to stop work and rest every once in a while. I did all of my housework up to the day my baby came, as I am a farmer's wife and could not afford help before. I feel just dandy now and I will answer any letters and I will tell every one how good Lydia E. Pinkham's Vegetable Compound is."—Mrs. Ira Arnold, Box 63, Rocklake, North Dakota.
