Of Interest to Women

NEW FURS OFFER

A WIDE CHOICE

AMONG COATS

(New York Sun)

Imagine, if you can, a biting cold day in winter. If the present moment is warm it can make you feel no warmer. Then you may be inveigled into glancing into shop windows, or newspapers, to consider the question of furs. For now is the time for all good women to come to the aid of their last year's fur coat, or to contemplate the new one.

Much aid can be given in both directions, for remodeling can be well accomplished in the new mode and as to the new coats which are now on sale in the leading New York shops never were the lines more gracious, which is saying a great deal for a usually trying garment.

To begin with there is a flattering combination of furs under way and many entertaining creations which show both fur and cloth.

NEW COMBINATIONS

If the fur is a flat fur—and this is one of the most emphatic points in the new models—you will find that it is most likely to be combined with some other flat fur or with bands of cloth and not with the long-haired furs as formerly.

Coats of seal and muskrat, coats of caracul and breitschwanz trimmed with mink and coats of cloth in the same shade as the flat fur with which they are trimmed are advocated by the makers. Ermine of course will be worn for evening and also be popular for the smartest of scarfs or cravats on afternoon coats.

It is natural that the lines of the coats should follow those of the season in other garments, so the widening of the skirt and pinching in of the waist is apparent to a certain degree. Many of the newer coats have the waist slightly fitted with a set-in belt. The widening process is sometimes shown in sleeves, which are very elaborate with two kinds of fur in a puff or extra width below the elbow.

As the cuffs and sleeves widen the collar grows narrower or at least less enveloping. Few if any collars hang over the shoulders. There is a distinct leaning toward the scarf, be it long of short, or to a perky little cravat which may be an ascot or a jaunty bow situated between the chin and the left ear. This, you will note, is where the use of the flat fur or the introduction of cloth will be almost imperative.

There comes a time in the career of every young humorist when he has to make up a comical epitaph and attribute it to "a graveyard near Boston."

CHOLERA INFANTUM THE FATAL DISEASE OF CHILDREN

Is a valuable preparation that has been on the market for the past eighty years. It has no equal for off-setting the vomiting, purging and diarrhoea of cholera infantum.

Price, 50c. a bottle at all druggists or dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

FOR PRACTICAL USE

For sports and motoring the fur coat retains its simple lines and straight coats with pockets and fairly large rolling collars are shown. Fashioned for the woman who likes to be decidedly different is the short coat cut with a peplum. This is the coat which elects the cravat collar to first place and nips in the waist sharply.

The sleeve is either plain and straight or with a shaped puff from elbow to wrist.

Another half length coat is simply cut a bit wide, lapped over the front and held with a belt. This collar on this coat is a scarf and runs the entire length of the front.

One must not neglect to mention that cloth is quite generously used in bands of trimming, in pockets and even for collars with a band of fur on the edge. Among the new coats one will pretty sure to find just the right type for comfort in walking or riding, for dress, or to serve as a model for combining furs one may have on hand.

NEIGHBOR TO COACH TORONTO

Toronto, August 22—Connie Smythe caused some mid-summer comment when he announced that he had Johnny Gallagher tied to a three year contract that Maroons couldn't budge and that he could prove clear title to him by a letter written several years ago. He also stated that Frank Nighbor had been appointed coach of Leafs and would work in conjunction with him. Smythe states that Leafs have nine players twenty-two years of age, and under.

Another jolly recollection, associated with the old days at home, was walking across a dark kitchen into a hanging strip of fly-paper.

PAIN
so easily relieved
How to treat
Headaches
Neuralgia
Neuritis
or check a Cold

WHY are some women so patient with pain? Shopping with a head that throbs. Working when they ache all over. Sometimes it's hours before they take Aspirin and get relief! Most men take these tablets the moment that some sudden ache or pain threatens their comfort and so should you. Aspirin is perfectly harmless; it cannot depress the heart. The tablets stamped Bayer are always genuine Aspirin; always the same, always safe. So it isn't sensible to suffer with a headache, a cold, neuralgic pains, or anything else that these tablets relieve almost as soon as swallowed. Buy by the bottle and save money. Any drugstore has the 100-tablet size.
