New York, June 22—While police in many cities keep on the look-out for the Queens maniac killer, New York detectives today pondered over a ninth note that may have come from the insane assassin who has killed two men and had at one time threatened to slay 14 more.

The latest letter was signed "the man behind the gun" and threatened a Brooklyn business man unless he returned the "document" titled "U. J. 4-3-44."

Although the letter showed some similarity to the writing of the maniac there were other points which created a doubt of its authorship. Nevertheless detectives went to Brooklyn to investigate.
