Tariff May be the Chief Issue in Next British Elections

At Least That is the Impression That Lloyd George Has Conveyed to His Supporters—Has No Explanation as to His Change of Front on the Coal Bill.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, March 26—The next general election in Britain will be fought mainly on the tariff issue. This is the impression that right Hon. David Lloyd George has conveyed to his supporters without however giving them any explanation of the sudden change in his attitude towards the government's coal mines bill. It is privately indicated that the desire of all free traders whether Labor or Liberal is to combine their efforts to launch a campaign throughout the country for the preservation of free trade and the elimination of the existing mild tariffs.

Decorated By the King.

London, March 26—The Italian Ambassador to Great Britain, Antonio Chairamonte Bordonaro, was decorated by King George today.

Foreign Secretary Arthur Henderson, acting for the King, presented Bordonaro with the honorary insignia of knight.

Grand Cross, order of the British Empire, in recognition of his work in connection with the recent exhibition of Italian art in London.

THE PREMIER OF ONTARIO ISSUED STRONG REBUKE

Minister of Health Censured For Adding a Postscript to a Letter.

Toronto, March 25—The Ontario Legislature was treated to an unprecedented incident today when Premier G. Howard Ferguson issued a strong rebuke to one of his own ministers, Hon. Dr. Forbes Godfrey, Minister of Health, from the floor of the House with Government and Opposition benches filled.

The Premier declared that the action of the Minister of Health in adding a postscript to a letter dealing with an application for a mother's allowance pension was: "Regrettable, inexcusable and highly improper." The postscript advised J. D. Allen, of Long Branch, to whom the letter was addressed, to seek the support at the polls last October of Mrs. Callaghan, of Long Branch, the woman who made the application, and who was a constituent of the minister's.

Never in the memory of any single member of the Legislature or the press gallery has the head of a political party used such strong language against any of his followers, let alone a member of his Government.

"I will not resign," was all the comment Hon. Dr. Godfrey would make after the incident.

When the Premier opened his condemnatory statement Hon. Dr. Godfrey sat bolt upright in his seat, but when the full meaning of the rebuke struck him, he slumped down and had his head between his hands.

Card Party Enjoyed

The Knights of Pythias held one of their enjoyable card parties in the K. P. hall in York street last night, with a large number present. Refreshments were served at the conclusion of play and a happy time spent.

LIQUOR BILL WAS CARRIED BY BIG MAJORITY

Bill to Amend the Export Act Adopted By Parliament on a Vote of 173 to 11.

Ottawa March 25—An avalanche of votes today carried the Government bill to amend the Export Act through its third and final reading in the House. Out of 173 members who recorded their votes 162 supported the motion for third reading and 11 opposed. The merged opposition came from varied groups and parties.

Major C. G. Power member for Quebec South was the lone Liberal who voted against the bill. Farther down on the Government side Henry Bourassa also recorded his opposition. Eight Conservatives stood up when the call was sounded for those opposed to the bill. They were C. H. Cahan (St. Lawrence-St. George), Hon. R. J. Manion (Fort William), Joseph H. Harris (Toronto Scarborough), Dr. M. J. Maloney (Renfrew South), C. W. Bell (Hamilton West), Colonel S. C. Robinson (Essex West), R. H. McGregor (York South), and L. W. Johnstone (Cape Breton, North Victoria). From the benches of the Labor group, A. A. Heaps (Winnipeg North) also voted against the bill.

The division came suddenly. It was in the nature of a surprise, because the general expectation was that the bill would pass its third reading peacefully, without a division, and proceed on its way to the Senate. Those who expected this, however, reckoned without an atmosphere of electric intensity which had been developed during the few speeches preceding the division.

Crowded galleries and a tense chamber had listened to Hon. R. B. Bennett, Conservative leader, declare that if Hon. W. D. Euler Minister of National Revenue "was a self-respecting minister he would long ago have resigned." They had heard Mr. Bennett read from Mr. Euler's declaration in Hansard last year in which the Minister opposed the prohibition of clearances to liquor cargoes destined for the United States, and then point to Mr. Euler's support of the present bill.

Then Hon. Ernest Lapointe, Minister of Justice, had thrown back the charge of inconsistency by referring to the "amazing spectacle" of Conservative members talking against a bill which they proposed to vote for.

The bill makes it unlawful to grant clearances for shipments of liquor destined to a country into which the importation of such liquor is prohibited by law.

Late Mrs. Margaret L. Tapley

Service for the late Mr. Margaret L. Tapley, widow of John Tapley who died at the home of her daughter, Mrs. Elizabeth Maxon, Queen Street yesterday morning, was held last night from the late home at nine o'clock by Rev. M. H. Mason. The remains were taken this morning on the C. P. R. train to Canterbury Station where interment was held this afternoon. A number attended the service last night the deceased having been held in high respect. Her passing will be generally regretted.

Mr. H. D. Miller of Sussex is in the city today.
B. O. Simms of Toronto is in the city today.

RADIO MESSAGE FORWARDED TO BAFFIN ISLAND

Official of Interior Dept. Asked to Move Equipment.

DOG TEAM TO BE USED

Message Was For Man Who Found Nest of the Blue Goose.

(Special to the Daily Mail)

Montreal, Que., March 26—A message addressed to far off Baffin Island was one of the features broadcast from the C. N. R. radio station CNRW at Winnipeg. The message which it was specially desired should reach the far north without delay was addressed to post master Russell of the Hudson Bay Company at Cape Dorset, Baffin Island, asking that equipment stored at Hudson Bay Post by J. Dewey Soper of the North West Territories and Yukon Branch of the department of the interior, be forwarded by dog team to Amedjuak Post before winter breaks up, to be held until further notice. Mr. Soper was the official of the Department of the Interior, who after spending some years in the north successfully located the nesting place of the blue goose for which scientists had been searching for a score of years and the equipment referred to in the message was that used by him in his search. In the letter asking E. A. Weir, director of radio to have this message forwarded from Winnipeg, Mr. Soper advised that he found when stationed at Cape Dorset that CNRW was received at that post better than any other radio station.

SPUD MARKET CONTINUES VERY QUIET

Hartland, March 25—The potato market here today was quiet. Wire enquiry and demand were good but shipping was light, being made mostly from dealers' store stock. Hauling by farmers was very light, the roads being soft. Prices paid to farmers today for Green Mountains were \$2 per barrel, and \$1.75 per barrel for Irish Cobblers, Canada grade one.

In Aroostook.

Presque Isle, Me., March 25—The Aroostook potato market, which quickened yesterday with prices hitting \$2.85 to \$3, slumped today, with less inquiry and demand and not much interest. Buyers held the prices but without any rush by growers to unload. Shipments continue heavy and have passed the 45,000 carload mark from all Maine points.

Duty Increased.

Washington, March 25—The new rate on potatoes, as provided in the Hawley-Smoot tariff bill, is 75 cents a hundredweight, as compared with the old rate of 50 cents.

The new rate was erroneously reported as 45 cents a bushel on Monday.

TWO MINERS KILLED BY AN EXPLOSION

(Special to THE DAILY MAIL by the British United Press.)

Fairmont, West Virginia, March 26—Two miners were killed and nine others are believed to be dead as the result of an explosion at the Yukon mine of the Crown coal company at Arnettville today.

Seven other miners, escaping from the shaft immediately after the blast, said they were certain that these trapped in the mine had been killed.

The Middle West Is Hard Hit by a March Blizzard

Snow Piled Into Drifts to a Depth of Six Feet on the Prairies—Chicago Had Storm Equal to the Worst of the Winter—Big Street Cleaning Crew Out.

(Special to THE DAILY MAIL by the British United Press.)

CHICAGO, ILLS., March 26—An amazed midwest dug out today from a wilderness of snow left by a furious freak of nature—the worst March blizzard in its history.

The prairies of Illinois, Indiana, Lower Michigan and Wisconsin were mantled with a white blanket 12 inches deep on the level and six feet or more where yesterday's howling gale had piled it in drifts.

Chicago was in the grip of snow having as extensive as the worst storms of winter entailed. More than 20,000 men toiled with shovels, snow plows and trucks to clear the streets, street car tracks and suburban and steam lines.

FIVE LIBERALS OPPOSE N. S. LIQUOR BILL

Halifax, N. S., March 25—Sustained opposition to the liquor control bill, as introduced by the Government, was forthcoming from Liberal benches today after Premier E. N. Rhodes had moved second reading of the measure, affirmed that the bill accentuated the "control" and not the "sale" of liquor and pointed to the policy therein enunciated of selling beers and wines freely while requiring purchasers of spirits to obtain permits, as evidence of the Government's intention to popularize the light beverages.

Five Opposition speakers, headed by Hon. William Christolm, led the assault of the measure as arbitrary and undemocratic in the powers to be vested in a commission, while two defended prohibition and deplored not only the bill as drafted but the policy of Government sale.

MAROONS TOOK ONE FROM BRUINS LAST NIGHT

Boston, March 25—The Montreal Maroons fought the Boston Bruins for almost 87 minutes here tonight to gain their first victory out of three starts in the playoff series between the division champions of the National Hockey League.

During the three regular periods, a 10-minute overtime session and almost 17 minutes of sudden death play, but one score was made, and that was caged by Archie Wilcox, one of the Montreal spare defence men. A few minutes before Wilcox tallied, George Boucher checked Marty Barry near centre and suffered a serious injury.

WILL ATTEND THE CONGRESS

(Special to THE DAILY MAIL by the British United Press.)

Boston, Mass., March 26—William Cardinal O'Connell, Dean of American Catholic Hierarchy, next month will head a large pilgrimage from Boston to the Eucharistic Congress to be held at Carthage, North Africa.

"The whole secret of talking a good game of golf," said a sportsman recently, as he sank into an easy chair in a local club, "is relaxation."

TAXI MEN HERE ARE INDIGNANT BEFORE HOUSE

Objection was taken by a delegation of taxi men from Devon, Marysville and Fredericton, this morning when they appeared before a Legislative Committee in opposition to the proposal to have a bus line established under the Motor Carrier Act between the three places. The matter of putting this matter in the hand of the Motor Carrier Board of the province, has been before the government and is sponsored by the town councils of Devon and Marysville as well as the local city council as it is thought that a more reliable service is necessary between the three places than heretofore.

After considering the cases of the two parties this morning, it was suggested that the taxi men and the councils get together and solve the distressing problem by some satisfactory compromise. C. L. Dougherty appeared for the taxi men while Aldermen Horace Pettigrove and Charles Finnemore of Marysville; Ald. A. W. Coombes of Devon, and Ald. Parker Currier and Clarence Goodspeed appeared in behalf of the original proposal, that is to have the Motor Carrier Board look into the situation and appoint one company to have control of the bus service between the three points.

N. S. MURDERER IS CHAMPION SKI JUMPER

Berlin, N. H., March 25—A young man awaiting death in prison at Sydney, N. S., for murder today was identified by police as one of the greatest, perhaps the greatest, ski jumper the east has ever known.

He is Ingvald Anderson, better known as "Bing" or Carl Anderson, whose 190-foot jump at Brattleboro in 1925 has never been equalled in the east.

Anderson's widowed mother, hard working and respected by the community, sacrificed her son's downfall to a fall in his childhood which she said affected him mentally.

Anderson was convicted on a charge of murder growing out of the death of a hotel clerk. He was condemned to die under the name "Emmett Sloane" now identified here as the name of a boyhood friend.
