SPRING HINT

All of a sudden, when the earlier sun wakes you one of these March mornings, your mind unfolds to a sense of change. The room's the same, the task of filling out your income tax blanks still taunts you, you remember that the leavings of the twelfth ton of coal won't last the week out—but something is different. Not exactly that, but something is there that wasn't there yesterday. Nor is that just it. Whatever it is, it's new and not new. It's like a memory come to life—a delightful memory.

You race it to the tip of a nearby telephone pole—and the clear trills and rills of the song-sparrow send thrills all through you, and you know the birds are beginning to come back. "How fine to have the birds back!" you'll say to yourself. Have you ever stopped to think what would happen if they didn't come back? Well, in a season or two it would mean the end of life on this planet. That's all!

THE FAMILY DOCTOR

It is bad news to learn that the general practitioner, the family doctor, is passing out. Everyone wants to rush to a specialist. What is to become of us when there will be no one to get out of bed at three in the morning to come and look us over? This country needs family doctors, good general practitioners. If there isn't enough money in this kind of practice we must appeal to the missionary spirits. It's a wonderful field for good works. If you want to make your life count tremendously, be a family doctor.

By the tragic death of Mr. Havelock Coy, barrister at law, last evening, Fredericton loses a worthy, useful and highly esteemed citizen. While not a native son the late Mr. Coy had resided here the greater part of his life or since he completed a very brilliant course at the University of New Brunswick. He served as registrar of the University for twenty-five years, and also as secretary of the Local Improvement Association. He was a good living man, absolutely honest and trustworthy and was universally esteemed.

Heartily congratulations to His Honor the Lieutenant Governor, Major General H. H. McLean on turning his seventy-sixth milestone. His Honor was born in Fredericton but has resided in St. John so long that that city practically claims him as a native son. His Honor's friends who are legion, will be glad to know that he continues to enjoy excellent health and retains his old time geniality, energy and robust optimism. We feel sure that all will join with the Mail in wishing him many happy returns of the day.

Dr. Glenn Frank says that as a civilization grows more complicated freedom tends to disappear. It seems about time to unscramble our civilization or get out the telescope to watch it disappearing in the far distance.

Another sign of impending, if not actual middle age, is a growing disposition to postpone the base ball pennant prophecy until August or thereafter.

New York is launching a great campaign for improving the appearance of ash barrels. If it goes over with a bang, it is thought the next movement may be for more beautiful rubbish.

One dame we heard of recently ducks the prologue and the epilogue of the Amos and Andy regular evening riot because she "isn't interested in the educational film."

There seems to be an unusually large number of recruit Premiers in France this spring who are good for five innings.

Chicago, March 22—The icebox is no place for sale keeping of long greten. August Petiau knows. He hid 2000 in the cooler. The money vanished. So did a boarder, who has been pinched.

Pleasing Incident.

A pleasing incident took place at the opening of the Legislature yesterday when Premier Baxter on behalf of the Government and its supporters presented the Opposition leader, Mr. A. A. Was Weak and Pale

Health Restored Through the Use of Dr. Williams' Pink Pills.

Mrs. Leo. Bedard, Quebec City, tells how her health and strength were restored through the use of that great blood-building tonic, Dr. Williams' Pink Pills. Mrs. Bedard says: "Some three years ago, after the birth of my little boy, I was left very weak and pale. I did not seem to have any strength and at times I was so dizzy I would nearly fall down. A friend advised me to try Dr. Williams' Pink Pills and I did so. In a few weeks I was surprised to notice the difference in my condition—I felt like a new woman. I continued taking the pills until I had used ten boxes, by which time I had completely regained my former health and strength. I feel that I cannot praise too highly Dr. Williams' Pink Pills for what they have done for me."

To the woman in the home—the woman closely confined through household duties—Dr. Williams' Pink Pills are a positive blessing. So if you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how quickly your health will improve and your strength return. The pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont.
