Ex-Premier Baldwin Is Credited with a Very Shrewd Move

Right Hon. Neville Chamberlain Named as Chairman of the Conservative Party to Satisfy the Clamor of the Moderate Conservatives—Will Be Expected to Keep His Leader on Path.

(By HERBERT BAILEY, British United Press Staff Correspondent.)

LONDON, June 24—The appointment of Right Hon. Neville Chamberlain as chairman of the Conservative party was a very shrewd move on the part of Right Hon. Stanley Baldwin to satisfy the clamor of the moderate protectionists.

Although Mr. Chamberlain does not go so far as Right Hon. L. C. M. S. Amery in demanding Imperial economic unity founded on protection, he is a strong advocate of safeguarding and economic reform and also Imperial economic development.

The Conservatives therefore, who suspect of Mr. Baldwin of lukewarmness toward tariffs, have faith in Mr. Chamberlain's ability to keep the Tory chieftain on the right path.

"Owing to the late opening, the Canadian National Railways are anxious to get down to business and accommodate some of the hundreds of tourists who have been applying for service at the new hotel, therefore, no information will be held. "We promise them a bang up celebration at Christmas and New Year's. In the meantime, the bridge and dinner dance, Tuesday, promise to be a pleasant function."

OF CANADA YOU SING

Of Canada you sing, her skies,
And sentimental strand that ties
With equal rights to Royal Crown
You sing of heroes who have bled,
Of words her statesmen great have said
And deeds that add to her renown.
You sing of her great inland seas,
Of treasure hills, majestic trees,
And of the riches of her farms.
You sing of maidens, oh so fair,
And of those men all dash and dare
Who sought new trails for muscled arms
The song is yours, though time is nigh
When other lips will raise it high
So all shall know our Country's fame
Will they who sing Tomorrow's song,
To other singers pass along
A deed of yours for loud acclaim?

PREMIER KING HELD FORTH AT SYDNEY, N. S.

Claims That Every Major Recommendation of the Duncan Report Has Been Carried Out.

Sydney, N. S. June 23—In the heart of the coal and steel district of Cape Breton, Premier Mackenzie King tonight opened his Nova Scotia campaign. This is the fifth province of Canada to be visited by the Prime Minister and the meeting was one of the largest and most enthusiastic which he had addressed thus far.

From H. M. C. Champlain, the torpedo-boat destroyer which brought him here, Mr. King landed shortly before the time for his meeting. A band of pipers heralded his coming. In the large arena, a great crowd was waiting, and as Mr. King mounted the steps of the flag-draped platform, it broke into cheers. From the wall above the platform a picture of Sir Wilfrid Laurier looked down on the meeting.

Other Speakers

In addition to the Prime Minister Hon. J. L. Ralston, Minister of National Defence, and D. A. Cameron, Liberal candidate in South Cape Breton, spoke.

"I stand here tonight and say to the Maritime Provinces that there is not a major recommendation in the Duncan Report—not a recommendation of any real significance—that we have not carried out in letter and in spirit," Premier King said. He asserted that the Government was ridiculed by its Conservative opponents when it proposed to appoint the Duncan Commission.

The appointment of a Minister of Fisheries, the reduction of freight rates the payment of bounties on coal, the increase in provincial subsidies, aid to the central markets of Canada—these were referred to as indicating the sustained effort of the Government to assist the province of Nova Scotia and the Maritimes.

HUBBARD NON-CONFORMIST SAYS DARROW

East Aurora, N. Y., June 24—Elliott Hubbard's greatness lay in his refusal to be a standardized man, Clarence Darrow, the Chicago criminal lawyer, told persons gathered here from all parts of the United States to pay tribute to the late author on the twenty-fourth anniversary of his birth.

"He was different," Darrow said. "He refused to conform. He wasn't a joiner. The typical man today joins the Mason, the Knights of Columbus, the Elks, the Eagles and all the rest of the animals. Hubbard was a character because he thought and spoke as he pleased, and, so far as possible, did as he pleased." Darrow characterized Henry Ford and President Hoover as the country's leading "standardizers." They are "the principal disciples of the false doctrine that man is good for work and production of more goods," Darrow said.

Miss Helen Brewster, daughter of Mrs. Byron Brewster, George Street, left today for Saint John where she will spend several weeks with friends.

CANTURY CLASS SAYS FAREWELL TO HIGH SCHOOL

Exclusive Dance Tops Program—Graduates in Vocational Work—Orchestra Again A Feature—Large Were Present at Exercises.

The Century Class or as Robert Bailey, Valedictorian, humorously styled it in his address "The Class of the Century" said their farewells to F. H. S. last night in the form of the rousing school cheer that came as a colorful climax to an interesting evening. The dance in the gymnasium, following the program was an exclusive High School Affair and thoroughly justified Dr. MacFarlane's policy of confirming the social life of the school to the student body.

A feature of the closing exercises was the graduation for the first time in the history of the school of students who have taken the pre-Vocational Course. This department has shown an increased enrollment yearly.

Mr. Burden and his music makers were in fine fettle again last night, the slow tango "Mexican Flower Song" showing the orchestra at its best. In this selection the strings and the woodwind instruments carried on a pretty musical argument. Their second number "Serenade" was not at effective.

Mrs. W. G. Clark was chairman in the absence of Dr. G. Clowes VanWart.

DOMINION STORES TO OPEN IN FREDERICTON

Department Store Operator to Invade the Maritime Provinces—Will Have Four Stores in the Province.

The last number of the Canadian Grocer contains the following article which is not without local interest:

"Canadian Grocer learns officially from W. J. Pentland, president Dominion Stores Limited, that his company is about to enter the Maritime Provinces field. Already locations have been definitely leased or provision made for securing leases. Four of these are in Saint John, N. B. and one each in Fredericton, and Moncton. Some of them will be combination grocery and meat stores and the others straight groceries including fruits and vegetables.

"It will be recalled that two or three years ago Dominion Stores were considering the Maritime field, but finally decided to wait for a time. Their entry there now places them first in the field as far as the large exclusive grocery chains are concerned. The T. Eaton Co., as the trade knows, have already a chain of groceries in the Maritimes but this company is primarily a department store operator.
