Rain Likely to be a Factor in Settling The Trouble in India

A Southwest Monsoon Will Begin Early in June and Keep the Country Deluged for Three Months—One Hundred Persons Injured in a Fierce Street Fight at Rangoon.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, May 26—Rain will likely prove the greatest factor towards a settlement of the present disturbances in India, a southwest monsoon will begin during the first two weeks of June when tropical rain will deluge India and continue for three months. It is impossible to have street processions or demonstrations while the monsoon is at its height not only because of the severity of the downpour but also because of the danger of malaria to the Indians.

The most serious outbreak was at Rangoon, in Burma, where independence agitators were held responsible in part of inciting striking dock workers to a riot. Twelve persons were killed and more than fifty wounded. Strikers fought police and imported strike breakers with stones and sticks.

MR. HANSON, M. P. PROTESTS WAR TAX CLAUSE

Discussion in Parliament Over Amendments to the Income Tax Act.

Ottawa, May 25—Amendments to the Income War Tax Act brought out a great deal of discussion in the committee of Ways and Means in the House of Commons yesterday. The first change to which exception was taken was concerning the corporation rate to be paid in respect to undistributed income when this is received by a corporation on the sale or winding up of another corporation. R. B. Hanson, (Cons., York-Sunbury,) protested against the principle of this tax becoming retroactive as from the first of the year. However, the amendment was accepted with out any change being made.

The clause exempting the income of co-operative companies and associations was approved.

The clause which grants an exemption of \$500 in respect to dependents, parents, grandparents, brothers, sisters, sons and daughters incapable of self-support was discussed at some length, but passed without change. Dr. T. E. Kaiser, (Cons., Ontario), urged that the exemption should also apply to mothers-in-law and a wife's sister.

J. G. Ross, (Liberal, Moose Jaw), drew the attention of the Minister to the inconveniences encountered by farmers in filling out income tax returns. He asked the Minister to make a complete statement on the requirements, but Mr. Dunning turned this over to Hon. W. D. Euler, Minister of National Revenue, under whose department collections are made. The latter was not in the House at the time.

There were several hours' debate when members urged Mr. Dunning to increase the exemption on charitable donations, before it eventually carried. This is a new clause in the income war tax act which exempts such donations to the extent of 10 per cent of the net income of a taxpayer to any church university, college, school or hospital in Canada.

Fishing Was Poor

There was quite an exodus of anglers from the city on Friday, but a checkup shows that with the exception of a few cases they had rather indifferent sport. The water in the streams and brooks is still very cold and the fish refused to bite. It is thought that there will be an improvement in conditions by the time the next holiday comes around. Lake fishing for trout is reported to be very good.

A PROMINENT MAUGERVILLE MAN PASSES

Arnaud R. Miles Died This Afternoon After a Lingerin Illness—Was Widely Known Throughout the Province.

Many friends in this city will sincerely regret to hear of the death which occurred at his home at Upper Maugerville this afternoon at Arnaud Raglan Miles, one of the best known residents of the County of Sunbury. He was a sufferer from diabetes and had been an invalid for nearly four years. The deceased was the last member of the family of the Thomas Odbur and Nancy Perley Miles and was of United Empire and Pre Loyalist Puritan stock. He was a descendant of Capt Elijah Miles of DeLanceys' Third Brigade which fought in the Revolutionary war. He made his home in Maugerville all his life and besides carrying on farming operations worked in the winter months as a lumber surveyor on the Tobique, St. John and Miramichi rivers. His wife who survives him is a daughter of the late Charles B. Harrison, for many years M. L. A. for Sunbury and a sister of H. E. Harrison, supervisor of fisheries. Mrs. Miles is also of Loyalist descent.

The late Mr. Miles in the performance of his duties as a lumber surveyor had travelled extensively throughout the province and made many warm friends. He was a man of jovial and kindly disposition who took a deep interest in public affairs and was highly esteemed by all who knew him. In politics he was a Liberal and in religion an Episcopalian.

The deceased was in his seventy-sixth year and is survived by three sons, Dr. F. Bruce Miles of Cranbrook, B. C. C. E. Miles, C. E., employed on the Welland Canal, and George H. and one daughter, Miss H. Kate, both at home.

The funeral will take place from Christ Church at Maugerville at 2.45 p.m. Wednesday and on account of the illness of Mrs. Miles the services will be private.

COW SLAYERS BAG 2 VICTIMS WITH .22 RIFLES

Youths Guilty of Killing One Cow and Mortally Wounding Other—Arraigned in Court—"Happy Hunting Ground" not Pasture.

Although the hunting moon is yet far, far distant, five young proselytes of Diana, the lust of the chase surging strong in their blood, yesterday crept stealthily up on two placid cows owned by James Tomlinson of Tay Creek and blazed away at them. One cow collapsed instantly from a mortal wound in the heart, while the other stung to madness by a peppering in the region of the hindquarters, fled beyond the range of the five hunters. The animal was later pistolled by the police to put an end to its suffering.

Had .22 Rifles.

The boys were armed with three .22 calibre rifles of cheap make. Evidently they had wearied of potting at tin cans and pigeons and had gone in search of "big game." Officers of the Provincial Police quickly apprehended the youngsters, aged from 14 to 16, four of whom reside in Fredericton, the other in Devon. This morning at the Police Court, Magistrate Limerick gave them a remand until 2.30 this afternoon at which time it is expected the parents of the boys will make good the damage. These boy Hiawathas will long remember that whatever it is, the "happy hunting grounds" is emphatically not in a cow pasture.
