BENNETT SWEEPS THE COUNTRY

The Conservatives Will Have 136 Seats In New Parliament

The Government of Mackenzie King Swept from Power Yesterday—Big Overturn in Quebec in Favor of the Conservatives—New Brunswick the Banner Conservative Province—Five Cabinet Ministers Among the Slain.

(Special to THE DAILY MAIL by the British United Press.)

OTTAWA, Ont., July 29—The Conservative party will have a clear majority over all parties of about thirty according to the latest returns from yesterday's election up to noon today.

The standing at twelve o'clock was Conservatives 136, Liberals 85, United Farmers 10, Progressives 2, Liberal-Progressives 2, Labor 3, Independents 2 and 5 seats to hear from.

At least five Cabinet Ministers are among the slain as a result of yesterday's election. The list includes McMillan in Prince Edward Island, Kay in Cannon in Quebec, Dunning in Saskatchewan and McKenzie in British Columbia.

One of the bright spots for the Liberals was the capture of a seat in Toronto for the first time in years. T. L. Church, long a member of the House having gone down before Samuel Factor in the West Centre constituency.

Ottawa Goes Liberal

Ottawa, contrary to expectations returned two Liberals, Chevier and Ahern by substantial majorities thus disproving the old adage that as Ottawa goes so goes the country.

Cabinet to Quit Soon

It is expected that the Liberal Cabinet will resign just as soon as odds and ends of business can be cleared up. Under a precedent established by Lord Aberdeen in 1896, the government will not be permitted to make appointments.

As Viewed in England

London, July 29—The victory of Hon. R. B. Bennett and the Conservative party astonished political circles where advices had been received indicating a possibility that Bennett would be successful but only by the smallest margin. It was not thought possible he would obtain a clear majority.

The Beaverbrook papers are already claiming Bennett's victory as a vote for empire free trade because of his announced policy for reciprocal empire preferences.

The London newspapers have had no time for comment on the results but their headlines indicate their surprise. Official quarters here are now wondering where Mr. Bennett will be able to attend the Imperial Conference in view of his promise scheme for dealing with unemployment. It is felt here that if Mr. Bennett could not be present the Empire Conference would have to be postponed.

An Early Report

Toronto, July 29—The Government of Premier King today went down to defeat. A Conservative administration will reign in its stead. Hon. R. B. Bennett Conservative Leader, now needs but nine more seats to give him a clear majority over all. There is every indication that he will get them.

The tide of Conservative victories began early. Nova Scotia constituencies, where the King Government had expected to make gains, failed to respond. New Brunswick began the story of Liberal defeat. When Parliament

was dissolved, New Brunswick stood five Liberals and Six Conservatives. When today's story was told, the count still 10 Conservatives and 1 Liberal.

Hon. Dr. Peter Veniot, Postmaster-General, had secured a bare victory.

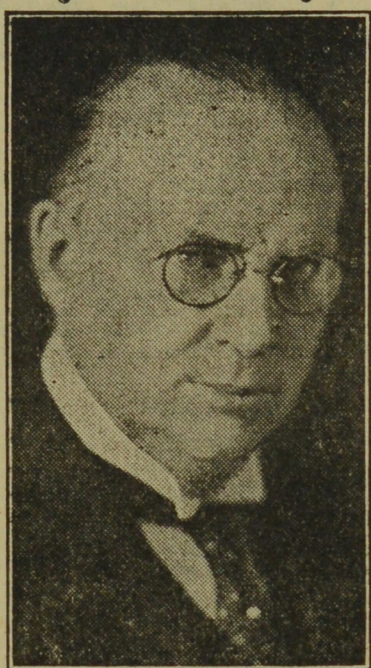

In Prince Edward Island the standing of three Liberals to one Conservative was changed to three Conservatives to one Liberal, and Hon. Cyrus MacMillan, who had deserted the professorship of English at McGill to become a Minister of Fisheries, was defeated.

But it was in the Liberal stronghold of Quebec that Conservatives made the most serious inroads. There at midnight the toll stood: Two Ministers defeated and a net gain of 19 seats. The y stood 25 against the Liberal 35.

Amongst their conquests was the old seat of Hon. J. A. Robb, Mr. Dunning's predecessor as Minister of Finance. In the last Parliament the Conservatives held only four Quebec seats out of 65.

In Quebec

Montreal, July 28—The Liberal "bloc" in the Province of Quebec was definitely broken in the general elections today. Conservatives made substantial gains in all parts of the province and in both rural and city constituencies at 11.40 23 Conservatives had been elected in the 65 seats as compared with four who sat in the House of Commons after the 1927 elections. The Ministers of the Government went down to defeat in the province: Hon. Lucien Cannon Solicitor-General, in Dorchester; and Hon. F. W. Kay,

The woman was the wife of the cook on the dredge.

Six surviving members of the crew were brought here today by the freighter Amassa Stone. Coastguardsmen who went to the scene of the tragedy were unable to locate bodies of the victims.

NEW BRUNSWICK DID NOBLY FOR MR. BENNETT

Native Province of the
Conservative Leader
Gave Him Ten Seats
Out of Eleven.

The county of Albert, although it pronounced against the Provincial Government last month swung back into the Conservative column yesterday with a majority of 800 for Messrs. McLaren and Bell. The people of Albert did not forget that Hon. R. B. Bennett, the Conservative chieftain is an illustrious son of the county.

One of the surprises of yesterday's election was the almost clean sweep made by the Conservatives in New Brunswick. Premier Baxter an experienced campaigner, claimed eight sure seats for his party some weeks ago, but a later forecast by Col. McRea the chief organizer, claimed eight sure seats, gave one to the Liberals, and described two as doubtful. The Conservatives captured the two doubtful seats, making a total of ten with one going to the Liberals with a greatly reduced majority. A change of little more than one hundred votes in Gloucester, would have meant a clean sweep for the Conservatives for the first time in the history of the province.

Communists Are Making Headway On Chinese Front

Changsha, the Capital City of Hunan Province
Has Been Captured—Americans Removed to
Place of Safety by Gunboats—Nationalist
General's Surrender.

(Special to THE DAILY MAIL by the British United Press.)

PEIPING, China, July 29—Chinese communist troops, continuing unimpaired march northward, through Hunan Province, captured Changsha, its capital today.

All Americans in the city of 500,000 inhabitants were evacuated except for three missionaries who refused to leave.

The American gunboats Guan and Palos were evacuating Americans, in nearby cities assisted by British and Japanese gunboats.

A message was received here today from General Feng Yushiang, of the northern coalition fighting the Chinese nationalist government, saying that two nationalist generals along the Hankow railway front had surrendered. General Feng added he expected to occupy Hankow within ten days without fighting.

DUNLOP UNDER VERY STRICT OBSERVATION

The utmost vigilance is being taken in the care of Harvey Dunlop, now in the York County jail, facing a charge of the murder of 15-year-old Erbon Dickenson, of Campbell Settlement last week.

The eccentric farmer recluse of Campbell Settlement who so coolly took the life of the young Dickenson lad with a rifle, following it up with a statement to the Provincial Police, that he would have "shot them too, if he had been in the house" is being watched by authorities for any sign of suicide.

Even since the suicide by hanging of John Ludford, of Zealand, who cold bloodedly shot down Perley Graham, neighboring farmer two years ago the authorities have taken special care of prisoners on murder charges. Dunlop since he was put in jail, shows no concern whatever over his impending hearing and has maintained a steady indifference.

BENNETT WILL HAVE 136 FOLLOWERS

Montreal, Quebec, July 29th—It was a night of surprises a dramatic night. In many ways it resembled that night of Sept. 21st, 1911, when a Liberal government went to the country on the strength of the fielding pact of reciprocity and was defeated by the defection of the famous Liberal bloc in Quebec, which returned 27 Conservatives. Only three Conservative supporters came out of Quebec in 1917, none in 1921 and four in both 1925 and 1926.

Yesterday the Government went to the country largely on the Dunning budget of increased British preference, and Quebec returned 24 Conservatives.

New Zealand butter and a restricted American market being prime factors in a dairying country.

In the election of 1926 Premier MacKenzie King, found himself with 123 Liberal supporters, to which he could add nine Liberal Progressives most from Manitoba, giving him a comfortable working majority in a house of 245 members. Today Hon. R. B. Bennett has a following of 136 with the possibility of picking up one or two more now in doubt. He need therefore look no further for support among depleted independent group, and for the first time since the war a government goes into office with a clear ready-made majority interest of next few days will be focussed on Ottawa, where it is to be presumed cabinet making will be the chief occupation of Mr. Bennett and his lieutenants. Not only has hepledged himself to call a special session to deal with unemployment but the question of Canadian representation at the Imperial And Economic conference must be speedily decided. His task of cabinet making is simplified by the election yesterday of a round dozen conservative ex-vabliet miniters as well as the formed conservative leader in Quebec, Arthur Sauve, Probably a seat will be found for Hon. S. S. Stevens, Defeated in Vancouver center as indeed has been suggested by his successful opponent Hon. Ian MacKenzie.
