English Laborites Show Interest in Canadian Outcome

**Will Have Bearing On Empire Trade Question—
Economists Disagree on How to Achieve
Inter-Imperial Agreement—Plan to Found
Reciprocal Relations With Dominions.**

(By HERBERT BAILEY, British United Press Staff Correspondent.)

LONDON, Eng., June 14—The labor members of Parliament will watch the Canadian election campaign with more than usual interest because of their own divided opinions on Empire trade. Although all of them are agreed that they want to see inter-imperial trade developed to the fullest extent, there are conflicting views among the economist's party on how this can be achieved. The strong and official free trade group do not want any abandonment of their present policy and would willingly abolish all tariff restrictions but recently the belief has gained ground that any real development in inter-imperial trade must be founded on reciprocal arrangements with Canada and the other Dominions.

TARIFF BILL HAD NARROW SQUEAK IN U. S.

**Slim Victory of 44-42 in

\$75,000,000 Placed
Against Canada.**

Washington, D. C. June 14—The Senate today adopted the tariff bill by adopting the conference reports. The vote was 44 to 42.

The vote assured Congressional approval of the measure.

The house votes tomorrow on the conference agreements adjusting differences between the two branches and affirmative action in a few hours is expected.

President Hoover probably will receive the year and a half old Hawley-Smoot bill next week. Republican leaders have predicted he would sign it.

He will study the provisions before acting.

Against Canada

Washington, D. C. June 14—On Friday the 13th, the United States Senate passed the Hawley-Smoot tariff bill by two votes, 44 to 42.

The House will agree to some minor changes tomorrow and the bill should go to the President next week. He must act upon it within ten days. If he signs it, new levies against imports from Canada amounting to \$75,000,000 yearly will go into effect by the middle of July or earlier.

CHICAGO CLERGY JOIN PRESS TO OUST GANGSTER'S

Chicago, June 13—Chicago's determined manhunt for the slayer of Alfred J. Lingle went forward relentlessly today under the stimulus of a united demand for the extermination of its notorious gangs.

Seven powerful newspapers pooled their influence, ministers exhorted 2,000,000 church members to action, and industry and commerce pledged its millions to rid Chicago, once and for all, of the underworld forces that make such killings as that of the newspaper man possible.

Since St. Valentine's Day in 1929 Chicago witnessed more than 100 gang murders, but not until Lingle, reporter of gangland for the Tribune was assassinated did public opinion harden so rapidly as it has this week under the editorial last.

Blunt Language

Couched in blunt and forceful language, the brief announcement that civic decency and security of life and property must be restored to Chicago, was signed by the publishers of the Evening American, The Daily News, The Evening Post, The Daily Illustrated Times, The Herald and Examiner, The Journal of Commerce and The Tribune.

Voice of Pulpit

Added to the cold type appeal of the newspapers were the voices of dozens of ministers, headed by Dr. John Thompson, pastor of the skyscraper First Methodist church, and the Rev. Phillip Yarrow, chairman of the Political Action Committee of the Chicago Federation of Churches. Dr. Thompson rallied Methodist leaders for a mass meeting and the Rev. Yarrow called his committee to call a mass meeting to protest the "state of lawlessness into which Chicago has fallen."

The newspaper quoted dozens of other ministers to the effect that "the situation was deplorable."

SPUD MARKET IS QUIET BUT QUITE FIRM

Hartland, June 13—To-day's potato market was quiet but firm, with only moderate wire inquiry and demand, all from Canadian points. Car loading is decreasing daily, and it is estimated that about 60 cars are left to ship along the St. John River Valley. Haulings by farmers are very light. They are being paid \$2.50 for Green Mountains and \$2 for Irish Cobbles, Canada grade one.

In Arrostook

Presque Isle, Me., June 13—But little local trading is being done in potatoes, a few lots being sold by grocers at prices around \$2.50 a barrel. The general market is reported as quiet, with but little inquiry. Maine shipped about 100 carloads yesterday.

WORD AWAITED

Relatives Of Walter Vivier, New Yorker, Who Was Killed At Long's Creek In Auto Fatality Not In Touch With Yet—Deceased Has Accident Policy For 5,000.

Word is still being awaited here as to instructions in regard to burial of the body of Walter Vivier, 44-year-old New York man, who was instantly killed near Long's Creek on Thursday night, when his Oakland Couple plunged off the side of the road. Efforts have been made by Provincial Police, and Dr. Charles MacKay, coroner, to get in touch with relatives of the deceased, but as yet have been fruitless despite previous reports that a brother had been heard from. It is thought Vivier has relatives in New Hampshire and also in New York, where his widow resides.

An accident insurance policy of \$5,000 was found in the pockets of the dead man by authorities, and the county officials here have been in touch with the insurance company headquarters, who are sending a representative her to identify the body before burial.

(Special to THE DAILY MAIL by the British United Press.)

Windermere, England, June 14—The only concern of Major Sir Henry Seagrave, King of sportsmen on his death bed by Lake Windermere was whether he had broken the world's speed boat record. Contrary to general reports, V. Peck, Rear Commodore of the Windermere Boating Club announced that Seagrave was conscious until three minutes before he died. He suffered greatly, but acted with marvelous fortitude, those with him said.

Lady Seagrave at her husband's side informed him he had broken the record. Seagrave then demanded by how much. He appeared satisfied when she told him, and at 5.15 p. m., died.

New York, June 14—One of the worst fogs of the year hung over the Atlantic coast from the Virginia Capes to Nantucket today, paralizing shipping in the area.

(Special to THE DAILY MAIL by the British United Press.)

Bucharest, Rumania, June 14—Princess Helene, divorced wife of King Carol, of Rumania was reported to be ill at her royal residence here today. RUSSIA WILL SCOUR SEA FLOOR FOR TREASURES

Moscow, June 14—Plans for the investigation of the bottom of the sea for sunken treasures were announced today.

The salvage work from an operating base at Murmansk will soon begin to retrieve many gold shipments and other valuables sunk by submarines in the world war, the announcement said, as well as some British and Russian ships that foundered after the war.

The Soviet already knows the location of several sunken vessels and others will be sought on the sea floor. For hundreds of years the danger of White Sea passes have taken a toll of ships filled with contraband wealth or escaping from war time enemies. The sea bed is supposed to be the richest in the world.

CHAMPION RACER BLUENOSE MAY BE TOTAL LOSS

Lunenburg, June 13—The Lunenburg schooner Bluenose, champion racer of the North Atlantic fishing fleet, which went ashore last night at Point Roche, on the east coast of Placentia Bay, Nfld., will probably be a total loss if further assistance is not secured quickly, according to a message reaching here.

The steamer Argyle, standing by, failed to remove her today and no other aid was available. The steamer Amphitrite, now at Trepassy, Nfld., has been instructed to proceed to the scene immediately with all necessary appliances. In addition, the Canadian Government steamer Arras, now at Halifax, will start for Point Roche at the earliest possible moment, probably to tomorrow morning.

Causes Gloom

News of the grounding brought gloom here, where arrangements were being made for a race for the International Fishermen's Trophy between the Bluenose and the newly-built Gloucester schooner Gertrude L. Thibault. It had been hoped to hold the race off Lunenburg this fall as a part of the program during the Nova Scotia Fisheries Exhibition.

The Bluenose is commanded by Captain John Walters, brother of Angus Walters, who piloted the schooner when she became champion.

CHICAGO POLICE UNDER FIRE OF NEWSPAPERMEN

(Special to THE DAILY MAIL by the British United Press.)

Chicago, June 14—The rising tide of public resentment over the murder of Alfred J. Lingle, newspaper reporter bore down heavily today on both courts and police officials. New pledges of support were received by Chicago Metropolitan Daily Newspapers, which united forces immediately after Lingle, Tribune police reporter was shot to death in a crowded subway last Monday.

LEADER JONES WAS SILENT ON THE SUBJECT

**A Sporty Proposition
Put Up to Him by Hon
B. F. Smith Was Not
Accepted.**

Hon. W. P. Jones, K. C., Opposition leader and Hon. B. F. Smith, M. L. A., were among the speakers at joint meeting at Hopewell Cape, Albert County on nomination day. It seems that Mr. Smith made a sporty proposition to Leader Jones, which the Moncton Times reports as follows:

Mr. Colpitts also stated that Mr. Jones would be elected in Carleton County, continued Mr. Smith. What does Mr. Colpitts know about the county of Carleton? I have contested the county of Carleton for twenty-seven years, and I have always been elected, but I cannot see where Mr. Jones has any better chance this year of being elected than he ever had.

I am prepared to make a sporting proposition to Mr. Jones, and it is this, said Hon. Mr. Smith:

I will give \$100 to the first baby that is born in Albert County after election day, June 19th, if Mr. Jones is elected in Carleton County, and I want him to say also that he will give \$100 to the first baby if he is elected.

Mr. Jones refused to answer. I will go further, continued Hon. Mr. Smith, I will give \$100 to the first baby born in Albert County after the election of June 19th, if the Baxter Government is not returned to power.

The sporting proposition won the approval of the crowd in cheers and applause.
