Indian Rebellion Flared up Today in Scattered Spots

**British Government Attempting to Act at the
Source of the Passive Resistance Movement
—Furious Rioting Reported at Rangoon—
Police Clash With Moslem Rioters.**

(By FRANCIS LOW, British United Press Staff Correspondent.)

BOMBAY, India, May 27—The rebellion for Indian independence flared up in scattered spots today as the British government attempted to act at the source, of the movement which has swept the country for the past seven weeks.

Furious rioting was reported at Rangoon, Burma, between strikers and strike breakers with a death list of forty, but on its surface, the situation here bore little relation to the passive resistance campaign.

Police Clash With Rioters

Bombay, May 27—Police clashed repeatedly with Moslem rioters today in outbreaks of violence in the central Bhendi Bazar here and at the Sandhurst Road Barracks. Guns were fired into the mob on several occasions and the rioters attacked police with showers of stones. Casualties in the fighting since last night were placed at six dead and 45 wounded by gun fire in a statement by Red Congress volunteers of the Indian Congress volunteers of the Indian Congress at noon.

ARRIVAL OF R-100 WILL BE WELL AIRED

**A Network of Stations
Will Transmit News
of Event Over Conti-
nent.**

(Special to the Daily Mail)

Montreal, Quebec, May 27—Broad-casting arrangements in connection with the visit of the giant British airship R-100 to the St. Hubert air-drome have now been completed, to provide for the transmission of the news of this historic event throughout Canada.

Centered on the great mooring mast to which the dirigible will be anchored radio contact will be established by the Dominion government and transmitted to the Bell Telephone Company, Montreal.

Here it will be picked up by the trans-Canada Broadcasting Company, which will make it available to the National Broadcasting Company for distribution throughout the United States. In Canada the news will be relayed to the principal stations in Quebec and Montreal, Toronto, London, Regina, Yorkton, Sask., Edmonton, Calgary and Vancouver over the new radio programme broadcasting transmission system of the Canadian Pacific Railway Company tele-graph.

Thus listeners—in throughout the Dominion will receive the story of the trans-atlantic flight and of events in connection with the visit of the first British airship to Canada.

Golf Club Met

The Fredericton Golf Club met last night, at which the building committee was authorized to go ahead with plans for the wooden building to be used as a men's locker room this summer. Dr. A. F. VanWart, president of the club, was chairman, and the meeting was very largely attended.

DANGER FROM FOREST FIRES IS REDUCED

**Heavy Rainfall of Past
Two Days Will Lessen
Danger In Woods—
Officials Hopeful—
Woods Well Dampened.**

There is very little danger of any fresh outbreaks for forest fires in any section of the province for some time to come, is the present outlook by forestry officials. Rainfall, a real heavy and incessant shower today, will dampen practically every portion of the province. Weather reports show that the rain has been general and heavy in most portions.

Fire Under Control

Fire catastrophes at Kegwick, Restigouche county, which swept miles of timberland, and left at least three families homeless, are said now to be under control. At least four square miles was burned in this holocaust.

Two hundred fire fighters of the International Pulp & Paper Company were engaged in fighting the flames near Kegwick village. Violations of the Forest Fire Act are said to be rife in many points, and the authorities are expected to take immediate action with regard to them.

The rainfall today, however, is thought to be heavy enough to allay any fires which may yet be smouldering in the province. The ground is well damped, and forest wardens are taking extra precautions on the holidays to see that no further outbreaks occur.

Holds Its Own

According to a report received from the Pumping Station, the water level in the St. John has been maintained for the last 24 hours at 8 ft. above the summer level. This level is just 15 inches lower than that reported Saturday by Chief Engineer, Malloy.

NOTED AIRMAN WILL ATTEMPT ATLANTIC HOP

**Captain Kingford-Smith
to Leave Ireland for
New York on First
Leg of Round-World
Flight.**

Dublin, Ireland, May 26—Captain Charles E. Kingsford-Smith, famous Australian trans-oceanic flier, announced today he would attempt a flight from Ireland to New York at the end on June. He will start from Curragh County, Kildare, using the monoplane "Southern Cross" in which he flew from San Francisco to Melbourne, Australia, in 1928.

He will take a more southerly route than that followed by the German air-plane Bremen in the only previous successful westward flight across the North Atlantic.

Kingsford Smith plans to take 1,300 gallons of gasoline on the hop to New York. Arriving there, he intends to fly to San Francisco, thus completing an around-the-world flight.

Rescued From Wilds

After reaching Australia from San Francisco two years ago, he attempted a flight to England. He was forced down in the wilds of his native country, but was rescued after a search in which one aviator lost his life. Last June he started a new flight, reaching England from Australia, in 13 days and 12 hours, a record.

On his flight to the United States, he will be accompanied by a crew of three. His navigator will be Captain J. P. Saul of Dublin, a master mariner formerly of the Royal Air Force. He will have an assistant pilot, Van Dyke, of Holland, and a wireless operator named Stannage.

52 KILLED IN RANGOON STREET RIOT

(Special to THE DAILY MAIL by the British United Press.)

Rangoon, Burma, May 27—Widespread rioting in which police fought dock strikers in the streets of Rangoon had resulted in a total of 52 dead and hundreds injured at noon today.

Fighting started yesterday and continued at intervals as police reserves were summoned in a vain effort to cope with the rioters. A check of casualties revealed a total of 746 injured, many of them seriously.

WHITE SLAVERS UNDER FIRE IN BUENOS AIRES

(Special to THE DAILY MAIL by the British United Press.)

Buenos Aires, Argentina, May 27—More than forty alleged members of a white slave organization operating in Argentina have been arrested by police in the last two days in interior towns, it was announced today.

Of these seventeen were taken at Rosario and seven at Arrecifes, the police reported bringing the total arrested throughout the country in the drive to about eighty.

An evangelist must not be ALL denunciation.

ASSERTIONS OF INTRIGUE ARE MADE

**May Deprive Dominions
of Seats in League
Council**

CANADA MAY DROP OUT

**Cuba and Finland to Re-
tire As Per 1926
Agreement**

(Special to THE DAILY MAIL by the British United Press.)

London, May 27—Assertions of intrigue directed to deprive the British dominions of non permanent seats on the Council of the League of Nations are made by the London Daily Telegraph today.

Canada along with Cuba and Finland, will retire from the council in accordance with the agreement reached in 1926. Finland will be succeeded by either a Scandinavian or a Baltic country and Cuba by a Latin American nation, and in this connection the Telegraph says that there is now an attempt to prevent another British Dominion from succeeding Canada.

NEW UNIT TO BE INSTALLED AT GRAND FALLS

St. John May 22—The capacity of the present power house of the St. John River Power Company at Grand Falls will be completed in the near future with the installation of a fourth generator of 20,000 horsepower, an order for which has been placed with the Canadian General Electric, through the Maritime district headquarters at Halifax. The new generator, which will be of similar type to the three already installed, will complete the equipment of the original plan for Grand Falls development, with a total possible output of 80,000 horsepower.

The new unit is being installed to take care of the extra demand for current arising through the installation of the second paper machine at the Dalhousie mill of the New Brunswick International Paper Company, which will then have a total capacity of 550 tons of paper a day. The Canadian General Electric Company already have received an order for six 2,000 horsepower grinder motors in anticipation of the installation of the added paper machine.

MACDONALD IS IN FAVOR OF EMPIRE TRADE

Horden, Eng., May 26—"I have always been in favor of Empire trade," said Prime Minister MacDonald here tonight during a visit to his constituency of Seaham.

"Canada's last budget," declared the Prime Minister, "is an example of how the Dominions can and will help. Mr. MacDonald remarked, apropos of "newspaper stunts" that "some of us happen to have traveled in the Empire and happen to know at first hand the feelings of our imperial brothers. If any man needs to tell me that any self-governing Dominion will study our industrial convenience when that Dominion devises its industrial policy, then I have nothing whatever to say to him."

Liberal Meeting

At an informal meeting of party enthusiasts here last night, the Opposition Committee Rooms in the Chestnut Building were made ready for the coming election campaign.

A Book on Lloyd George to Appear In Near Future

**Ex-Premier of Great Britain Fears That It May
Contain Damaging Material and Wants to
See the Proofs—Threatens Legal Action—
Author is Gordon West.**

(By HERBERT BAILEY, British United Press Staff Correspondent.)

LONDON, May 27—Right Hon. David Lloyd George, not unnaturally curious is making attempts to see the proofs of a book entitled "Lloyd George's Last Night" which will be published shortly, the author is Gordon West, late acting director of propaganda for Lloyd George and the Liberal party.

Fearing the book contains damaging material, Lloyd George has threatened to take legal action unless the proofs are subjected to his scrutiny. The publishers, however, have refused to submit any proofs to him.

FORMER NORMAL SCHOOL STUDENT PASSED AWAY

On Thursday, May 15th, death claimed a bright and lovable young woman in the person of Mrs. Roderick MacDonald, of Edmundston, N. B., who before her marriage in May 1929 was Miss Waunita F. Jensen, of Anfield, Victoria County, N. B.

Her demise was very sudden and unexpected, occurring about twelve hours after the birth of a daughter, Waunita Jensen MacDonald. Rev. W. J. Clark, Rector of Plaster Rock, conducted the funeral, burial taking place in the Danish Cemetery, Salmonhurst, N. B., on Sunday, the 18th inst. She was twenty-six years of age.

Attended Normal School

Besides the infant girl, Mrs. MacDonald is survived by her husband, and by her parents, Mrs. and Mrs. Carl J. Jensen, of Anfield, and one sister, Nonie, to whom genuine sympathy is extended by very many true friends. Mrs. MacDonald attended Normal School in Fredericton 1922-23 and taught in Carleton and Victoria Counties, and will be affectionately remembered by former pupils and by their parents and others with whom she came in contact. Musically inclined she was always happy to help in Church and other activities wherever she happened to be.

KING GEORGE INDISPOSED

(Special to THE DAILY MAIL by the British United Press.)

London, May 27—King George has been suffering from an attack of rheumatism in the right hip for the past several days, it was announced officially at Buckingham Palace today.

BRITISH RUG KING DIES

(Special to THE DAILY MAIL by the British United Press.)

Launceston, Eng., May 27—Baron Ashton, head of large linoleum manufacturing firm and reputed to be one of the richest men in England died today at his home at Ryelands. He was 87 years old.

They tried baseball by electric light and we understand the team that won regards the innovation as a great success.

SIX KILLED WHEN ENGINE STRUCK SEDAN

**A Terrible Accident At
a Level Crossing Near
Coburg, Ontario To-
day.**

Coburg, Ont., May 26—One of the worst level crossing accidents of occur in Ontario, today claimed the lives of six members of the Johnston family, of Hamilton, when the car in which they were returning from Montreal after a holiday trip, was struck by a Canadian National 8147 engine at the crossing two miles east of here. Four of the party were killed almost instantly and two others died in the hospital several hours later.

Three generations of the family were represented in the list of dead: J. H. Johnston, Sr., 51, and also his wife, Mrs. Kate Johnston, also 51; J. H. Johnston, Jr., 26, and his wife, Mrs. Helen Johnston; the two children of the latter couple, Bobby, 18 months old, and Jimmy, five years, died within a few hours of each other in the hospital at Coburg.

A jury empanelled to inquire into the deaths this afternoon viewed the bodies of the victims and adjourned until June.

Robert Johnston, 22-year-old son of the older couple, had a miraculous escape from death when he leaped from the car a few seconds before the impact, though he did not quite clear, suffering cuts and bruises and from shock. Doctors expect him to recover from his injuries.

The adult members of the party, with the exception of the sole survivor, were dead when taken from the wreckage. The infant was found clasped in the mother's arms, shielded to some extent, and still alive, as was the five-year-old Jimmy. They were taken to the hospital.

Inquest Tonight

The tragic death of Fred Rogers, 40-year-old miner of New Zion, who was killed in an automobile collision on the Fredericton-Minto highway on Sunday, will be probed in an inquest being held this evening at Minto. Bert Wisley, of Minto, is the coroner. Rogers was driving from this city to Minto with Rev. Stanley Gardner when the car crashed into another car driven by Charles Campbell, of Ripples. The occupants of both cars were injured, and Rogers was instantly killed.
