Labor Government Of Britain Facing a Serious Situation

A Drastic Reshuffling of the Cabinet to Follow the Resignation of Sir Oswald Mosley—Prestige of the Administration Likely to be Affected.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, May 21—Predictions of an early fall of the government and a drastic reshuffling of the cabinet constitute the main preoccupation in political quarters today. It is recognized by Prime Minister Ramsay MacDonald that the resignation of Sir Oswald Mosley from the Chancellorship of the Duchy of Lancaster seriously affects the prestige of the government and desperate attempts are being made to ensure party union and discipline in order to prevent the Labor administration collapsing through the turbulent left wing independence.

May Lead a Revolt

London, May 21—Difficulties of the Labor government in solving the major problem of unemployment in Britain were intensified today by persistent rumors that Sir Oswald Mosley, youthful socialist, would attempt to lead a group of young laborites in revolt against the guidance of Prime Minister J. Ramsay MacDonald.

The Prime Minister was understood to have accepted the resignation of Mosley as chancellor of the Duchy of Lancaster, a governmental position he has held since the labor cabinet came into power.

UNARMED VOLUNTEERS TURNED BACK

(Special to THE DAILY MAIL by the British United Press.)

Bulsar, Burat District India, May 21—A mass attack of unarmed independence volunteers on the Dharasana salt workers was turned back today by Indian Surat police who kicked the attackers and beat and prodded them with lathis.

More than 200 were injured in the first attack and at noon the volunteer leaders said 250 casualties had been counted.

Speaking Today

G. E. Mains, Dundas, Ontario, and organizing secretary for Beneficiaries Fund for Anglican churches in the Dominion, is here today in connection with the Anglican Synod sessions, and is to speak this afternoon. The Beneficiary system which has been under way for several years, is now in progress of proper formulation and the officials think that it will soon be accepted by the General Synod. By this Fund, superannuation, pensions for women and children, and Old Age Pensions for the clergy of the Anglican churches, will come into effect. Mr. Mains will speak on the subject today.

Rainfall Plenty

Almost 1 in. of rain has fallen here within the past two days. The Experimental Station reported this morning that 37 of an inch had fallen today, while yesterday's big fall amounted to .44. The rain has done considerable good to the ground, and has helped out the forest fire situation to an immeasurable extent. The rainfall has been general throughout the province.

BLONDES ARE PREFERRED FOR TEMPER

Paris, May 21—Why do gentlemen prefer blondes?

An answer to this ever-recurring question has been given by Dr. John D. Smithson, an American physician. First of all, Dr. Smithson says, there is a very clearly established physiological reason. The white corpuscles in the blood of a fair person predominate over the red. This means, he says, a more even temper and less tendency to fly into a rage. Blondes are less subject to those terrible "tantrums" men are supposed particularly to dread the doctor declared.

THE GOVERNMENT CONVENTION WAS A RECORD BREAKER IN NUMBERS AND ENTHUSIASM

Great Gathering of Sturdy Electors at the Court House Yesterday—Hon. C. D. Richards and Messrs. J. M. Scott, Dr. B. H. Dougan and Dr. M. L. Jewett the Unanimous Choice—Resolutions Adopted.

The government convention at the county court house yesterday afternoon, which nominated Hon. C. D. Richards, James M. Scott, Dr. B. H. Dougan, and Dr. M. L. Jewett, was in the opinion of old timers the largest nominating convention ever held in this city. The auditorium of the court house, which had been provided with chairs, was literally jammed with people, while several hundred more thronged the corridor, and the latter were scarcely able to hear a word of what was said by the different speakers, but maintained their good humor and joined in the frequent outbursts of cheers. Much to the regret of the executive the wet weather that prevailed at the time made it impossible to have the speech making take place in the open air.

Every parish in the county was well represented by party stalwarts, the near by parishes making a particularly good showing. The majority of the delegates came in by auto, and had fine weather prevailed the attendance from outlying parishes, such as Canterbury, McAdam, and Stanley, would undoubtedly have been much greater.

Resolutions Adopted

The convention, after having been called to order by William J. Scott, president of the government executive, adopted a number of appropriate resolutions. The first was an expression of sympathy with the family of the late Gordon C. Grant, one of the members for the county, who passed away before completing his term. The second reaffirmed confidence in Premier Baxter and expressed satisfaction over the splendid work he has accomplished for the province during the past five years. A third resolution expressed appreciation of the services rendered the county by Hon. Mr. Richards and Messrs. Scott and Dougan, the present representatives. The fourth and final resolution cordially approved of the action of the provincial government in arranging for the establishment of a steam power plant at Minto for the development of electric energy for distribution in the Counties of York, Sunbury and Queens.

The Late G. C. Grant

The full text of the resolution moved by Coun. Thomas McMullin, and seconded by Frank R. Brooks, as adopted was read as follows. Be It Resolved, that this Conven-

FLOODS CAUSE MUCH DAMAGE IN ROUMANIA

(Special to THE DAILY MAIL by the British United Press.)

Vienna, May 21—Heavy floods affecting a large section of Transylvania, in Roumania, caused many deaths and heavy damage, while Burcharest itself suffered slightly from high water, dispatches from the Roumania capital said today.

Eight peasants were drowned in the village of Lunca and numerous bodies were seen floating on the crest of the river Sereth, which was twenty feet above normal.

Burcharsts streets were flooded under a downpour which lasted an hour yesterday.

The Successor of Mahatma Gandhi Is Under Arrest

The British Government Tightens Its Grip on the Indian Passive Resistance Campaign—Mrs. Naidu Inspired Followers to Raid Dharasana Salt Works.

(By FRANCIS LOW, British United Press Staff Correspondent.)

BOMBAY, May 21—The British government tightened the grip on the Indian passive resistance campaign today when it arrested Mrs. Sarojini Naidu, poetess successor of Mahatma Gandhi, as she inspired her followers to raid the Dharasana salt works.

The raid was one of the most violent yet staged by the passive resistance campaigners. More than 2,000 volunteers rushed the long threatened Dharasana salt pans and were met by a police charge.

The police used their bambo sticks lustily and injured more than 100 volunteers. Many of them were bleeding profusely.

DISCOVERY OF NEW SOURCE OF RADIUM

(Special to THE DAILY MAIL by the British United Press.)

Lenisgrad, U. S. May 21—Officials of the Radium Institute announced today a series of discoveries of new radium source which they believed would revolutionize the radium industry of the world.

Traces of radium have been intricately during borings in old fields in the Caucasus and Dagestan regions, it was announced, and the institutes investigators reported unprecedented supplies of the substance.

Expeditions were sent to study radium sources in the Grozny oil fields and also in Baku.

CANDIDATES IN MADAWASKA CO.

Edmunston, May 20—The convention called for the purpose of selecting the Madawaska county Government candidates for the next election was held in the court house here today and was attended by a large number. Max D. Cormier, Mayor of Edmunston, was chairman. Oscar Levasseur nominated Arthur Michaud, of Edmunston, as a candidate and Cormond Levesque nominated Joyline Cormier of St. Andre. As no others were nominated, Mr. Michaud and Mr. Cormier were the unanimous choice.

In Saint John City

St. John, May 21—E. J. Henneberry, W. Arthur Anglin, Percy J. Steel and Dr. G. G. Corbet were chosen candidates to contest Saint John City for the Opposition Party in the coming Provincial election campaign at a meeting of ward delegates and substitutes, last evening in the Pythian Castle, Hon. Dr. W. F. Roberts was chairman of the meeting and T. E. O'Leary, secretary.
