CHARGE CHICAGO RACKETEERS COLLECT SUM

Chicago, Illinois, Oct. 7—A confederacy of crime and racketeering embracing police, politicians and gangsters, was charged in a grand jury report yesterday. Its annual tribute was placed at \$100,000,000.

The September Grand Jury, concluding its existence Saturday, recommended to the Criminal Court that a special grand jury attack the "well established alliance between the corrupt politicians, and the criminal elements" which it said it was convinced was in existence.

"We are convinced," said the grand jury statement, signed by the foreman, G. P. Slaughter, steel executive, "that the forthright destruction of racketeering is of the utmost importance to the people of Chicago and Cook County."

The "Three cornered alliance" was blamed for the murder of three business men and eight labor union officials and eighty six bombings in the last three years. The grand jury's letter held that the pressure from the corrupt league had become so great that otherwise responsible business men had adopted racketeering methods and hire hoodlums to meet competition.

"The direct cost to Cook County," the letter continued, "in damaged reputation, withdrawal of business from the city, and county refusal of business to locate in a racket infested area is incalculable."

City Engineer, J. D. McKay will formulate plans for unemployment relief in Fredericton and vicinity, in a brief which he will present to the City Council which holds its monthly meeting tonight at the City Hall. Last night's meeting of the Council was an interesting one. A decision was reached to request the Canadian Pacific Railway to maintain train service to and from Fredericton on Sundays during the remainder of the fall and winter months.

MR. C. F. BAILEY BANQUETTED AT AMHERST

President of the Maritime Stock Breeders Association Honored By Citizens.

Amherst, N. S., Oct. 6—Present indications point toward the banner winter fair in 30 years of history, declared C. F. Bailey, superintendent of the experimental farm at Fredericton, president of the Maritime Stock Breeders' Association and the Maritime Winter Fair, at a complimentary banquet tendered him tonight by the citizens of Amherst.

W. W. Baird, chairman of the Amherst exhibition committee, and one of the main factors in the recent success of the Maritime Winter Fair, was chairman. Addresses were given by Hon. Percy C. Black, Harry D. Biden, J. A. Hanway, K. C., R. K. Smith, M.P., A. W. MacKenzie, C.N.R. superintendent of agriculture and colonization, H. N. Stevens, Mayor H. W. Rogers and others.

Hon. Mr. Black intimated that proposed improvements to the Winter Fair buildings might be considered under the unemployment plan.

Stressing the value of the Maritime Winter Fair to the livestock industry of the Maritime Provinces, Mr. Bailey urged the continued co-operation of Amherst residents. In this he was aided by Harry D. Biden, manager of the Nova Scotia exhibition. Mr. Bailey said several large fairs in Canada had reported smaller attendances and declared that it was essential that Amherst, particularly the business men, seek to prevent such a situation here in November, when the fair is commenced.

He paid a high tribute to E. B. Elderkin, Montgomery Campbell, Fred L. Fuller, A. E. Trites, Salisbury; Hon. Walter Lea, Premier of Prince Edward Island; Harvey Mitchell, Deputy Minister of Agriculture; the late S. J. Moore, of Truro, and others all instrumental in the creation of an agricultural show that has reached a major status and is the second oldest winter fair in Canada.
