MARITIME DAY AT ROYAL WINTER FAIR A BIG SUCCESS; HON. MR. TILLEY A SPEAKER

Toronto, Nov. 21—For a few hours tonight Toronto was headquarters of the Maritime Provinces. While thousands of persons, thronging into the Royal Winter Fair, inspected samples of the finest product the Maritimes had to offer, high representatives of the provinces down by the sea gathered at the annual Maritime Banquet.

And through Hon. L. P. D. Tilley,

HON. L. P. D. TILLEY

Who spoke for the Maritimes at the Royal Winter Fair Banquet.

president of the New Brunswick Executive Council, the Maritimes voiced a grievance. Hon. Mr. Tilley declared adverse railway freight rates worked a real hardship on the Maritime producer seeking markets in Central and Western Canada. He also denounced the action of the Canadian National Steamships in making Boston a port of call on the Canada-West Indies steamship service, a development which he characterized as "anti-Canadian."

Why, he asked, should travelers to the West Indies go through Halifax and Saint John when the palatial accommodations of the nationally-subsidized steamers were available from Boston, offering a shorter land and shorter sea journey? The same argument applied to shipments of produce from the West Indies to Canada.

Hon. Mr. Tilley, after stressing the object of Confederation, suggested the Government should appoint a commission of experts to examine the question of freight rates, and he would like to see such a Commission recommend that a permanent rate board be

established to which the provinces of Canada could at all times submit their grievances.

"We want the people of Upper Canada to join with us in this," Mr. Tilley said. "We want to see fulfilled the vision of the Fathers of Confederation."

It was a great gathering of present and former Maritime leaders around tables loaded with the choice foodstuffs of the Maritimes.

Hon. O. P. Goucher, Nova Scotia's Minister of Agriculture, was chairman. He was flanked by Hon. Robert Weir, Dominion Minister of Agriculture, and the Agricultural Ministers of New Brunswick and British Columbia—Hon. Lewis Smith and Hon. W. A. Atkinson. Premier W. M. Lea of Prince Edward Island, was present but did not speak.

Nova Scotians

The leading representatives of the small army of Nova Scotia men who have made their mark in other parts of the Dominion were Hon. W. D. Ross, Lieutenant-Governor of Ontario; his Grace Archbishop Neil McNeil of Toronto, and J. A. McLeod, general manager of the Bank of Nova Scotia.

Hon. Mr. Ross congratulated the Maritime Representatives on their fine exhibits at the fair and expressed the hope they would be better year after year.

Hon. Mr. Weir declared no part of the Dominion had contributed more to the national well-being, in education, art and everything worth while, than had the Maritimes. He had never visited that section of the Dominion, he explained with regret there, and when I do, I shall confer with your Minister of Agriculture, irrespective of party or politics, because if there is one department that is above politics, it is the Ministry of Agriculture."

Interest in Maritimes

The chairman, Hon. Mr. Goucher, spoke of the deep interest taken by Central Canada in the Maritime Provinces, and of the many former Maritimers who have achieved prominent positions in this section of Canada. He declared his province had stood up well under the difficult period through which Canada was passing, and the spirit of Nova Scotia today was one of real optimism.

Hon. George S. Henry, acting Premier of Ontario, welcomed the Maritime men on behalf of the Province and City, and stressed that the Royal Winter Fair was yearly becoming a more unifying influence in Canada's life.

MARITIME FANS LOOKS ASKANCE M'CURDY CUP

(Continued From Page Eight.)
to the Wanderers of Halifax, who figured they also had a right to play in the finals of the Nova Scotia playdowns, but who were automatically suspended for failure to meet with certain terms as regarded the playoffs with Calerondia earlier this season.

U. N. B. won the New Brunswick finals and were expecting to play, but Chancellor Jones had deemed it inadvisable for the team to travel further as the examinations are only a short while away.

So it is that the Glace Bay team, went through the semi-finals and finals without playing a game—winning the Maritime title and the McCurdy Cup through defaults.

It is a strange state of affairs that such a thing should come to pass, and a revision in such tactics employed by the Rugby Union, regarding playoffs, is certainly necessary at once, if the game is to have the sanction and patronage of the public—which after all, is the backbone of organized athletics.

Struck Bull Moose

A large bull moose was killed the other evening at Penniac, when struck by a motor truck, driven by Henry Elliott, of North Devon. It is getting to be a regular pastime, together with other playful game of shooting people for deer. In the accident the other night, one horn was torn off the animal and a hind leg broken. The animal had to be destroyed.

HOULTON JAIL CHARACTERIZED AS A DISGRACE

Houlton, Nov. 21—Proceedings of the Criminal Docket of the Aroostook Superior Court came to a sudden termination this morning, when Justice George L. Emery, presiding announced that he would send no more to the Houlton jail. Speaking as a magistrate, not as a judge, he said that the jail was a disgrace to the county, a blot on the state, dangerous, unsanitary and inhumane. Built 47 years ago to accommodate 40 prisoners, there were now more than 100 quartered there, in a terrible state of congestion, many of them sleeping in the corridors.

GUARD THE BABY AGAINST COLDS

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy and good-natured. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

GEORGE F. PINDER PASSES AWAY SUDDENLY

(Continued From Page Eight.)

Native Of Yorkshire.

The late Mr. Pinder was a native of Yorkshire, England, but when quite young his family removed to New Brunswick and settled on a farm at Queensbury, York County. Following the death of his father soon afterwards the family consisting of his mother, two sisters and two brothers removed to Fredericton. Mr. Pinder after learning his trade as a watchmaker with the late S. F. Shute, removed to St. Stephen where he engaged in business for himself. He carried on successfully for a number of years, but along in the eighties he suffered a severe loss by fire and soon afterwards accepted the position of watch and clock inspector with the C. P. R., which had acquired the property of the New Brunswick Railway Company. He retired from an active work a few years ago on a pension. While his home was in St. Stephen he had for several years been spending his summers at Pinder, York County, and had planned to remain there during the coming winter.

A Great Angler

The late Mr. Pinder was a real disciple of Izaak Walton and lived up to it. He had fished salmon and trout in all parts of the province and took great enjoyment from the sport. In the old days when salmon made their way up the St. Croix he often fished that stream in company with the late Frank Todd, of St. Stephen and fought to a finish many a husky salmon. The streams and lakes on the upper waters of the St. Croix were also a favorite resort of his. When a resident of Fredericton he often made trips to the Restigouche in quest of game and fish. A little over a year ago Mr. Pinder hooked and landed a salmon at the Coac pool at the Barony and a picture showing him with his catch afterwards appeared in the St. John Telegraph Journal and Rod and Gun in Canada.

Expert Rod Maker

Since his retirement from active work Mr. Pinder devoted his spare time to the manufacture of salmon and trout rods. At this kind of work he was without a peer, and he had no difficulty in disposing of his product to members of fishing clubs. Mr. Pinder was also an expert fly tier. He was the dean of New Brunswick anglers and his death even though he had attained a ripe old age will be deeply regretted by all devotees of rod and reel.

Mr. Pinder's wife predeceased him by a number of years. When at St. Stephen he made his home with his wife's niece, Miss Nellie McAdam. He was a brother of the late James K. Pinder, who for many years represented the County of York in the New Brunswick Legislature. The late R. M. Pinder, of this city, who was prominent in the militia and once represented Canada among the crack shots of the world at Wimbledon, was also a brother.

Among those who attended the funeral were: George T. Pinder and Edson Pinder of Pinder, Miss Gertrude Pinder, of the Motor Vehicle Branch of the Public Works Department, and Mrs. W. B. Lemont, of this city, nephews and nieces of the deceased.
