The Belief Prevails in Parliamentary Circles That it Will Hold On and Use the Issue Passed by the Lords for Campaign Purposes—All Parties May Attend Indian Conference.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, July 16—Hints that Prime Minister MacDonald would resign after his defeat in the House of Lords yesterday were discounted today, and Parliamentary quarters believed instead that the Labor Government would continue in office and save the issue raised by the Lords action for the later campaign purposes.

INQUEST INTO OROMOCTO SHOOTING CASE

Seven Witnesses To Be Heard at Inquest at Oromocto Tonight—Donald Kimball, Who Fired Fatal Shot to Be Heard.

The preliminary in the tragic Oromocto shooting catastrophe, in which George F. Goan, 22, was shot and killed by 14-year-old Donald Kimball on Sunday night at Oromocto, will be held to night in the nature of an inquest. The inquest will be held in Davis Hall, Oromocto starting at eight o'clock. It will decide whether the accident was accidental or intentional.

Seven witnesses have been subpoenaed for hearing. They are Mary Kimball, who was in the car with Goan, when her brother shoved the shotgun through the window and fired a shot into Goan's head, instantly killing him; Donald Kimball, who fired the fatal shot; Hally Kimball, father; Burrell McAfee, companion of Donald's; Frank McElroy, who sold Donald cartridges; Andrew Wod and Dr. A. F. VanWart.

Given Hearing

Young Kimball, charged with manslaughter, will be given preliminary hearing tomorrow in the Sunbury county court before Magistrate Irvine. Provincial officers have been investigating in the case since its occurrence and have secured sufficient evidence to lay a charge of manslaughter against the Kimball youth.

Various rumors are held by persons in Oromocto and vicinity as to the case, though as yet most have proven groundless. Kimball had taken his father's shotgun and buying ammunition, had loaded it himself. A short time later he shot young Goan. He claimed the gun went off accidentally as he laid it across the door of the car.

Goan's funeral was held yesterday morning and was one of the largest seen in Oromocto for some time. Hundreds formed at the funeral procession, coming from all

WOMAN KILLED IN AUTO CRASH NEAR CHATHAM

Mrs. George McKnight of Centre Napan Had Her Neck Broken and Died Instantly.

Chatham, July 15—Mrs. George McKnight, of Centre Napan, aged about 70 years, was instantly killed at 2.30 o'clock this afternoon when she was thrown from the car in which she was a passenger in a collision with a large sedan owned and driven by Gordon James, of Toronto. Her neck was broken.

The accident occurred at the intersection of the Napan road with the main highway leading from Richibucto to Chatham at a point about three miles from Chatham.

A small touring car owned by Perley Gillis, driven by his wife, and containing Mrs. McKnight, Mrs. Marporie Fowle, of Western Canada, guest of Little Branch, Mrs. John Fowle, of Little Branch, and three small children was approaching the main highway from the Napan road. The Ontario car was traveling toward while approaching in the other direction on the main highway was the bus which plys between Chatham and St. Louis.

View Obscured

The crash occurred in the middle of the main highway. Mrs. Gillis had a clear view of the bus as it came towards the intersection, but could not see the Ontario car. The driver of the Ontario car could see the bus plainly but his vision of the Gillis was obscured, due to the nature of the country at that point, the land being thickly wooded and for the most part higher than the surface of the road. Until he reached a point, possibly a hundred feet from the intersection, he could not see the Gillis car.

The small touring car crossed part of the main highway before the driver realized that the Ontario car was almost upon them.

Mr. James was traveling at a reasonably rate of speed when it appeared imminent that there would be a collision, it was said. He swerved to avoid the crash but failed to clear the other car. The bumper of the sedan struck the rear of the Gillis car, which was slewed around in the road. Mrs. McKnight was a passenger in the rear seat. The force of the collision threw her out of the car and into the road, where she struck on her head, breaking her neck and dying instantly.

Cars Damaged

Except for the rear fender, the small car, was not seriously damaged. The sedan was badly damaged and is being shipped by freight to Toronto for repairs.

Dr. Freeman, coroner, has empaneled a jury and an inquest will be held tomorrow morning in the Town hall here.

The Local Situation

A Convention of the Liberals of York-Sunbury, called for today by A. H. Vanwart, Chairman of the Committee has been indefinitely postponed. Mr. Vanwart stated this morning that no new date has been decided upon. Should the Liberals place a candidate in the field it will likely be done without a convention as was the case in 1926 Monday of next week is nomination day.

SAYS LEGION NOT POLITICAL

Lafleche, Dominion president of the Canadian Legion if the British Empire Service League, in a statement over the week-end and added: "Our constitution specifically precludes partisan action. Legion members wishing to discuss returned soldiers' problems from a political platform must take it clear that they may not and cannot involve the legion."

"The legion does not attempt pretend or countenance control of the political views of its individual members but it entirely disassociates itself, as an organization of Dominionwide, provincial and local importance and influence, from any partisan opinions and attitudes adopted by any and all its members personally or as known party workers.
