WAIVER RULE APPLIES TO FEDERAL LEAGUE PLAYERS

National Baseball Commission Gives Important Decision--Chicago and St. Louis Affected.

Cincinnati, O., Jan. 18.—The consolidated Chicago National League Club and the Chicago Federal League Club, and the consolidated St. Louis American and the St. Louis Federal League Clubs will be required in disposing of their players to a club of an opposite major league or to any club of a lower classification than a major league, to secure waivers, as is provided for by the rules and regulations now governing organized baseball. This ruling was made by the National Baseball Commission here today.

The commission in making this decision, also issued a notice to all National agreement clubs which reads: "Daily inquiries are received from National agreement clubs relative to the status of players who deserted their teams and played with Federal League teams."

"The right of the Federal League to such players, whether they violated contracts or refused to recognize reservations, is recognized and that league has full authority to dispose of them."

"If, however, such players are released outright by the Federal League the National agreement clubs which they deserted will have priority of right to their services, if they desire to secure them."

GIBSON VS U.N.B. IN SECOND LEAGUE GAME TONIGHT

The second game of the Fredericton City Hockey League will take place tonight at the Arctic Rink, when the U.N.B. and Gibson teams will clash. It will be the first appearance of these teams and each is an unknown quantity. The college team has lost many players since last season and it is not known how the new material will show up. Some of the Gibson players have been seen on the ice before but there is also much new material there.

PIN TICKLERS WON FIRST GAME FROM BATTERY

The City Bowling League Opened Last Night--Four Teams Entered--Pin Tickers won

The City Bowling League got away last night to a good start. The Pin Tickers and the 36th Battery met with the result that the artillerymen were beaten by 117 pins.

Four teams have been entered in the league which will continue for two months. The teams are the Pin Tickers, Arctic Club, 36th Battery and Clerks. On Friday night the Arctic Club will play the Pin Tickers. The score last night was:

STALLINGS DOES NOT WANT MUCH

(Boston Record.)

After a typical breakfast of the southern gentleman at the Copley Plaza, Manager Stallings of the Braves, motored out to the home of the Bravet and had a heart-to-heart chat with President Haughton.

Stallings and Haughton have been friends for the past year but it was the first time they ever met as employer and employee, but the meeting was just as pleasant as past meetings.

The only thing that Stallings does not like is the New England weather at this season of the year. He likes his new boss very much indeed and has only words of praise for him,

THROWING STICK WILL BE PENALIZED HEAVILY IN FUTURE

Suspension for next Game Heaviest Penalty--Banishment for rest of the Game after first Period

Montreal, Jan. 18.—The habit that several players have developed of throwing their sticks during a game has resulted in the N.H.A. officers drawing up a new rule relating to the offence. In future a player who throws his stick during the first period of a game will be banished to the remainder of the game, while a player who throws his stick in the second period will be ruled off for the remainder of the game and also fined \$25. If a player throws his stick in the third period he will be ruled off for the game and suspended without pay for the next game.

Feeling sure that he will make a success of baseball as he did football and give Boston a winner.

Stallings is sorry that Gaffney has left the Braves as the New York contractor and southern painter are warm personal friends.

Stallings saw Gaffney over a little old New York last night and had a long talk with him.

After he had talked with President Haughton for a time Stallings sauntered out to the outer office and grumbled a bit about the weather.

"What do I want for players," said Stallings, in reply to a query from one of the newspaper men. "I want an outfielder, a catcher and a pitcher. That's all. There are plenty of them in the country but it's hard to get good ones, so I may not have my wishes in regard to new players granted but I have hopes and Mr. Haughton is going to help me, so my hopes are very strong."

"I do not believe in going after big players and paying a lot of money for them, but if we could have obtained Lee Magee I would be a very happy manager."

"We would have been able to use him in the outfield to fine advantage and that's where he belongs."

"Everyone knows we want a catcher. We need one and need him badly. It looks now as though we would have to develop a backstop, as the woods are not full of good ones and the good ones are held onto by managers hard and fast."

"I want a regular pitcher, too. I

COULD NOT BEND DOWN

COULD NOT WALK STRAIGHT

BACK WAS SO BAD.

The bad back comes from the kidneys, and unless the kidneys are carefully watched and properly regulated many serious troubles may follow.

Doan's Kidney Pills will cure all forms of kidney trouble, and cure the kidneys so that they will stay cured.

Mr. J. A. Lubiniecki, Dauphin, Man., writes: "It is my pleasure to write you in regard to Doan's Kidney Pills which I have been using for some time for kidney trouble, which used to affect my back so that at times I could not bend down nor could I walk straight. I learned about your pills from your almanac, and I bless the happy hour I thought of buying this medicine. One time a druggist persuaded me to buy Doan's Kidney Pills, saying they were just as good, in fact he guaranteed they were. I yielded to his advice, and what was the result? I had bearing down pains in my back for two days, so I took the balance of the pills unused to the druggist and told him to give me Doan's Kidney Pills as they would stop the pain in twelve hours at the outside. He told me he was sorry I did not use more of the pills, and lengthen the time to await results. He told him there was no need of waiting with Doan's Pills; they go right to the spot. No substitute for me."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25. See that our trade mark, "The Maple Leaf," is printed on both the label and wrapper.

"Doan's" are manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

STEAMER AGROUND

AT GRAVESEND

(Canadian Press.)

London, Jan. 19.—The steamship Ryndam, of the Holland-American line, is aground at Gravesend. No report has yet been made of the extent of the damage the vessel has received.

An examination is being made. In the meantime none of the passengers or crew are allowed to leave the vessel.

The Ryndam, which left New York on January 5 with 79 first class, 34 second class and 38 third class passengers, as well as mail for Rotterdam, via Falmouth, was reported in a cable despatch of yesterday's date as having passed South End down by the bow, with a list to starboard, and as having arrived later at Gravesend. It was added that all the passengers were saved, but that three stokers were killed and four injured, though in what form of accident it was not announced. The Ryndam was built at Belfast in 1901, is 550 feet long and is of 12,527 tons gross. She carries a crew of 220 men.

ILL AT AMHERST.

Rev. H. E. Dibblee, formerly rector of the Anglican church at Oromocto, recently underwent an operation at the Highland View Hospital, Amherst. His friends in this vicinity will be pleased to learn that his condition is satisfactory and is improving.

WILL WINTER AT AMHERST.

Montreal, Jan. 19.—Lieut. Col. Hercule Barre, commanding the 150th Battalion Carabiniers Mount Royale, announces that his regiment will go into barracks at Amherst, N.S., where the 22nd French Canadians were for some time last winter under Lieut. Col. Gaudet.

Want a man we can depend upon to go in there and win. I guess every manager dreams of such a pitcher. I have had them and I want another, just one more to round out the staff. That's all I want and I will admit that it's a good deal."

The Printing and Publicity Specialist

Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century."

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures."

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
