The Earl and Countess Of Bessborough Are Now on Canadian Soil

**Their Excellencies Reached Halifax This Morning
on the Duchess of Bedford and Were Given a
Royal Welcome—Swearing-in Ceremony Took
Place in the Historic Province Building.**

HALIFAX, N. S., April 4—The historic city of Halifax, the cradle of representative government in America, today welcomed to Canadian soil the new Governor-General the Earl of Bessborough and his worthy consort, the Countess of Bessborough. The C.P.R. liner Duchess of Bedford with the distinguished couple on board arrived at about ten o'clock and soon after docking was boarded by Premier R. B. Bennett, Hon. F. Stanfield, the Lieutenant-Governor of Nova Scotia; Hon. E. N. Rhodes, Premier Harrington, Hon. C. H. Cahan, Justice E. L. Newcombe and other federal and provincial dignitaries.

Upon disembarking a short time afterward, Their Excellencies were greeted by a guard of honor drawn up on the pier, a detachment of artillery roared out a salute of nineteen guns, while the band played the National Anthem. His Excellency acknowledged the greeting with a few remarks spoken in English and French. The party then drove through gaily decorated streets to the province building, where the swearing-in ceremony took place.

Swearing-in Ceremony

There were hundreds in attendance at the swearing-in ceremony at the Province building. Judges of the Supreme Court, and federal and provincial officials occupied the most conspicuous seats.

The oath of office was administered and the vast resources of the Dominion will soon bring this country into the sunshine of prosperity."

Others who spoke at the ceremony today were Hon. G. S. Harrington, Premier of Nova Scotia, who welcomed Lord Bessborough and his lady on behalf of the government and people of this province; the clerk of the civil corporation of Halifax who extended a welcome and hoped that Lord and Lady Bessborough would be able to pay a visit to the city, under more favorable weather conditions, and to see the beautiful sights of Halifax.

The ceremony was closed with the singing of "O Canada". Thousands crowded outside to catch a glimpse of the Governor General and his wife, as they left the building.

The vice regal visitors were entertained at luncheon at the Nova Scotia hotel, following the ceremony at the Province building. The party leave by special train this evening for Ottawa, stopping off at Newcastle tomorrow morning for divine service.

Premier at Halifax

Halifax, April, 3—The special train from Ottawa bringing the Prime Minister, members of the Government and of the Supreme Court, and high officials of the naval, military and air forces, arrived at Halifax tonight. "We had a very pleasant trip down," said Premier Bennett, as the party detrained.

Tomorrow's ceremony and procession is expected to be the most colorful in the history of Halifax's receptions to the Governor-Generals since the Marquis of Lorne and Princess Louise landed here in 1878. Arches mark the early part of the route to Province House, and every building near the line of procession is hung with flags.

A Good Catch

Of special interest to young Canadian girls in Ottawa and throughout the Dominion is the fact that the character of the Canadian people

THE SLAYER OF JAKE LINGLE IS CONVICTED

Jury Reaches a Compromise Verdict in Brothers' Case—Sentence of 14 Years Recommended.

Chicago, Illinois, April 3—Leo. V. Brothers was convicted late today of assassination of Alfred Jake Lingle, Chicago Tribune gangland reporter. His sentence was recommended by the jury at 14 years imprisonment.

The jury returned its verdict after nearly 27 hours of deliberation, marked by fierce arguments and sudden changes in balloting.

Thus the question, "Who killed Jake Lingle?" was answered by naming Brothers, St. Louis hoodlum, as the man who crept behind the reporter in a pedestrian subway under Chicago's busiest boulevard last June 9 and shot him down.

"But 'why' Lingle was killed, another question which had thrown Chicago into a turmoil of rumor, remains unanswered. The trial did not bring this out and nothing more than speculation on possible gangland alliances or murder plots came from the testimony directed chiefly to identifying Brothers.

Compromise Verdict

The verdict was regarded as a compromise between acquittal which some jurors were understood to favor in deliberations last night, and death in the electric chair.

The case was built almost entirely on identification of Brothers as the man seen fleeing from the Randolph street pedestrian tunnel the day Lingle was shot down from the back. One man said he saw Brothers drop a pistol near Lingle's body, but no one testified to seeing him fire the shot.

The verdict came at the end of the third week of the trial.

Brothers, as the verdict was read, lived up to his reputed demeanor.

Brought in by deputy sheriffs, he leaned calmly against the witness stand, elbow on rail, hand on chin, and as the decree was read he slowly turned and quizzingly regarded Judge Sabath.

SPUD MARKET IS REPORTED QUIET AND FIRM

Hartland, Carleton Co., April 3—Today's potato Market was quiet but firm. Light wire enquiry and demand were experienced on account of the holiday, but shippers are all busy on orders and carlot placings are heavy along both railroad. Offerings by farmers are liberal and are enough to take care of the shippers' requirements. Prices both for Irish Cobbler and Green Mountain range from 90 cents to \$1 for Canada grade one.

IN AROOSTOOK

Presque Isle, Me., April 3—It seemed to be a case of nobody wanting to buy potatoes at receiving points today, with a dull market and nobody caring to sell at the top price offered by buyers. \$2.35. There was little trading. The roads are in bad conditions and the haulings are light.

Virtue: The ability to recognize the flavor of ginger ale by taste.

INDEPENDENT LABORITES MAY QUIT MACDONALD

**James Maxton, Leader,
Attacks the Prime
Minister**

**SECESSION
MAY RESULT
Says Government Has
Failed to Fulfil
Obligations**

(Special to THE DAILY MAIL by the British United Press.)
Scarborough, England, April 4—James Maxton, leader of the Independent Labor party, opened an attack on the administration of Prime Minister Ramsay MacDonald today which may lead to a secession of the independents from the parent Labor party.

Maxton addressed the annual conference of the Independent Laborites and charged that the Labor government aided the Conservatives to revive capitalism and that the administration failed to fulfill its obligations to the working classes.

In Conference Today
Scarborough, England, April 4—A proposal to sever connections with the Labor party headed by Prime Minister MacDonald will be the most important question before the annual conference of the Independent Labor party meeting here today.

Interest in a decision was increased by the fact that there has been a growth of tension between the independents headed by James Maxton and the official Labor party in the last six months, due to various disagreements on policy. The decision will vitally affect the life of the Labor cabinet.

MURDERER CHEATS GALLOWS AT MONTREAL

Montreal, April 3.—Maxime Ethier, convicted murderer, died in his cell at the Montreal Jail today, a heart attack followed by paralysis, proving fatal.

Ethier was to be hanged on June 19 for the murder of Lucien Levesque, fellow employee of the Montreal Tramways, who was found in a clothes closet in Ethier's home with three bullet wounds in his body. Ethier tried to commit suicide by shooting at the same time, but careful attention at the hospital brought him around and late last month he stood trial in the Court of King's Bench.

For a year he had suffered from a serious disease and today complications brought on a heart attack.

Estates Probated

Estates probated before Judge H. G. Fenety during the week included the estate of Mrs. Georgia Ann Huestis late of Queensbury. Letters of administration were granted to Herbert M. Ingraham, a brother. The estate was sworn at \$1850.90. In the estate of Henry Shaw, late of this city, letters testamentary were granted to Mary and Elmer F. Shaw. The estate was sworn at \$1,050. In the estate of James Patterson, Canterbury, letters of administration were granted to Alexander Skene, of McAdam. The estate was sworn at \$1,400, of which \$1,200 was real and the balance personal.

Of Interest Here

Announcement of the engagement of Major W. D. Herridge, the new Canadian Minister to Washington, and Miss Mildred Bennett, sister of the Premier of Canada, was received with much interest here where the prospective bride is well known. It is said that the wedding will take place this month. Major Herridge is a widower, his first wife having been a granddaughter of the late J. M. Booth, Ottawa lumber king.

Churchill Lost In the Jungles of India, it is Said

**Former Chancellor of the Exchequer Has Break
With Baldwin and Will Plough a Lonely Fur-
row—Disagrees With Party's Attitude Towards
India.**

LONDON, April 4—"Winston in the wilderness." This is the title of the drama of Rt. Hon. Winston Spencer Churchill's new political venture as a result of which it is asserted he is now lost in the Indian jungles.

Not since Lord Roseberry decided to "plough his lonely furrow" has any eminent statesmen in Britain made a plunge like Churchill. Violently disagreeing with the Conservative party's attitude towards India and resenting the concessions to Mahatma Gandhi whom he regards as a dangerous fanatic who represents nobody but office seekers and Indian capitalists, the former Conservative chancellor of the exchequer has risked his chance of being included in any future Tory administration.

Break Is Complete

His break-away from Rt. Hon. Stanley Baldwin is more complete today than ever because of his resignation as chairman of the Conservative finance committee, and Rt. Hon. Neville Chamberlain, in whom apparently, Mr. Baldwin has more confidence than in the fiery Winston, will lead the Tory opposition to Rt. Hon. Philip Snowden's next budget, instead of Churchill, as in the past.

KAYE DON SETS RECORD FOR SPEEDBOATS

**British Racer at Buenos
Aires Reels Off 103.49
Miles An Hour.**

Buenos Aires, April 3—A new world's speedboat record was hailed here today—103.49 statute miles per hour, made by Kaye Don, British racer in Miss England II. on the surface of the muddy, swollen Parana River yesterday afternoon.

The mark, which will be certified to by the International Racing Association at Brussels by the Argentine Yacht Club, which supervised the timing, beats by less than a mile an hour record of 102.56 miles per hour set recently by a Gr Wood at Miami Beach.

Leaves For Home

Don, happy at success in the venture which already has been attended by failure in two attempts due to motor troubles packed up his boat and took the Andalusia Star at midnight for England. He did not even await a banquet which was planned for him here.

Don proceeded to the course, a lonely stretch of the Parana, near its confluence with the La Plata, early yesterday and once yesterday morning touched 100 miles an hour, he said. In the afternoon he proceeded back up the river and turning suddenly darted down the course.

He steered according to two Argentine gunboats which were stationed at either end of the route and was timed by automatic electric chronometer devices with three members of the yacht club at either end of the course as officials. The course previously had been cleaned somewhat by racing boats, but was far from being as clean as might have been wished.

Doone, Black's Harbor, Mrs. Ray Pugh, Nashwaaksis, and Mrs. George Aiken, of this city; two sons, Jewer F. Logan of North Palm Beach, and H. B. Logan of Nashwaaksis; one brother, S. H. Kaine will conduct the service, and interment will be made in the Rural cemetery extension.

Arrives Home

Harry A. Smith, local man, who has been undergoing treatment at Battle Creek, Michigan for the past several weeks, has returned to his home in this city.

Don's efforts were made in connection with the British Trade Exposition which is in progress here. The Miss England II. is the same boat in which Sir Henry Seagrave met his death.
