CANADIAN PENITENTIARIES

The annual report of the Superintendent of Penitentiaries for the last fiscal year shows that the prison population of the Dominion is a little more than holding its own. The number of inmates in custody at the close of the year was 3,187, against 2,769 at the beginning of the year, an increase of 418. The average daily population of the six penitentiaries for the year was 2,668. The Kingston penitentiary, which is the largest, had 811 prisoners at the close of the year. St. Vincent de Paul 785, Dorchester 374, Manitoba 382, British Columbia 331 and Saskatchewan 501. From the Kingston penitentiary 174 prisoners were transferred during the year, 124 to the Saskatchewan institution and 50 to that of Manitoba. The total number of prisoners transferred during the year was 187 and no less than 77 were deported. During the year 1,436 prisoners were received from jails, 559 completed their sentences and 363 were released on parole. In all 15 were pardoned, 14 died, 10 were returned to provincial authorities and two were returned to jail and executed.

Regarding the nationality of prisoners 2056 are set down as Canadian, 240 are from England and Wales, 95 from Scotland, 31 from Ireland and 33 from other British countries. There are in all 732 foreigners, the United States contributing 253, Russia 119, Austria Hungary 74, China 60 and other foreign countries 132.

No less than 155 prisoners are serving life terms, 1045 are serving terms of two years each, and the sentences of the others vary from three years to twenty-five and over. The ages of 1460 of the prisoners range from 20 to 30 years, 377 are under 20, 738 are between 30 and 40 years, 395 are between 40 and 50 years, 144 are between 50 and 60 years and 73 over sixty years.

With regard to social habits 611 are set down as abstainers, 2033 as temperate and 543 as intemperate. There are 1088 married prisoners, 1963 single, 123 widowed and nine divorced. There are 2098 white prisoners, 60 colored, 52 Indians and 80 Mongolians. The number of prisoners professing the Roman Catholic faith is 1561; 546 are set down as Church of England, 318 as Presbyterians, 273 as the United Church, 158 as Baptists, 74 as Lutherans, 64 as Greek Catholics, and other Christian creeds 76. In all 127 are set down as Hebrews, Buddhists, and other non-Christian creeds.

The gross expenditure on the penitentiaries during the year was \$2,559,433.75, and the total revenue was \$186,623.32, leaving a net expenditure of \$2,372,810.43. The cost per capita is set down at \$507.90, and the per diem capital cost at \$1.39.

As previously stated in these columns the Beauharnois investigation has already more than justified itself. It has been shown that certain patriots including two Senators have pulled down a lot of easy money and that a huge sum was contributed to party campaign funds. It was disclosed yesterday that Senator McDougald had sent his check for \$852.32, to the company to cover the cost of a prelection holiday in Bermuda participated in by Ex-Premier King Senator Haydon, Liberal organizer and himself. The amount was first paid by the Beauharnois Corporation through error, the senator said.

Prof. W. T. Macoun, Dominion horticulturist, in referring to the sparkling cider, now being sold throughout Canada, says in a recent circular: "From experiments conducted in Nova Scotia and Ontario this year it has been shown that a bottled sparkling cider can be made in Canada comparing very favourably with the best English cider. The market possibilities for such a product are great."

The U. S. ship Constitution, known as "Old Ironsides" is now making a round of American ports on the Atlantic seaboard in the capacity of an

exhibit. At Portland, Maine, a few days ago, she was visited by twelve thousand people. The old craft draws twenty three feet of water and cannot get up some rivers.

During the Easter holidays of the Parliamentary session of 1930, the then Premier, Hon. W. L. Mackenzie King, Senator Haydon, Liberal organizer and Senator McDougald dodged off for a brief holiday, at Bermuda. It came out in evidence in the Beauharnois enquiry at Ottawa yesterday that Senator McDougald had paid the hotel bill of the party and it had been charged up to the Beauharnois Corporation. The amount of the bill \$852.32, was since refunded to the Company by the Senator. As the party only remained a few days in Bermuda the average man will naturally conclude that the hotels there know how to charge.

Rockaway police have decided that women shall be permitted to wear one piece bathing suits without stockings on the beach this summer "if they like." Considering the face that they'd do "it anyway if they liked, that strikes us as the last word in intelligent compromise on the part of the police.

One disadvantage that comes of more extensive observation of weather conditions, and prompt transmission of information, is that we know so long beforehand that something disagreeable is coming.

"A considerate brother," observes the Baltimore Evening Sun, "is one who smokes only the kind of cigarettes mother and sister like." That, we take it, isn't always consideration. Brother may be a cigarette cadger.

YOUNG FASCISTS TAUGHT USE OF PLANE GLIDERS

being taught to handle motorless air-plane gliders in preparation of later and more thorough training in practical aviation.

The first school in gliding has been established at Pavullo, where 50 members of the Avanguardisti (the advanced branch of the young Fascist party) are being instructed. Pilot's licenses will be granted to those finishing the course.

Additional schools soon will be established in other centers. In some cities the young Fascists are being taught to construct model planes and the fundamental principles of flying.

Colds A New Brunswick Lady Has Made a Discovery

Rothsay, N. B., Jan. 21—For the benefit of many mothers who don't know just what to do when sudden illness overtakes the children, Mrs. H. L. Carpenter gives good advice: "For the last three years," she states, "I have used Nerviline and find it a wonderful medicine. In our home we have used Nerviline for neuralgia, colds, chills and cramps. In each case Nerviline has given wonderful relief. For my children I employ Nerviline for chills, colds and pain in the stomach. I live in the country, and find Nerviline a necessity to assist in overcoming the many small ills that constantly arise in the family."—Mrs. H. L. Carpenter.
