Canadiens Block Falcons 4 to 0

Return to Form of Les Canadiens Over the Week—End—Amazig Game—Morenz the Star—Leafs Beat Maroons, 4 to 0—Americans Win Over Black Hawks.

Montreal, Quebec, Dec. 6—The return to form of the world's champions Canadiens, after a losing streak on the road, was marked by the defeat of the Detroit Falcons 4-0, in an exciting National Hockey League game here Saturday night. Les Canadiens skated the Falcons off their feet in the first period and ran in three goals without a determined Detroit onslaught in the middle period and then added a fourth goal near the end of the game.

Nevertheless the Falcons were not as badly beaten as the score would indicate. They owe a large measure of their reserve to the brilliancy of George Hainsworth, Canadiens' goalie, who effected his second shutout of the season.

Morenz Capitalizes

It was a fruitful night for Howie Morenz, leading scorer of the league last season. Howie added a brace of goals and an assist to boost his average. Joliat and Wanle accounted for the other two goals.

Toronto Won

Toronto, Ont., Dec. 6—Flashing a speedy attack, the Toronto Maple Leafs blanked the Montreal Maroons 4 to 0 in a hard bumping National Hockey League game on Saturday

night. Penalties to the Maroons kept their offensive in check for most of the first two periods through only one Toronto goal came when the Maroons were short-handed.

Toronto took a two goal lead in the first period and added one goal each in the other two. Blair opened the scoring after Levinsky had taken the puck down into a corner and Cotton snared it long enough to pass out to Blair who worked around Wilcox and slammed a backhand past Norm Smith. Jackson added the second goal on a solo play, splitting the defence cleanly and drawing the goalie.

Two Clever Play Turn Trick

New York, N. Y., Dec. 6—Two brilliantly executed plays in a generally dull hockey game gave the New York Americans a 2 to 0 victory over the Chicago Black Hawks tonight. The victory put the Americans back at the top of the Canadian Division of the National Hockey League.

Early in the second period, Rabbit McVeigh scored the opening goal on a three-man passing play. Normie Himes got the puck near the blue line and shot it forward to Joe Lamb, who passed across the goal mouth to McVeigh.

ARROWS GET ROBERTS

Philadelphia, Pa., Dec. 6—Officials of the Philadelphia Arrows hockey team in the Canadian-American League said yesterday they would obtain Maury Roberts as goal tender if Mickey Murray injured the other night in the game Springfield, Mass., was unable to return to his post. Murray was goal tender for the Philadelphia team for two years. He has been alternate for the New York Americans, National League team, this season.

TEE SOLUTION FOR KICKOFF IN FOOTBALL

New York, N. Y., Dec. 6—Tom Thorp, football official said today he and other eastern coaches and officials had decided, informally, to recommend a change in the present kick-off as a means of reducing the number of injuries and deaths attached to the game.

Instead of the present method, whereby the ball is held by another player at the kick-off, Thorp said he and his associates favor a return to the old system of putting the ball on a high mound. Added height and distance is obtained by the latter method.

"When the kicker uses a mound, he gets a high, floating ball that enables his players to get down the field almost with it," Thorp explained. "The receiving team doesn't have time to form a flying wedge in front of the ball carrier and there is much less danger of injury. Many times the ball will carry over the goal line on the fly."

"We'll either have to do that or abolish the kick-offs entirely. It seems a shame to do that, because it's about the most spectacular part of a game."

COLLEGE HEADS DEFENDS COLLEGE FOOTBALL

Chicago, Ill., Dec. 6—A sweeping rebuttal to the charges that inter-collegiate football is becoming mercenary that undergraduate players are being subsidized and that the gridiron sport detracts from the educational value of campus life was made yesterday by Walter Dill Scott, President of Northwestern University in an address before the Chicago Association of Commerce.

Tearing aside one complaint against football after another as set forth by opponents to the game, Dr. Scott, in presiding statistics, showed that members of the Northwestern eleven that tied this year for the Big Ten title rank as high collectively as any other student group on the campus.

Taking up the complaint that football is too hazardous for college youths, Dr. Scott said:

"For 40 years I have been a faculty member of the Western Conference. In all that time there has not been a single fatality or an accident involving serious injury to any of the thousands of young men who have played on the Big Tens teams."

"As for athletics hurting scholastic endeavor," he continued, "many of the most outstanding figures on our Northwestern faculty were college players of stellar rank in earlier life. Instead of being hurt completor these professors gained in their sport a more practical understanding of the human equation."

RED SOX TRADE MILT GASTON TO CHICAGO

West Baden, Indiana, Dec. 6—A trade between the Chicago White Sox and the Boston Red Sox whereby Pitcher Bob Weiland of the Chicago club goes to Boston in exchange for Pitcher Milt Gaston, was announced by officials of the two clubs here tonight.

Milton Gaston has pitched three seasons for the Boston Red Sox, coming to the club from Washington in the deal for Buddy Myer. He won one and lost 12 in 1931.

Weiland is one of the promising young hurlers of the Chicago club. He is a left-hander. He won two and lost seven during the past season.

BUY NEWARK CLUB

West Baden, Dec. 6—The New York Yankees yesterday formally stepped into the minor league farm system by completing the purchase of the Newark club of the International Circuit. Col. Jacobs Ruppert immediately announced his organization with himself as president, Wilbur Crelin as secretary and Al Mameaux as manager.

The colonel said there never had been any doubt about the reappointment of Mamux, former big league pitcher, as the Newark manager. Newark finished in second place last year.

Col Ruppert declined the name the price for the club. The most persistent report was that something around \$600,000 was the final consideration.

"Our sole interest," Ruppert continued, "is to develop players and to give Newark the best team possible. Several players will be sent to Newark which will have access to any talent available on our major league club. Under no circumstances will the Yankees take players from Newark if those players are needed by Newark in a drive for a pennant. I wouldn't strip Newark of a player if it needed him even if it meant we had to lose the American League pennant."

RUTH AT NEWBURN

Newburn, N. C., Dec. 5—Babe Ruth, New York Yankee slugger, arrived at his hunting grounds near here today for a week of duck shooting.

WEST STREET SALESMAN IS A REAL GO-GETTER

(New York Sun)

The New York waterfront vender of useful and useless merchandise has wiles of his own that would fair. Witness the appeal to pride in his customers made by the astute West street salesman of caps. An admiring throng of stevedores was gathered around the open suitcase in which there was exposed a splendid array of the latest gangster-type headpieces. One potential customer, more venturesome than the rest, picked up a cap and tentatively placed it on his head.

"How's it look, Joe?" he inquired of a bystander.

Before Joe even had a chance to reply and without once interrupting his rapid-fire sales talk on the price of the caps, the vender whipped from the suitcase a small mirror in which the customer could see for himself. Apparently the mirror turned the trick, for this sale was rapidly completed and the crowd swarmed down on the suitcase.

Solomon may have been a success in his day but a western judge has undertaken the difficult problem of making a satisfactory readjustment as between reduced income and all money.

TURNING THE DIAL

By Harry Garvie

Pitcher Irvin Hadley, who hunted in the New Brunswick woods this fall with a friend, has been traded from the Washington Senators to the Chicago White Sox. Hadley goes with Sam Jones and second baseman Minter Hayes in a deal which sent outfielder Carl Neynolds and infielder Johnny Kerr to the Capital. Hadley's trade will be learned with interest here, as he was well liked and was a mainstay of the Senators' hurling staff.

Comment on the Hadley trade in the Chicago press has it: "Hadley, a veteran right-hander, was sought by the Chicago club to bolster its inexperienced infield. Hadley last season finished more games than any other American League pitcher. 'Bump' Hadley is a resident of Lynn, Mass. and formerly pitched for Brown University. His friends here will learn with no little regret of the change, as it will probably curtail his yearly visits

to this province in search of big game. He will probably remove to Chicago.

Facts about the New Moncton Stadium:—completed in 30 working days; 3,300 seats; modern and completely up-to-date in every respects; still wet on the interior. The new rink is a great tribute to the sporting fraternity of that city as reiterated in this column once before.

Since facts must be faced, despite their usual onerousness, the local defense this winter looks to have a fortunate bolster in Bud Steen, brilliant home brew.

The Caps' squad have played three tied games, and have captured one contest, while not yet sustaining a loss—not so bad a record for an early season club. The locals' big test comes next week, when they face the Truro Bearcats and the Halifax Wolverines.

TALK OF SCHMELING - WALKER BATTLE IN FLORIDA WARMS UP

New York, N. Y., Dec. 6—Dickering for a heavyweight title match between Max Schmeling and Mickey Walker came out into the open today, as Joe Jacobs, manager of the heavyweight title-holder, delivered an ultimatum of Madison square Garden, and William F. Carey, head of that organization, indicated Miami, Fla., would get the match.

Jacobs warned Carey he had cabled Schmeling not to sail tomorrow from Germany and had set back until January an exhibition tour scheduled to start the middle of this month. The tour had been designed to carry Schmeling across the country and land him in California in time for a few weeks of training if the match with Walker was arranged for Feb. 22 in Los Angeles.

Likely Site

Indications that the bout would take place in Florida, despite the fact that, in reply to a query, the Garden Square Garden here, or take it to yesterday received word from Boxing Commissioner William MacReynolds in Miami, that "national and international championship matches" were barred in that State, came in a statement issued today by Carey.

"It is true," the statement said, "that the boxing laws of Florida provide that no championship contest for a national or an international

title can take place in that State.

"However, this is something along the line of the blue laws of Connecticut, which have never been enforced in Florida, so far as I know, never has enforced this boxing law.

"It is extremely doubtful whether a match which would involve Schmeling and be of international importance would be prohibited. It is the opinion of Madison Square Garden that Florida would welcome this contest."

Offers Three Plans

Jacobs, in announcing he had asked Schmeling not to sail for New York tomorrow, because details of his next match had not been worked out, also declared he had warned the Garden one of three propositions must be accepted in the near future, or he would accept another offer for a match in Los Angeles.

Either Carey can promote the match in California for Madison Square Garden here, or take it to Florida. Besides, Carey has been outspoken in his objections to California as a site for the bout, and the New York State Athletic Commission has ruled Schmeling must meet Sharkey before he can tackle Walker or any one else, in this State.

Jacobs said he preferred to have Schmeling fight for the Garden, if it were possible.

A Friend to Women

IF Lydia E. Pinkham were alive today she would be one hundred and nine years old. Her descendants continue to manufacture her famous Vegetable Compound and the integrity of four generations is behind the product. In many families today, mothers are teaching their thirteen year old daughters to depend upon the same medicine their grandmothers praised back in 1870.
