"With malice towards none, with charity for all, with firmness in the right as God gives us to see the right, let us finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle, and for his widow and his orphans, to do all which which may achieve and cherish a just and a lasting peace among ourselves and with all nations."—Abraham Lincoln.

FOREST PROTECTION.

According to press reports, Sweden proposes to cut off the export of chemical pulp to Great Britain. Naturally, all eyes are immediately turned to Canada to supply the threatened deficiency.

The Commission of Conservation has just issued a report on "Forest Protection in Canada, 1913-14," which is of particular interest in this connection. It contains much information respecting the work of the provincial forest services and of the Federal departments intrusted with the care of our forests.

Forest fire protection is assuming a large place in public attention. It is obvious that if Canada is to continue as a wood producing country she must conserve her resources of this natural product. The report treats exhaustively of the fire protection of forest lands along railway rights of way.

Through co-operative action great headway has been made in securing the reduction of forest losses through fires traceable to railway causes.

The forests of British Columbia and on Dominion lands in the West have been dealt with in reports containing the results of special studies conducted by Dr. C. D. Howe and Mr. J. H. White. The Trent watershed in Ontario has also received especial attention in a report of an investigation by Dr. C. D. Howe in the townships of Burleigh and Methuen. This district is important in that while of very little value as an agricultural area, it is being repeatedly overrun by forest fires and the little remaining merchantable timber destroyed. It is suggested that the area be placed under the control of the Dominion Forestry Branch for protection from fires and for reforestation.

The Toronto Globe: "There are still men of German birth in places of responsibility at Ottawa, and the fact that they seem to be good Canadians ought not to be regarded as conclusive evidence that they are. The Globe has no desire to fan the flames of race hatred, but it does feel called upon to insist that no one of doubtful loyalty shall remain in a position where the temptation of Bernstorff's gold may prove too great for him. The tragedy at Ottawa brings home to the Canadian people in a way perhaps nothing else could, the solemn truth that the Dominion is at war and that only unceasing vigilance will enable us to guard against the cowardly enemy within the gates whose weapons are the torch and the bomb."

St. John Times: Sir Sam Hughes has declared that the Canadian army is no place for snobs. A story is told to the effect that a very youthful officer in a New Brunswick town took his batman to the rink to lace his boots. Sir Sam Hughes only discussed the vexed question of saluting, but there are many other ways of showing snobbishness. Let us hope the General's emphatic utterance

will not be lost upon the snobs, of whom there are usually several in a battalion.

Hon. Geo. P. Graham, who was in the House of Commons when fire broke out, when asked whether he thought the fire was the work of an enemy, replied: "Well, it may have been accidental, but it strikes me that newspapers and lumber could never produce the volume and density of smoke that roared through the corridors a few seconds after the fire was discovered."

Attorney General Baxter got a vote of thanks from the N. B. Barristers this week "for the interest he has taken in preparing and having enacted prudent legislation in the interests of the province." Shades of the notorious Foreshores Bill, what will they give us next?

Mr. P. E. Blanchet, chartered accountant, who succeeded Mr. W. Dunlop, of Ottawa, as a commissioner to settle Valley Railway claims, has resigned his position. No explanation as to why he threw up this lucrative position after a few weeks of service is forthcoming as yet. Probably more will be heard about the matter when the House meets.

While the Calgary Eye-Opener, a somewhat notorious sheet, was paid \$100 by the Federal Government last year for advertising, the Grain Growers' Guide, the organ of thirty-five thousand western farmers, was paid but \$15.

Halibut Fisherman Are Complaining

(Canadian Press) Washington, Feb. 11.—Alaskan halibut fishermen have appealed to the state and commerce departments for aid in saving their industry from destruction by Canadian competition. Extension of the Grand Trunk Railway to Prince Rupert has shifted the centre of the industry from Ketchikan, Alaska, to the Canadian terminus. Secretary of Commerce Redfield declined to suggest legislation putting a tariff on halibut imported into the United States from Canada. The state department was asked to open diplomatic negotiations with the Canadian government seeking relief for the Alaskan fisheries.

Sir Wilfrid Lost Valuable Records

(Canadian Press.) Ottawa, Ont., Feb. 11.—Among the important losses in the parliament buildings fire was that of the correspondence and private and public documents of Sir Wilfrid Laurier. His office in the west wing was swept and scarcely any of his papers, accumulated during the past four years as leader of the opposition, have been salvaged.

Two Men Hit By Train At Amherst

(Canadian Press.) Amherst, N.S., Feb. 11.—Train No. 199, going west, struck two men as it was coming into Amherst at 12.40 p.m. Dave Cormier of the Canada Car and Foundry Company, was fatally hurt and is expected to die, and Dave Munford of the Amherst Boot & Shoe Company, had his skull fractured. The men were walking the track at the water tank in the east part of the town.

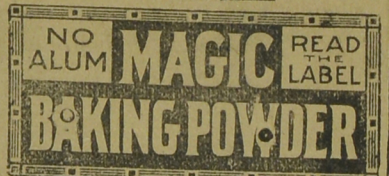

CHEF WANTED LAW.

The chef of a local hotel applied to Sitting Magistrate J. W. McCreedy this morning for legal advice concerning a dispute between himself and the proprietor of the hotel. He was told he would have to see a lawyer before the court could take action.

TROUBLE AT AMHERST.

Persistent rumors have been current in Fredericton and elsewhere for some time past that an officer of the Detention Force in charge of enemy prisoners at Amherst, N.S., is under arrest on the charge of having aided in the escape of a number of prisoners a few weeks ago. Many stories are in circulation concerning this matter but there is no confirmation of them.

Mr. C. W. Insole of Oneida, N.Y., is registered at the Queen.

WANTED TO FIGHT FOR FATHERLAND

German Turned up at Windsor Ont., To Enlist and Was Promptly Taken Care of.

(Canadian Press.) Windsor, Ont., Feb. 11.—Speaking broken English and with an undoubted Teutonic accent, a man giving his name as Hans Schmidt and his home as Toledo, Ohio, landed in Windsor yesterday with the avowed intention of allying himself with the forces of the Kaiser, which he hears were being mobilized here. Schmidt confided to the government officials at the ferry dock that he was looking for the German recruiting office and seemed much surprised when he was turned over to the military guard and hustled off to the armories to be held until he can be transferred to an interior city, where he will be interned until the end of the war. Schmidt informed the authorities that he "loved the Kaiser" and he supposed the recruiting posters were to aid the Fatherland. He said he had no idea he was in Canada.

BATTERY TEAM WON AGAIN IN LOCAL LEAGUE

Fredericton Hockey League Standing.			
	Won.	Lost.	P.C.
36th Battery	5	0	1.000
Gibson	2	3	.400
U. N. B.	2	3	.400
104th Battalion	1	4	.200

The 36th Field Battery's hockey team with a crowd of Cape Breton people watching the game, shut out Gibson last night in the Fredericton City Hockey League. The score was 10 to 0. Gibson had been strengthened for the occasion, some of the regular players not being able to play. "Tiny" Burgess of the U.N.B. team, was on at centre and "Bingo" Harrison of the 104th Battalion team, was in the forward line. The changes did not appear to help Gibson out very much and the Battery team had the game well in hand at all times.

Flowers was very much off color and did not do as well in the net as he has in other games. One of the Battery's goals he scored himself, kicking the puck into the net.

As a result of the game Gibson and U.N.B. are tied for second position in the league.

The teams were as follows:	
36th Battery	Gibson
Teed	Goal
McSweeney	Point
Watson	Coverpoint
Patterson	Centre
Demont	Left wing
Whitlock	Right wing
Burgey	Substitutes
Referee	D. L. Dolan.

American Soldier To Be Courtmarshalled

(Canadian Press.) Windsor, Ont., Feb. 11.—Sergeant John Mott of the American Legion, being recruited here, who is alleged to have absconded with battalion funds, which it is charged he spent on women, was arrested yesterday afternoon in Detroit and turned over to the local authorities. He was taken to Toronto for trial by court martial.

It is also charged that Sergeant Mott has been instrumental in inducing other members of the Legion to desert and that he aided in them procuring civilian clothing so that they might cross into the United States without interference.

J. Pierpont Morgan Arrives in London

(Canadian Press.) London, Feb. 11.—J. Pierpont Morgan arrived in London this morning by special train from Falmouth, where last evening he landed from the Holland-American Line steamship Rotter dam, on which he had come from New York. He was met at the station here by Lord Curcliffe, governor of the Bank of England.
