Vatican and Fascist Governments are Now In Complete Accord

Official Announcement Follows Weeks of Negotiations During Which Their Relations Appeared to be Strained—Catholic Clubs Are Reopened—Terms of Agreement.

VATICAN CITY, Sept. 2—Official announcement of an accord between the Vatican and the Fascist Government on reopening of Catholic clubs was made today.

The accord followed weeks of negotiations during which Italo-Vatican relations often appeared strained. The Fascist government objected to the Catholic clubs on the grounds that they were political.

It was presumed that the clubs in Rome and the Knights of Columbus playgrounds here would be reopened immediately.

Fascist communique announced that agreement had been reached on the following points:

The Catholic Action Society, which was closed last spring on charges of anti-Fascist activity, will be under diocesan supervision.

The organization will be exclusively religious. It will abstain from athletic activity.

FARNELL MAY PROLONG STAY AT THE PEN

Dorchester, N. B., Sept. 1—One of the four true bills returned by the grand jury at the opening of the September sitting of the Westmorland County Court here this afternoon was against Parker Farnell, 22, of Trenton, Nova Scotia, on a charge of escaping prison.

Farnell escaped from the penitentiary here on July 8, while at work with other convicts on the prison farm, and reached neighboring woods safely in spite of volleys of shots from guns of guards on duty. He was recaptured after an intensive search, about two weeks later at Baie Verte by Provincial Policeman Boby and was returned to the institution.

Farnell, whose case is the third in order on the criminal docket, may not be brought before the court further until the closing day, for his plea and sentence.

Judge A. W. Bennett, of Sackville, is presiding. H. Murray Lambert, of Moncton, is court clerk, and Mrs. Florence Salmon, of Moncton, stenographer.

A Room Silencer Is Now Ready For Commercial Use

Invention of Hiram Percy Maxim Will Eliminate Offensive Street Noises Such as Auto Horns—Has Been Perfected—The Culmination of His Life's Work.

NEW YORK CITY, Sept. 2—Hiram Percy Maxim's new room silencer, a box-like device which muffles offensive city noises such as riveting machines and auto horns, is now ready for commercial use. The 62-year-old inventor who spent a sleepless night in a noisy hotel room twelve years ago and decided to devote his genius to the problem, referred to the device as "the culmination of my life work."

He demonstrated a model here. It consists of a metal box about 12 inches high and 10 inches deep which muffles sound, ventilates the room and filters the air. The device costs about \$85 and is run by electricity.

Five city hospitals expect to install the room silencers within a week.

GYROS HAVING GOOD TIME AT SAINT JOHN

St. John, N. B., September 2—Bursting through large gilded boxes at either end of the head table, Alden R. Clark and Mrs. G. Sherman Dearborn extended a novel welcome to 200 happy guests, thus officially opening the annual District Six Gyro Convention in the Admiral Beatty Hotel last evening—the Fundy Frolic.

From beginning to end the informal dinner dance was a jolly get-together, exemplifying friendship, the essential foundation stone of the organization. Speeches of welcome were given and responded to in a light-hearted vein, and the whole affair augured well for the remaining two days of the Fundy Frolic.

Festive Appearance

The Georgian ballroom presented a festive appearance for the occasion, the Gyro colors, purple and gold, being everywhere in evidence. Large central lights were festooned with streamers while each small sidelight bore a word of the motto: "Gyro means friendship, power, poise and purpose." Purple and gold streamers draped the pillars while each table was centred with a vase of garden flowers in the predominating colors.

Roses were used for table decorations and colorful cards marked the places of special guests.

Dinner commenced at 6.30 P. M. The 1931 convention song, composed by H. S. Dixon, was introduced by a quartet—Mr. Dixon, Paul B. Cross, Frank Nicholson and H. E. McLean. During dinner music by Gyro Bruce Holder's orchestra, songs by the gathering, led by Mr. Cross, and violin solos by Mr. Holder were enjoyed.

Welcome Extended

Mr. Ryan, president of the local club, in extending a welcome, traced the history of District Six conventions and asked the co-operation of all in "putting this convention over 100 per cent."

Commissioner McInerney extended a civic welcome. He pointed to the progress of the city, its generosity and its hospitality and endeavored to dispel any misconceptions of selfishness which might have been aroused by the furore over the head tax on non resident workmen.
