Big Fortunes Were United by Marriage In London G. B. Today

Anthony J. Drexel Biddle, of Philadelphia, and Mrs. Margaret Schultz, Both Socially Prominent in the United States, Quietly Married—Bridegroom Was Divorced Last March.

LONDON, Eng., June 12—Two of America's greatest fortunes were united today when Anthony J. Drexel Biddle, of Philadelphia, was married to Mrs. Margaret Schultz, only daughter of William Boyce Thompson, the copper magnate.

The ceremony was conducted quietly at the Prince's Row register office shortly after 11 a.m.

Biddle is the son of Mr. and Mrs. A. J. Drexel Biddle, one of the most socially prominent families in America. His first wife was Miss Mary L. Duke, heiress of the Duke tobacco fortune. They were divorced last March.

Mrs. Schultz is one of the wealthiest women in the United States. She shared equally with her mother, the former Gertrude Hickman, of Helena, Montana, in the \$100,000,000 estate of Colonel Thompson.

THE MONCTON PROBE BEING CONTINUED

Has Been No Actual Misappropriation Of Funds, Says Commissioner.

Moncton, N. B., June 11—"Until the Workmen's Compensation Board request a refund, I cannot see that there has been any actual misappropriation of monies."

That was the opinion expressed by Commissioner R. P. Hartley at today's session of the probe he is conducting into affairs at the Moncton Children's Home, when evidence was submitted bearing on the charge preferred by the Loyal Orange Lodge of Moncton that the Home had accepted an over-payment of \$1,201.24 from the Workmen's Compensation Board for the maintenance of children, who, prior to the receipt of the money, had been placed in outside homes.

Three witnesses testified at the hearing this afternoon while the others gave evidence this morning and the inquiry was then adjourned until tomorrow morning when counsel for the Orange Lodge will probably conclude his case and the rebuttal evidence will be commenced.

Today's proceedings were attended by a large number of citizens who filled the City Council and Court chambers to capacity. It is probable that tomorrow's session will be held in the City Building auditorium.

Edward McCarthy was called at both morning and afternoon sessions by H. M. Lambert, but he was not in attendance. Mr. Lambert said that witness, who lived at Nappan, N. S., had been served with a subpoena to appear.

THE PREMIER ASKS EMERGENCY RATE ON PULP

Wants a Reduction of Two Cents Per Hundred Pounds on Transcontinental Railway to Edmundston.

Premier C. D. Richards has made application to officials of the Canadian National Railways for an emergency freight rate on pulpwood on the transcontinental line between Alward, a few miles west of Moncton, and Edmundston, it was learned here yesterday.

The premier stated that he had written to Sir Henry Thornton, president of the C. N. R., in support of the application, pointing out the advantage it would be in assisting pulpwood operators to carry on, and in providing more employment in that area. He had also taken the matter up with J. D. Palmer, of Fredericton member of the C. N. R. directorate.

The establishment of the rate sought, Premier Richards said, would facilitate the shipment of pulp to the Fraser Companies, Ltd., mill at Edmundston. He had been approached by several operators in that district regarding the matter.

Want 2 Cent Cut

The present rate on pulpwood carried over the line in question is 7½ cents per hundred weight. The emergency rate asked for is 5½ cents. The railway system will be requested to put it into effect for a period extending over the latter part of this year and the early part of next. At present the United States market for pulpwood is practically closed and as Fraser's provide an opportunity for some activity in this branch of lumbering every effort will be made by Premier Richards to obtain the lower rate.

PROGRESSIVE AMENDMENT TO THE BUDGET

Ottawa, June 11—Suspension of the redemption of Dominion notes in gold was advocated as an emergency measure, in a sub-amendment to the budget, moved in the House of Commons today.

Moved by H. E. Spencer, of Battle River, the sub-amendment crystallized the views of U. F. A. and Progressive members of the "Ginger Group" corner of the Chamber. Miss Agnes MacPhair, of Southeast Grey, was the seconder.

The amendment, coupled with a suggestion by A. W. Neill, Independent, Camox-Alberni, that members of the Opposition and the Independent groups combine with private members on the Government side to continue debate until the Government announces its policy on unemployment, furnished the high lights of a rather uneventful day. Mr. Neill demanded that the Government bring down a measure of unemployment relief before it was too late for discussion.

The House now has before it the Government motion on which Rt. Hon. R. B. Bennett made his budget speech. The Liberal amendment and the U. F. A. sub-amendment. There can be no further amendments to the budget.
