## FRANCE PUTS OUT NEW STAMP ISSUE

Paris, Nov. 7—Philatelists are interested in a new French postage stamp that has just been issued in Paris, employing the Arc de Triomphe, as the base of its design. Astrologists are objecting to the formation of the stamp, due to the fact that the setting sun is placed just beneath the arc of the arch, with its rays emblazoning the sky above. Canada's adverse trade balance with the United States for the first nine months of 1930 was \$201,000,000 and for the first nine months of 1931 had decreased to \$111,000,000. For the third quarter of 1930 it stood at \$66,000,000 and for the third quarter of 1931 only \$16,000,000. Last month for the first time in many years the balance was favorable to Canada.

## P. E. I. NATIVE GIVEN A LIFE TERM IN PRISON

Montreal, November 6—Three men were sentenced to life imprisonment, two others to 15 years each in the penitentiary, and a sixth man to the eight months he had already spent in jail, when Chief Justice Green-shields and Mr. Justice Wilson passed sentence this morning in cases heard at the September term of the Court of King's Bench.

The sentences were meted out as follows:

Jack Edgett, manslaughter, life imprisonment.

Leo Prescott, armed robbery, with intent to kill, life imprisonment.

Alfred Matheson, armed robbery, with intent to kill, life imprisonment.

Robert Gage, armed robberies, two sentences of 15 years each to run concurrently.

Arthur Armstrong, armed robbery, 15 years in the penitentiary.

Peter Mazeppa, seditious utterances, eight months in jail.

In sentencing Jack Edgett, 18, from Prince Edward Island, to life imprisonment on a charge of manslaughter, Mr. Justice Wilson declared that he did not wish to make comment on the verdict returned by the jury but that the prisoner was very fortunate. The evidence would have justified a verdict of murder and that of manslaughter was only brought in because it had been proven that the prisoner was drunk at the time of the hold-up at the restaurant on Amherst street, when Marcel Dupre, the restaurateur, received the bullet that resulted in his death.

There was a volley from two machine guns and one or two shot guns and Rivett and Tear fell dead. John Pellitier, 40, who was standing at the bar, is expected to die of several wounds in the head and neck.

Three weeks ago, Rivett beat Joe Evola to the draw in what police said was a quarrel over Rivett's refusal to sell Evola's beer in his saloon. A coroner's jury found yesterday that Rivett had shot in self defense.

Steve Messer, bartender in Tear's saloon, who escaped by dropping behind the bar, said either three or four men comprised tonight's reprisal squad.
