

LARGEST MOOSE THOUGHT TAKEN BY M'ADAM MAN

F. A. McDowell Got One With 56-Inch Spread of Antlers in Closing Days of Past Hunting Season.

And still there come stories of large moose taken in the New Brunswick woods—this time it is an animal with an antler spread of 56 inches, shot by Fred A. MacDowell, of McAdam Junction.

The antlers, make a very fine specimen. They are perfectly proportioned and solidly panned. Each head is 30 1-2 in length, and 11 1-2 inches in width with 11 points apiece.

Information on them has been verified through receipt of a return card at the office of the chief game warden, H. H. Ritchie here today. So far as is known this is the largest antler spread to be taken by a resident hunter in New Brunswick during the season just closed.

During the last few days, there have been several reports of extra sized heads being taken during the closing days of the season, but the above would be the largest of any.

EXODUS OF CHRISTMAS TREES BIGGER THIS YEAR

Buyers to Leave Shortly, After a Successful Season—Shipments Have Been Larger—Over 200 Carloads Shipped.

New Brunswick's Christmas tree exodus, this year which is in its final stages, looks to be as successful as ever, in point of shipments and quality. The demand from the United States cities has been good, despite earlier reports to the contrary.

An excess of shipments is even predicted for the end of the present season. Local shippers who have been at work here for the past two months are doing their final work, and are preparing for the jaunt homeward after what they designate as a "very successful year."

A total of 200 carloads more of trees will have been shipped from this province when the season is brought to a close within a week or ten days.

Loading here is concluded with the exception of rush orders now going through for the large centers of industry across the border. Out of a total of 1,800 loads which the eastern states absorb during this season, 500 are contributed by Quebec and about 150 by Nova Scotia. It is understood that for the last two or three weeks buyers have been busy in the northern sections of the province.

Buyers, B. F. Mervine, and wife of Stroudsburg, Pa., and Donald F. Nickson, of Easton, Pa. will leave shortly for their homes across the border. Other buyers also will leave shortly for their homes.

Premier Richards returned today from a business trip to Ottawa. Naturally he is very much pleased over the action of the Federal Government in granting substantial aid for the construction of hydro transmission lines in this vicinity. The Premier says that there will likely be a meeting of the Government next week.

INSPECTION OF MILITIA UNITS HERE TONIGHT

Brig.-Gen. Parsons Will Conduct the Annual Inspection of 7th Machine Gunners and the N. B. Dragoons.

The annual inspection of the 7th Machine Gunners and the New Brunswick Dragoons will be held here tonight, conducted by Brig.-Gen. Parsons of Saint John. The inspection will take the usual form of militia drill and parade.

The inspection marks the end of the twelve-day training period, which was begun the first four days in June, the latter eight days of the period being this month. The first four days in June were spent in camp.

Presentation of prizes, awards for inspection merit, etc., will be made following the inspection. Brigadier-General Parsons arrived today for the event.

Deaths This Morning
Elizabeth Alice Gallimore, aged 57, passed away at her home in Marysville yesterday afternoon, following a lingering illness. She had resided in that place for the past forty years, and was well known and respected by all. Her death is a loss to the community, and her passing will be generally regretted. Surviving is one brother, George, of Rochdale, England, a brother-in-law, William Harris, and four nephews and four nieces. The funeral will take place Sunday afternoon, with service at the late home at 2:15 o'clock and at the Church of England at 2:30 o'clock, conducted by Rev. C. Leroi Mooers. Interment will be made in the Methodist cemetery.

No Change Today
There wasn't much change today in the condition of Sheriff J. B. Hawthorne, who is ill at his home in Brunswick street. He spent a restless night, and today his condition was considered unchanged.
