The Children's Coughs Worry The Mother

Mrs. C. W. Harper, Silver Water, Ont., writes:—"I was very much worried over the nasty cough my two children had, and I had tried several remedies to no effect."

One day my husband was in the drug store and overheard a lady and the druggist discussing remedies, and she seemed very thankful to Dr. Wood's Norway Pine Syrup for relieving her children, so he came home with a bottle and in two days both the children were well."

Price 35c. a bottle; large family size 65c.; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Empress of Britain

AN INDIANA CONGRESSMAN INTRODUCES RESOLUTION ON THE EXODUS OF FACTORIES

Washington, D. C., Dec. 10.—The exodus of factories from the United States to Canada was the subject of a resolution introduced into Congress by Harry Representative Harry C. Canfield, Democrat, Indiana. Mr. Canfield called for a commission to investigate.

"Mr. Canfield," asked the Canadian Press, "is it not the purpose of this Commission to demonstrate to the country that the reason for factory situation is the tariff?"

"I didn't say that," said Mr. Canfield, "but I think everybody knows that is the reason the factories are going away from here."

The Representative said he had observed that many factories were going to Canada and that there must be a reason. He had investigated and discovered that labor conditions in Canada were about the same as the United States. Weather conditions for manufacturing were perhaps better in the United States.

Therefore he had concluded to ask for a Congressional Commission to investigate.

More Than Doubled

"My information is," said Canfield in a statement, "that within the last two years the number of American-owned plants in Canada has more than doubled and that there are now

more than one thousand such plants north of the border."

"They are giving employment to tens of thousands of workers and have displaced just that many American workers. They are producing goods for the Canadian, South American, European and other foreign markets that were formerly produced in this country, from American raw materials and by American workers."

"Of course there is some very strong reason why American capital is making this heavy movement to Canada, as well as other countries. It can hardly be because of labor conditions and wages, because I am informed that wage levels in Canada are about the same as in this country."

Also, taxation in Canada is as heavy or heavier than in the States, so that we can only assume that it is the tariff that is driving these investments abroad.

"It is the purpose of my resolution to conduct an inquiry so that not only distinguished economists, but representatives of the plants which have moved to Canada may be examined to get at the real facts, with a view to the correction of a condition that is doing very great injury to American industry, and is causing thousands of American workers to lose their jobs at a time when we already have millions of men out of employment."

CHIEF JUSTICE IN OFFICE AS ADMINISTRATOR

(Continued from page eight)

al Waterways Commission for the state of Maine. Mr. Keegan is a son-in-law of the late Owen Sharkey, and a U. N. B. graduate of this city.

The Chief Justice assumes his duties immediately. He will probably remove to this city temporarily during the sitting of the legislature in February.

Liberal Donations

Our business people have done their part. They have donated over fifteen hundred dollars worth of their best merchandise. The proceeds are to be devoted to Community Welfare Work. Do your part and make your purchase through the Radio Auction. The goods you want, use and buy will be offered and make your dollars help this community Welfare Work. Scan the list of articles in tomorrow night's "Mail". Tune in on Station CFNB. Monday, December 14th at 7.15 p.m. When a lot you are interested in is offered by the Auctioneers, go to your phone, call, "Auction" and give your bid to the person answering. When you phone give your name and address, thenumber of the lot you are bidding on and your bid. Then listen at your Radio for your bid and the others.

Died at Stanley

The death occurred at her home in Stanley yesterday of Ellen Gertrude Malone, 25, daughter of Mr. and Mrs. Warren Malone. Deceased had been in ill health for several months. She was a graduate of St. Michael's at Chatham, and of the Provincial Normal School here, and had taught in Stanley for the past few years. She was well known and her death is regrettable. Besides her parents, one sister, Bertha, at home, and two brothers, John, at home, and Harry, at St. Francis Xavier University, survive. The funeral will take place on Saturday afternoon, with service from the late home in Stanley, and interment there.

Social Work

At a meeting of social service workers in this community a few nights ago a committee of ten was named to administer funds for which an appeal will be made in the city, all service organizations here co-operating. Mayor W. G. Clark presided at the meeting, and short addresses, included one by Dr. F. W. Patterson, president of Acadia University, a visitor to the city.

Mrs. Karle C. Bishop, who is a patient at the Victoria Public Hospital, is reported to be resting comfortably today.

BLIND FLYING EXCITES HENS, COW NERVOUS

Washington, D. C., Dec. 11.—Major Davison, commanding officer at Bolling Field, went out to practice "blind" flying with instruments a few days ago, with unexpected results.

Soon a telephone call came in from an irate land owner.

"This morning," said he, "a plane circled low over my farm several times. I know what they were doing: they were looking for a still."

"You tell everybody up there that they are just wasting their time. There isn't a drop of corn made on this place."

"What's more, I don't like this air snooping. The noise excites my hens until they won't lay and makes my cow nervous."

I. O. D. E. Dance

The I. O. D. E. put on a very enjoyable and remunerative dance last night at the Oddfellows' Hall in Carleton street, which was largely attended. The dance was for charity purposes for the Christmas season, and the proceeds will go towards this work.

Had Bad Turn

The many friends of Sherriff J. B. Hawthorne, who has been ill at his home here for over a month, will regret to say that he has taken a turn for the worse and that hope of his recovery has been abandoned. Recently he suffered a partial stroke of paralysis, which greatly lessened his chances of recovery.

STOCK MARKET IS STILL IN THE DOLDRUMS

The stock market is still in a listless mood with light trading largely of a professional nature. U. S. Steel, usually a leader, sagged this morning to 46½. C. P. R. sold at 15½, Brazilian at 10½, Nickel at 9¼ and Frasers at 1.

MINIATURE CANADIAN LOG CABINS

Almost everyone is interested in log cabins. The story of the Canadian log cabin dates back to the long ago, when Columbus and other sailors braved the terrors of the Western Ocean and discovered the great land now called North America. They may be said to have invented the log cabin. From the first little French settlements at Annapolis Royal, Quebec and Montreal and the later British and Dutch settlements throughout the continent, to the present great nations of Canada and the United States, these wonderful changes in the population of the world were made possible in the log cabin.

The Annapolis Hardwood Co., Ltd., of Annapolis Royal, N. S., has shown enterprise in manufacturing Canadian Logs, a Canadian-made top for Canadian children. Any boy or girl, with a little ingenuity, and those miniature Canadian Logs can have a wonderful time constructing all sorts of things from forts and churches, to barns and pig pens. The more logs a child has the more things can be built.

These Canadian-made toys will be appreciated by the young folks at Christmas time. The children will be delighted with them. Your local toy dealer should have them, or write direct to the Annapolis Hardwood Co., Ltd., Annapolis Royal, N. S.

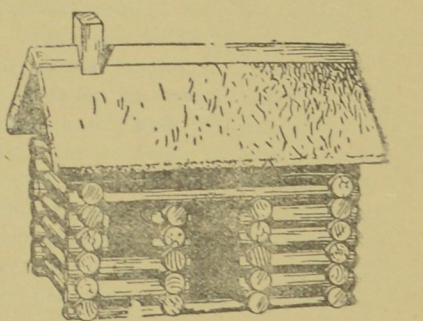

BIG PRIZE FOR SIGMA CHI SONG

Chicago, Illinois, Dec. 11.—It is going to be worth somebody's while to write a new song for Sigma Chi. Charles Ailing, lawyer and politician, bequeathed half of his \$25,000 estate to the grand council of the fraternity to be used as prizes for a new song.

Educational Talk

Tonight over Station CFNB, local listeners will be able to hear Professor W. F. Osborn, M. A., Professor of French Language and Literature, University of Manitoba, upon "Russia in the Summer 1931." This is the ninth of the series of addresses of the National Council of Education and will be heard over a coast to coast network of 25 Stations joined by lines of the Canadian Pacific Railway Telegraphs.
