SECOND HURRICANE SWEEPS ACROSS THE CARIBBEAN, WHILE THE DEATH TOLL STILL RISES

Belize, British Honduras, Sept. 14—A tropical storm of unknown intensity swept across the Caribbean and struck near Payo Obispo, Quintana Roo, Mex- ico, today while terror-stricken vic- tims of Thursday's hurricane here were fleeing Belize.

Payo Obispo, a village of about 1,700 inhabitants, is in a sparsely settled section 150 miles north of this city. (Advices from a ship east of Belize indicated to the Miami, Fla., Weather Bureau that the report of the storm passing inland was in error and that this afternoon it still was off shore and very near the coast line. However, definite information was lacking).

A graphic first-hand picture of con- ditions in the hurricane area was sketched by D. J. Masson, local Pan American field manager, as he returned from assisting in relief

Death List Mounts

His report estimated the number of dead at "well over 1,000," and said the number was mounting constantly, "with the idea and injured equal to about one out of every 10 persons in the city."

(Lieut.-Commander T. L. Morrow, U.S.N., who is now in charge of medical relief in Belize, told an Associated Press correspondent the total known dead did not exceed 500 thus far, but when more definite information is available his figure might be doub- led.)

Masson told how the three great fears are that riots will break out among the lower class natives, that a water famine will occur with "terrible consequences," and that epidemics of disease will break out.

He said there is still "great danger of difficulties among the laboring classes which would be fatal to the relief work now going ahead under critical difficulties."

Whole families, he said, are making

their perilous way up river to settle- ments in the jungle unscathed in the storm, "confident that they will be able to live on the natural edibles of the jungle, with the meagre supplies of corn flour and other articles they may be able to secure from the tiny colonies along the river banks."

He told how the Belize River is being cleared of the mass of bodies, houses, wrecked boats and debris which had choked it for three days.

"Critical problems still remain to be solved," the report said. "The food supply is running seriously short. All supplies which have been brought in by plant and on the two United States Navy ships are being carefully ration- ed out, but the coverage is very slim."

"Lack of drinking water is critical. The need is urgent for carpenters, who can build tanks to receive rain water and roof buildings where the injured are being cared for, since they now are entirely at the mercy of the elements."

Suffering Great

"The blazing sun has been beating down mercilessly, bringing additional suffering to the injured as they lie in rows on the floors of the roofless homes."

"The possibility of an epidemic is not serious, the medical directors are taking every possible precaution with the limited supply of serum which has been brought in by plane."

"Masses of sea fish imbedded in pools of liquid mud piled up by the tidal wave are decomposing and the air at times is unbearable."

Mr. Masson told how one Pan Amer- ican employe, Herbert Gill, a British subject, was found buried under "the bodies of his father, mother and 10 brothers, all drowned like rats in a trap when the tidal wave swept them in one corner of their home and bur- ied them under a wall of water."

CRITICAL GAME IN N. B. BALL TITLE TODAY

Moncton, N. B., Sept. 14—Backs to the wall after elimination on the bor- der, the C. C. J. A. baseball team heartened its supporters here today by overwhelming the St. Stephen Mo- hawks in the opening engagement of a double header and then swept on to a second great triumph to knot the provincial senior ball final series count at two games won and lost apiece.

Moncton hopes soared high as the home nine fought off its two-game dis- advantage to smear the offerings of two Mohawk hurlers for 11 hits and as many runs for a 11 to 1 win as a bracer. Continuing to force the pace in the nightcap, the C. C.'s outfought a gallant border aggregation to turn in a 5 to 3 victory and necessitate a "rubber" contest on the morrow.

The Monctonians were great today. It seemed there could be no stopping them. As a result the C. C.'s enter the fifth and deciding encounter Tues- day afternoon, believing they will re- tain the New Brunswick championship which was theirs in 1930. On the other hand, the St. Stephen man- agement feels that its players have rid themselves of their poorer brand of ball and will come through with the title.

Late John H. Lindsay

Funeral services for the late John H. Lindsay, 61, who died at his home here were held this afternoon at 2.30 p. m. from the home, 619 Campbell street, with Rev. A. F. Bates officiat- ing, assisted by Rev. Mr. Perkins, and interment was made in the Rural Cemetery extension. The late Mr. Lindsay is survived by his wife, a daughter, Miss Violet V., a brother, Andrew Lindsay of this city, and two sisters, Mrs. Florence McNeill of Port- land, Me., and Mrs. Minnie Miles of Rockland, Maine. One half-brother, Arthur Lindsay of Oromocto, and six half-sisters, Mrs. Isaac Hunter, and Mrs. George Hughes, of Oromocto, and Mrs. Spurdon DeLong, Mrs. David Rice, Mrs. John Williams and Mrs. F. L. Cooper, all of this city, also sur- vive.

DEPRESSION PREYED ON MIND OF SUICIDE

(Continued from page eight)

Kay, coroner, of this city and crimi- nal inspector of the Provincial Police M. V. Stokoe made an investigation.

Died 3 Hours

Clark is believed to have hanged himself around nine o'clock yester- day. It was estimated that he had been dead several hours when found. Woodcock, a neighbor, had seen Clark at six o'clock, at which time he had called at the Clark home to get a loaf of bread and leave a letter to be mailed.

When he returned at about 11 o'clock he found the body hanging in the barn. Some time ago, it is learn- ed, a revolver had been forcibly tak- en from Clark, to prevent him from shooting himself.

Clark is survived by his wife, with whom he was estranged, and two children, Miss Alma Clark and Ar- lington Clark both residing in this city.

WOODSTOCK FAIR WILL BE OPENED TONIGHT

Woodstock, N. B., September 14—Committees and exhibitors worked feverishly today in putting the fin- ishing touches to their preparations for the Woodstock exhibition which will open here tomorrow night and close Friday night.

The exhibition will be formerly declared open by Hon. C. D. Rich- ards, Premier of New Brunswick, at a brief ceremony in the dancing pavilion at 7.30 p.m. The remainder of the evening's program calls for band concerts, vaudeville, fireworks and dancing. Judging will start the following morning, and the three-day harness racing card will get under way the following afternoon.

GAME ACT VIOLATORS ARE SENTENCED

Ludger Albert, Fraser St. Peter, and Peter Warren, all of Currie Road, Victoria County, were yester- day convicted for violation of the New Brunswick Game Act by Magis- trate N. A. Hanson at Perth and are now serving a two months jail sen- tence in default of payment of a fine of \$100.00 each and costs.

This trio of game act violators were caught "jack lighting" about two o'clock Sunday morning in the vicinity of Lerwick, Victoria County, by Warden P. H. Ridgewell and Ranger W. R. Davidson, of Plaster Rock. The Ford car occupied by Albert, St. Peter and Warren was confiscated by the game protective officers together with a rifle and a "jack lighting" outfit.

This is the second conviction for game violations in Victoria County within the last week, although the game act violators in the other case also lost their automobile which was confiscated by the law officers.

Acting upon instructions issued by the Department of Lands and Mines the game wardens and forest rangers are engaged in an intensive campaign to reduce to a minimum violations of the game act in this province. This campaign to date is meeting with considerable success and is to be vigorously pursued throughout the entire year.

Delighted Visitors

A party composed of Mrs. A. A. Wingate and chauffeur, and Mrs. W. M. Feeley and Miss Kathleen Griffin of New London, Conn., returned home this morning after an enjoyable visit as the guests of Mr. and Mrs. J. L. Hodgson, Regent Street. It was Mrs. Wingate's first visit to Fredericton and before leaving, she stated that she had thoroughly enjoyed every min- ute of her stay. Mrs. Hodgson accom- panied the party on their return trip.

Montreal, Sept. 14—Alderman and Chairman of the Executive Council, J. Alan Bray, long a prominent figure in civic and provincial politics, today tendered his resignation as Alderman for St. Henri Ward. The resignation was brief and gave no reason.

Alderman Bray was recently named defendant in an action charging him with theft of playground property which was made at the city works and erected on the grounds of his summer home at Vaudreuil. The action is con- tinuing.

SPECIAL ANNOUNCEMENT TO THOSE

Hard of Hearing

THE NEW LONDON X MODEL NOW READY

People of Fredericton and surrounding places who suffer from Deafness will be interested to know that an expert on Hearing Aids will be here One Day this week. We invite you to call and test a new, miniature English Hearing instrument without obligation. Wonderfully constructed, with an Ear Piece so small it fits in the outer ear. Use it, and you feel that you have the most wonderful piece of mechanism yet devised for suffering mankind. Success- fully used under all conditions, in the church, theatre; over radio, telephone, etc., etc. Every instrument carries a guarantee for ten years, which puts an end to the usual repair and cleaning expenses. Truly a wonderful service, never before offered in Canada. Personal attention is paid to each case. The test and consultation is private and free. However, you can purchase this device with confidence that you are getting the best made. For the difficult and advanced stages of Deafness, specially constructed instruments can be made. This is the last word in Hearing instruments. Tell your friends who are Hard of Hearing of this opportunity.
