

RED ROSE TEA "is good tea"

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to Local or Provincial Committees, or

\$2.50 FEEDS A BELGIAN FAMILY ONE MONTH.

The girl with five personalities has just four more than necessary to perplex mere man.

What has become of that old brick that had the carpet sewed around it and was used to keep the door ajar?

"I will do whatever you want," she says, and then tells him what he wants to do.

More people would be led astray if they listened to their own talk seriously.

Every mother expects to pick a richer husband for her daughter than she did for herself.

Try to be different from your neighbor and no doubt they'll appreciate the effort.

ROTHESAY BEAT PROVINCIAL NORMAL BY ONE POINT

Carson Dropped Goal in Second Half Which Won the Game—Richard Second For Normal After Good Run by Fullerton—Game Hard-Fought and Close.

Provincial Normal and Rothesay Collegiate played the closest Rugby game of the season at the College Field yesterday afternoon. Rothesay won by a field goal to a try—4 to 3. The score about showed the respective merits of the teams, there being little difference. The 1917 Normal team is considerably above the average of P. N. S. teams, largely because players of previous experience have been available for many of the positions.

In weight Normal had an advantage which was apparent in the open play. In the scrum Rothesay's superior organization told, and the ball was usually heeled to the Blue and White backs. The Normal backs put up the better defence and kept their line from being crossed. Rothesay tried a passing game, and at this were better than the Normal backs, but the sharp tackling of the latter kept them from making any big gains.

First Half.

Rothesay kicked off and came down the field with a loud yell. They did this several times when the Normal backs were trying to catch long kicks. If the visitors thought that they would rattle their opponents they had another think coming, for the Blue and Red backs handled the ball well and returned kick for kick. The play stayed at midfield, but Normal soon forced it toward the Rothesay goal line.

About the middle of the half Fullerton got the ball from a scrum near the Rothesay "twenty-five" and went through alone. It was a fine run and he was downed with no Rothesay man between him and the goal line. Richard followed fast and took his pass, scoring between the goal-posts. The kick was an easy one, but Richard failed to convert and in this case failure meant the loss of the game. During the balance of the half Normal had the better of the argument, but there was no more scoring.

Second Half.

In the second half Rothesay seemed to be out to win, and became aggressive. The Normal defence was solid, however, and the Blue and White could not get over the line.

"BLACK FEATHER" AT OPERA HOUSE TONIGHT

Great interest attaches to the presentation at the Opera House this evening and Saturday evening of "The Black Feather," which the veteran Canadian dramatist, W. A. Tremayne, of Montreal, has written for the brilliant young actor, Albert Brown.

No actor of the day is more popular with the Canadian public than Mr. Brown, and the play was written to give him a fitting vehicle for his abilities. In the past Mr. Tremayne has shown himself exceptionally gifted in the matter of stage effect, and "The Black Feather" is said to be quite the equal of his other notable successes.

Mr. Brown's role is somewhat similar to Kit Brent, who made so many friends in "The White Feather." He plays the part of Dick Kent, the son of a noted British diplomatist, who poses as an idler, and is generally regarded as one, though in reality he is a member of the British intelligence staff.

Dick's sweetheart is a Canadian girl who has been brought up by her relative, Sir George Caxton, an official of the Foreign Office, an honest, but not very competent man. Evelyn's brother Jack, has also, through Sir George's influence, obtained a confidential post in the Foreign Office, and the plot concerns the efforts of a German Baron and an Austrian Countess, who are the secret agents of their respective governments, to prey upon Jack's weaknesses and obtain information during the month of July, 1914, when Europe was on the verge of war. In a series of incidents both humorous and exciting, Dick, who is secretly watching the moves of the spies, is able to save Jack from disgrace and win the love of his sister. Save in

The policy of dropping for goal was then adopted. There were some fierce scrums almost under the P. N. S. goal. From one of these the ball went out to Carson, who dropped the ball over and won the game. For the rest of the play Rothesay seemed to have Normal "buffaloed," and they could not get going. Play was in the Red and Blue territory when time was called.

This is the first occasion in some years that the Normal School has played an outside team. The class of Rugby by the team is playing this year would give it a position in the Interscholastic League which would not be at the bottom.

The teams were:

Normal	Full.	Rothesay
Dobson	Halves.	A. Diago
Crocker		Nase
Henderson		Brydone-Jack
Garcelon		Shortt
Richard		Scovil
	Quarters.	
P. Murray		Carson
Fullerton		Arscott
Kitchen		Coster
	Forwards.	
Pye		Pye
Byers		Plummer
McDiarmid		Mackenzie
Getchell		DeVeber
Wright		Hinton
Squires		Snowball
R. Murray		Clark
Referee—Willard Kitchen.		

PRICES TODAY AND A YEAR AGO.

(Trade Bulletin.) To show how prices of commodities today compare with those of a year ago, it may be stated that wheat in Winnipeg was quoted today at \$1.82, against \$1.00½, making the price laid down here today for grinding over \$2 per bushel. Flour sold this morning at \$9.80 per bbl. for 1st spring patents, against \$5.85 per bbl. last year; rolled oats \$3.32½ per bag, against \$2.40; corn, \$1.12, against 77c.; oats, 64c., local against 44c.; malted barley, \$1.15 against 68c.; butter, 41c. to 41½c. per lb. against 33c.; cheese 22c. to 22½c., against 16c. to 16½c.

In other commodities such as dry goods, prices have gone up 50 to 75 per cent. within the past twelve months. In leather No. 1 hemlock sole has sold at 48c. per lb. against 34c. to 35c. a year ago, and other commodities have moved up in proportion. And in all quarters it is admitted that business is in a more active and healthy condition than at this time last year, which bears out the old trade adage, that business is always better in times of high prices than when they are low.

25 CENTS CURES YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This.

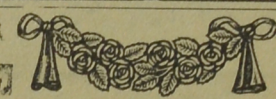

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy, and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

The similarity of the two main characters, the plot bears no resemblance to that of "The White Feather."

Modish Millinery
